Congressional.

Correspondence of the Baltimore Patriot.

Washington, March 3, 1846.

The ways and doings of the British Free Trade party in this country, and their co workers and co-adjutors, the Lordly Manufacturers of England, are rapidly developing themselves!

The proceedings of Congress being dull to day, I accepted an invitation to visit the room of the House Committee on Post Offices and Post Roads, where I found a Mr. Homer, brother to Sidney Homer, whose anti-tariff letter appeared in the last number of the "Union," exhibiting about 200 specimens of goods of English manufacture, with like of American production, and prices attached to each—in order to convince members of Congress that our Tariff ought to be struck down!

I don't know when I enjoyed an hour's time so heartily. Mr. Homer is a gentlemanly person, who seems to understand the wants of the English manufacturers admirably well. Indeed he told those present that he had resided in Manchester, England, for ten years engaged in sending British goods to this country, and that he left England to reside in the United States in 1842. He has amassed a large fortune, and seems to instruct Congress in behalf of "Sir Robert Walker," on the one side, and the manufacturers of Manchester on the other. He brings a letter of instruction and recommendation from Mr. Alexander Henry, a great capitalist in Manchester, which is dated January 3d, 1846, and was received per the steamer Hibernia. A part of this letter Mr. Homer exhibits to those who wish to peruse it. The British writer of it, in speaking of Mr. Polk's anti-tariff message to Congress, exclaims—"a second Daniel come to judgement! A second Sir Richard Cobden!" He praises the message very much—thereby showing how highly it is appreciated by the British Manufacturers!

In regard to Mr. Homer's mission to instruct Congress into the belief that it would be best to break down the American Manufacturers and exalt those of Great Britain. Mr. Henry writes: "I am glad that you whose long experience as our Importer, enables you so well to understand the subject, have taken it in hand: for if the object of those at Washington be to obtain sound information and arrive at just conclusions in the proposed alterations of the present tariff the information which you can lay before them will be highly valuable."

There were present in the room while I was there Messrs Stewart, Collumer and Hubbard, of the House, and Mr. Wetherod of Baltimore. Also two or three anti-tariff members, who soon left. You may well imagine that such gentlemen as I have named would, under the circumstances, put some searching questions to Mr. Homer, coming there for such a purpose and so recommended? And I assure you that they did put them! Mr. Homer answered as well perhaps as any free-trader could—but never have I seen a man so completely cornered!

He exhibited two pieces of calico which he said were manufactured, by Senator Simmons, of Rhode Island who sold them, one for 17 cents per yard and the other 14 or 15. Mr. Wetherol thought there must be some mistake in this, and went up to the Senate and requested Mr. Simmons to come down to the committee room, who readily assented to the request. He said the pieces were none of his manufacture, and from the quality the best piece was not worth over 12½ cents, and the other was not worth over 10½ per yard. Those persons from whom Mr. Homer had obtained them, had deceived him.

Mr. Homer said the manufacturers of this species of goods made a profit from 60 to 80 per centum. Mr. Hubbard then asked him why more persons did not invest their capital in such profitable business? He asked Mr. Homer why he did not embark in the business?

The latter replied, that he would invest $50,000 in it, if he did not fear that so many would rush into the same enterprise as to bring down the profits by competition so low as to destroy the business.

Mr. Stewart asked if that was not the American doctrine, that competition reduced not only the profits but the prices? Mr. Collimar asked who but the great mass of the people reaped the benefit from this competition among the manufacturing capitalists? Mr. Hubbard wanted Mr. Homer to say if the reason why he did not invest his capital in this line of business was because competition would bring down the prices of goods manufactured?

Mr. Homer faltered in his reply, and said there were several reasons why he would not engage in manufactures. One was, that the market would be fluctuating.

Mr. Wethered, seeing the state of things and exercising his compassion said it was too bad for so many to be against one. He hoped the tariff folks in Congress would also have a committee room as well as the British manufacturers, with specimens for examination and comparison, and that they would appoint some sensible gentleman to superintend it, and argue the matter single-handed with Mr. Homer. Whereupon the gentlemen made their bows and took their leave. I fear Mr. Homer will find his mission too hot for him! The American people don't like these kind of missions on behalf of British manufacturers, who want the destruction of the American Tariff, however plausible and right the thing may appear in the eyes of Mr. Polk and Mr. Walker.

