New Terms for the New Year!

In order to promote the circulation of the "Harold," and place it within the reach of all, it will be hereafter furnished to those who pay cash in advance of the reduced price of ONE DOLLAR AND FIFTY CENTS A YEAR. Those who do not pay in advance will be charged the former rate—Two Dollars a year. From these terms there will be no deviation in any case, so those who promptly forward their subscriptions in advance, will gladly furnish the paper at \$1.50—those who neglect this must expect to pay the old rate of \$2. All who desire to avail themselves of the reduction of terms can do so by paying all arrearages up to the present time, and continuing their subscriptions anew, as improvements lately made upon the "Harold" enable it to enter upon the New Year with an exterior suited to the best advantage. It shall be our constant aim to give such a character as shall ensure its favorable reception in every family. To promptly communicate all interesting local and general information—to speak truly those political sentiments which Whigs hold to be sound and correct—to promote every enterprise in the community which may have in view the elevation of its character or the advancement of its prosperity—to lend our aid at all times to the maintenance of good order, and the spread of Temperance and morality—are objects to which we hold our energies and influence, at all times pledged, and which we shall ever advocate with all the ability we possess.

Our Whig friends through the country are earnestly solicited to give us their aid in extending our circulation, and thus advance the good cause we have all so much at heart.

We tender the compliments of the season to our patrons, and wish each and all a happy New-Year!

Our Carrier deserves us to say that he will be abroad with his usual poetical effusion to-morrow morning, the restraining strains of which he hopes will draw forth golden opinions from all sorts of people."

Sons of Temperance!—This new Temperance fraternity made a highly imposing display of its character and strength on Christmas afternoon, the occasion being the presentation of a Bible to Division No. 67, by a portion of the ladies of this borough. At eleven in the afternoon the two Divisions of Carlisle, accompanied by a portion of Silver Spring Division from Mechanicsburg, met at their hall and formed at procession, the members wearing the neat regalia with which the distinguished Order and its officers bearing its various symbols and badges of distinction. Two beautiful banners were borne in the ranks of the procession, which a due order marched through several streets preceded by our admirable brass band, who discoursed most eloquent music the while. The unexpectedly large number of members in the procession, who thus developed the rapidly increasing strength of this new order of Temperance men, produced a strong effect and awaked the warmest feelings of interest in spectators.

The procession proceeded from their Hall to the M. E. Church, where they were received by a crowded audience, the larger portion of whom were ladies, who had assembled to witness the ceremonies. Rev. Mr. Giese presided on the occasion. After a prayer by Rev. Mr. Kremer, an appropriate ode was sung in an excellent style by an amateur choir. Prof. W. H. Allen of Dickinson College, then rose on behalf of the ladies, to tender their beautiful offering to the Order. His address, though brief, was forcible and elegant, and replete with high allusions to the fair donors whom he represented, to the sacred gift they now presented, and to the benevolent order whom they deemed worthy to receive it. The gift was received on behalf of division, by their chaplain, Rev. Jason Shriver, whose remarks conveyed an appropriate acknowledgment of the grateful feeling which this mark of Woman's favor had inspired in the hearts of his fellow-members. After some further exercises the audience adjourned, and the procession was re-formed and completed its route through the borough, affording to the public who witnessed its imposing appearance, the gratifying assurance that the cause of Temperance is still onward.

We have placed upon our first page two extracts, under the title of "War and Peace," which the sober-minded should read and ponder over, before they let their feelings be carried away by the secondary bluster which is so riot just now, in assuming a war spirit.

Many of our contemporaries have taken occasion, while speaking of the recent improvements in our paper, to notice its editorial character in very flattering terms. Our gratified acknowledgments are due for their kind notices, but we dare not overstep the modesty of our reputation by republishing them.

Mr. Levy, the United States Senator from Florida, has had leave to withdraw his resolutions for the Annexation of Cuba, and accordingly did so on Friday last.

The nomination of Judge Woodward, as one of the judges of the Supreme Court of the United States, has not yet been confirmed.

It has given great satisfaction to a portion of the Loco-foco party.

State Temperance Convention.—A State Temperance Convention composed of delegates from the several counties throughout the State, will be held at Harrisburg on the 26th of January next, greenly to the recommendation of the Convention of last summer. The State Central Committee have issued a circular calling the appointment of dele-
