Rail Road Convention

The Railroad Convention, which met in Harrisburg on the 14th inst., comprised delegates to the number of nearly two hundred, representing the counties of Allegheny, Westmoreland, Indiana, Somerset, Warren, Potter, Erie, McKean, Franklin, Cumberland, Cambria, Butler, Elk, Bedford, Beaver, Huntingdon, Crawford and Centre. The convention was temporarily organized on the first day, by calling W. M. Watts, Esq., to the chair. A committee was then appointed to nominate officers for the permanent organization of the convention. The committee reported the following, who were duly elected:

PRESIDENT.

GEN. J. K. MOOREHEAD, of Allegheny.

VICE PRESIDENTS.

Wm. M. Watts, of Erie,
Joseph Gray, of Crawford,
Lyman Robinson, of Erie,
B. Bartholomew, of Warren,
Jas. Nill, of Franklin,
W. T. Dougherty, of Bedford,
M. Hale, of Centre,
Isaac Hugus, of Somerset.

SECRETARIES.

Sam'l. M. Barclay, of Bedford,
Chambers M'Kibben, of Allegheny,
Thos. McDowell, of Cambria.

Col. John M. Sullivan, of Butler.
J. B. Johnson, of Erie.

Hon. J. S. Black, from the Committee on Resolutions, reported the following:

Resolved, That the State of Pennsylvania possesses within her own borders, more and greater advantages for public improvements by Railroad, than any other State in the Union, because she has the power to construct, within her own territory, the means of a direct and improved communication between the waters of the Atlantic and those of the Ohio River and great Lakes, thereby drawing to her own capital the trade from both these sources.

Resolved, That the State of Pennsylvania, and especially the city of Philadelphia, would be blind to their own interests, should they neglect the means of securing a portion of the immense and rapidly increasing trade of the great lakes, and the boundless and fertile regions bordering thereon.

Resolved, That it is proved by actual survey that the Sunbury and Erie Railroad would afford the most eligible route, and the best means of communication between the waters of Lake Erie and those of the Atlantic.

Resolved, That such a route would become a great avenue of trade as well as a thoroughfare for travel between the waters of Lake Erie and those to the Atlantic—thereby adding greatly to the wealth and importance of the city of Philadelphia, as well as to the town of Erie; and diffusing its benefits through the whole region of country which would be traversed by it.

Resolved, That the General Assembly of Pennsylvania be, and they are hereby requested to grant an act of incorporation to authorize a company to make a Railroad by the most practicable route between Harrisburg and Pittsburgh, on such just and liberal terms as will at the same time secure its completion and protect the public improvements already made.

Resolved, That it is right, proper, and expedient, that the Commonwealth of Pennsylvania should grant the right of way to the Baltimore and Ohio Railroad Company to pass through her territory with their Railroad to Pittsburgh, subject to such just and liberal restrictions on the use of the privilege as will secure to the travel and trade of Pennsylvania the same advantages on said road enjoyed by the travel and trade of Baltimore: and for this purpose, in granting the privilege, the Legislature ought to reserve the right by corporation or dated for that purpose or otherwise, to make a Railroad or Railroads to intersect it at any point within the States of Pennsylvania, Maryland or Virginia, which may be thought most advantageous.

Resolved, That the Legislature of Pennsylvania be, and they are hereby requested to incorporate a company to make a Railroad from the termination of the Cumberland Valley Railroad at Chambersburg, to intersect the Baltimore and Ohio Railroad at such point on the same within this State as may be found most advantageous to the Commonwealth and her commercial metropolis, Philadelphia.

Resolved, That in the opinion of this Convention if the Baltimore and Ohio Railroad shall be permitted to strike the Ohio river at any point below Pittsburgh, it will be ruinous to the main line of our public improvements and will retard the improvement of the Ohio river to the city of Pittsburgh, a measure which is of vital importance to the general interests of this Commonwealth.

Resolved, That the proceedings of this Convention be signed by the officers and a copy thereof handed to the Speaker of each House of the Legislature, with a request that they be laid before the bodies over which they preside.

Hon. Mr. Thompson, of Erie, called for a division, and the first four resolutions being adopted, he objected to the fifth resolution in the report, and addressed the Convention at some length in opposition. The resolution was supported by Messrs. Penrose, of Lancaster, Judge White, of Indiana, Mr. Shannon, of Westmoreland, and Mr. McDowell, of Cambria, when the resolution was adopted by a large majority.