We have very cold weather—a deep snow—and sleighs innumerable running in every direction with great velocity.

Mr. Bresse's speech was all to day. Mr. Dayton's, to-morrow will be an eloquent one.

POTOMAC.

SMITHY COAL.

FOR blacksmiths use, together with Pine Grove and Lyken's Valley Coal, kept constantly on hand and will be sold at the lowest possible price for Cash, at the Warehouse of

WM. B. MURRAY.

Nov. 5, 1845.

RAISED and put up by Hibley & Co., N. York. A large and general assortment of seeds of the best variety and quality, just received and for sale at the Drug Store of STEVENSON & MEHAFFEY.

Carlisle, February 11, 1846.

Hardware.

HARDWARE, CUTLERY & SADDLERY.

REMOVAL.

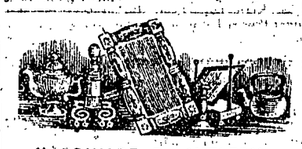
JOHN P. LYNE respectfully invites his friends and the public generally that he has removed his stock of HARDWARE, CUTLERY and SADDLERY, to the new house on North Hanover street, two doors south of the Post Office and nearly opposite his old stand, where he continues to keep as heretofore a full and complete assortment of every thing in his line *at prices cheaper than ever.*

Cabinet Makers are earnestly invited to call and examine a splendid lot of MAHOGANY VENEERS, just received. Carpenters and Builders will find an excellent assortment of Latches, Locks, Rolls, Hinges, Screws, and every variety of Building Materials, at reduced prices. Also a new and superior article of PLANES, warranted good in every respect. Also, gun and rock Powder, warranted; Safety Fuse, for blasting rocks, Shot, Lead, Spelter, &c. Window Glass of all sizes, Paints, Oils and Varnishes; Cedarware, Blacksmiths' Bellows, Drilling Machines, and every variety of articles in the Hardware line. Persons commencing Housekeeping will find it to their interest to call before purchasing elsewhere.

The books and accounts of the late firm of J. P. Lyne & Co., are in my hands, and persons indebted are requested to call and make payment to save further trouble.

JOHN P. LYNE.

April 23, 1845.



HARDWARE & CUTLERY.

JACOB SENER returns his sincere thanks for past favors and wishes to inform his friends and the public generally, that he has laid in a general assortment of HARDWARE and CUTTLERY of all kinds, such as Axes, of three different makes, Hatchets, Drawing Knives of various makes, Chisels, and Cooper's Tools of all kinds. Also a large assortment of

Table Cutlery,

such as Knives and Forks, from the cheapest to the most superior quality; two, three and four bladed pocket Knives from common to genuine Rogers and other superior manufacture; table, tea, soup and other Spoons; Hinges of all kinds and sizes; every description of Files; Horse Rasps of different sizes; wood and bed screws of different kinds and sizes; gouges and plane irons; cut, double and single irons; Augurs, black and bright of all sizes; also three-bitted Augurs, Braces and Bitts of the best make; straw-colored Bitts; Knob, chest, cupboard and pad locks; cut Tacks and sparables; brass Candlesticks; brick and plastering Trowels; Traces; straight and twisted Halter chains; heavy and light Spades and Shovels; hay and manure Forks, two, three and four pronged; Anvils and vices; cast and shear Steel; American and English Blister Steel; hand, iron-back, mill and crosscut Saws; Straw Knives; Flat Irons and Tailors goose, Fire Irons, round and oval-wrought Pans, long handled Frying Pans, wrought Iron Hooks and Hinges, different sizes, and also the *old fashioned*

Cradle and Grain Scythes,

made of superior steel, and inferior to none—all warranted good, better the market cannot produce. Entire satisfaction will be given in every article both as to price and quality, to every person who may call at the old stand so well known as a Hardware Store, formerly kept by Lewis Harlan and next door to Corbman's Tavern, and also adjoining Gen. Keller's Hat Store.

Call and see the oldfashioned Scythes, hay and grain Rakes, and various other articles which we deem it unnecessary to mention, but call and examine for yourselves, and remember they are all warranted. We are determined to sell at small profits and give entire satisfaction.

JACOB SENER.