THE CUMBERLAND VALLEY *Mutual Protection Comp'y.*

THE CUMBERLAND VALLEY MUTUAL PROTECTION COMPANY, being incorporated by an act of the Legislature of the present session, and fully organized and in operation under the direction of the following board of Managers, viz:—Thomas C. Miller, John Moore, David W. M'Cullough, James Weakly, William Moore, Samuel Galbraith, Thomas Paxton, A. G. Miller, Philip Spangler, Samuel Woods, Abraham Kurtz, George Brindle, Scott Coyle, call the attention of the inhabitants of Cumberland Valley to the cheapness of their rates and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the choice of officers and the direction of its concerns.

2d. Certain insurance is effected, there is no premium note to pay, the cheapest class at the rate of 5s per century, which will be $50 on the $1000 for which he will have to pay $2,50 for five years and $1,50 for survey and policy, and no more unless loss to be sustained to a greater amount than the funds on hand will cover, and then no more will be required than a pro rata share. These rates are much cheaper than those of other companies, even such as are incorporated, for the same principles.

HONOR TO WHOM HONOR IS DUE!

may be truly said, that no one has ever been so successful in the compounding of medicines, which has done so much to relieve the human family, to rob disease of its terrors, and to restore the invalid to health and comfort, as the Inventor and Proprietor of that most deservedly popular family medicine Dr. Swayne's Compound Syrup of Wild Cherry, and none has been so generally patronised by the Profession and others, both in this country and in Europe, nor has there ever been so great an effort in the shortest space of only six or seven years, to deceive the credulous and unthinking, by putting up Nostrums of various kinds, by various individuals, stiling the name of Wild Cherry and as much of the name of *original preparation* as will screen them from the lash of the law, and one of the Impostors who puts out the common *par-gorie* of the shop and call it the Balsam of Wild Cherry has had the impudence to caution the public against the *Original preparation*, Dr. Swayne's Compound Syrup of Wild Cherry, which is doing so much good in the world.

☞ BEWARE OF SUCH IMPOSTERS. ☜

And purchase none but the original and only *genuine* article as prepared by Dr. Swayne, which is the only one compounded by a regular Physician, and arose from many years close attention to the Practice of the Profession and which led to this great discovery. Thousands and tens of thousands, of the best testimonials of the unparalleled success of Dr. Swayne's Compound Syrup of Wild Cherry for the cure of

CONSUMPTION,

Coughs, Colds, Spitting Blood, Liver Complaint, Tickling or Rising in the Throat, Nervous Debility, Weakness of Voice, Palpitation or Disease of the Heart, Pain in the Side or Breast, Broken Constitution from various causes, the abuse of calomel &c., Bronchitis, Asthma, Whooping Cough, &c., were declared to the world years before any other preparation of Wild Cherry came out. The most skeptical may satisfy themselves as to the truth of the above, by a little inquiry in Philadelphia. The genuine article is prepared only by Dr. Swayne, whose office has been removed to N. W. corner of 8th and Race street, Philada. The Balsam and other spurious articles of Wild Cherry has been sold out and re-sold out, and the proprietors are obliged to resort to Pamphlet and Strikers to make their own out of it. The genuine article is put up in plain style in square bottles, covered with a blue wrapper, with a yellow label with the proprietor's signature attached.

☞ The Public are requested to remember that it is Dr. Swayne's Compound Syrup of Wild Cherry, that has and is frequently performing such wonderful cures of diseases which have baffled the skill of the Profession, and set at defiance the whole catalogue of *Patent Medicines* which are daily puffed through the organs of the press. Therefore ask for Dr. Swayne's Compound Syrup of Wild Cherry, and purchase no other.

THOMSONS COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

1000 PERSONS in Philadelphia alone, can testify to the wonderful efficacy of that powerful remedy, *THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA*. Read! Read! Astonishing cure of Chronic Bronchitis!

Philadelphia, May 23, 1844.

Mr. S Thomson.—Dear Sir, For more than four years past I had been dreadfully afflicted with an affectio nof the throat, which my physician pronounced "Chronic Bronchitis," caused by repeated and neglected colds. The distress suffered is unexcribable. My throat was literally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chest gain fever—in short all the usual pulmonary symptoms showed themselves, allowed them to rage, causing entire loss of necessary repose—my throat was leached and blistered over and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound Syrup of Tar and Wood Naptha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I firmly believe I should not now be living, had it not been for your invaluable medicine.