Carlisle, May 21, 1844. tf

I. H. Williams, Esq., Westpennsboro'
Jos. M. Meand, Esq., Newburg.
John Clendenin, Esq., Hogestown.
Stephen Culbertson, Shippensburg.

March 11, 1846.

DELAWARE MUTUAL INSURANCE CO'Y, OF PHILADELPHIA,

On the Mutual Insurance principle, combined with a large joint-stock Capital. Premiums reduced to nearly half the usual rates.

BY the Act of Incorporation the stock is pledged for the payment of any losses which the Company may sustain. And as an *additional security* to the assured, the act requires that the *profits* of the business shall be *funded* and *remain* with the corporation, as a *guarantee* and *protection* to the *insured* against *loss.* This fund will be represented by scrip issued by the Company, bearing interest not exceeding six per cent. per annum. The insured are entitled to a pro rata share of the profits of the Company, and will receive that proportion of the aforesaid fund in scrip, which the amount of earned premiums paid by him, bears to the total sum of earned premiums and capital stock.

The scrip thus issued, to be transferable on the books of the Company as stock.

No dividend of scrip can be made when the losses and expenses exceed the amount of earned premiums.

The insured are protected from loss at the customary rates of premiums, *without any individual liability or responsibility* for the losses or expenses of the Corporation. The *assured* have all the rights of membership,—can vote at all elections, and are eligible as Directors of the Corporation.

The subscriber has been appointed agent for this Company, and as the *mutual principle* is superseding every other mode of Insurance, he would confidently recommend it to his friends and the public.

The North American Company has closed their Agency. Those having policies expiring in that office can have them renewed in the Delaware Company on much more favorable terms.

For full particulars enquire either by letter or person to JOHN J. MYERS.

Carlisle, September 10, 1845.—1 y.

The citizens of Cumberland county are respectfully invited to give us a call.

C. ZIEBER.

Philadelphia, October 29, 1845.—6m

A GREAT SAVING MACHINE,

AND NO MISTAKE—ECONOMY THE ORDER OF THE DAY.

R. MILLER'S PATENT, for cutting and grinding, or crushing Corn Fodder, which entirely obviates all the objections heretofore made for cutting and grinding or crushing Corn Fodder, &c. The subscribers, have the satisfaction of announcing to the agricultural community, that they have purchased the right of manufacturing and vending the above mentioned machine in Cumberland county, and also that it is in successful operation at York, Pa. Every difficulty to its perfect execution having been fully surmounted, they feel warranted in stating that it is the most economical and excellent invention of the day for the purpose to which it is designed. For durability, and power it has no equal in the many machines prescribed to the public for the same object, and all scientific men, machinists, mechanics and farmers, who examined or tested it give their verdict in its favor. Its superiority consists in this, that it may be used by steam, horse, water or hand power, that it is more easily kept in order, and it performs its cutting and crushing by the same operation, and does the work in a perfect manner. It is a great saving machine both in fodder and labor, as by the operation of it the farmer can make good feed of the whole cornstock from its root to its top, as it cuts and grinds or crushes the stock so fine that horses, cattle, or sheep, consume the whole of it, consequently it enables the farmer to feed five head of horses, cattle or sheep, to one with the same quantity of fodder, and makes fatter and stronger feeders. With this machine one man can cut corn fodder sufficient to feed ten head of cattle in twenty minutes, and when attached to horse power can cut or grind and crush in fifteen minutes sufficient to feed fifty head of cattle. For cutting hay or straw there is nothing can equal to it. For its simplicity and usefulness it commends itself at once to the farmer, and only requires to be seen to be duly appreciated.

The machines may be examined and purchased either of the undersigned. At the Plough Manufactory of Jacob Plank, in Monroe township, Cumberland county, or at the Foundary of Franklin Gardner, Carlisle, Pa.

JACOB PLANK.

FRANKLIN GARDNER.

Carlisle, December 17, 1845.—tf.

CONSUMPTION,

Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spiting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs, the most effectual and

speedy cure ever known for any of the above diseases, is DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY—ANOTHER WONDERFUL CURE OF CONSUMPTION.

PROVIDENCE, R. I., Sept. 20th, 1845.

DR. SWAYNE—Dear Sir.—I feel called by a sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your "COMPOUND SRYUP OF WILD CHERRY" on me, after having suffered months after months with the most afflicting of all diseases, Consumption, with scarcely a ray of hope, or a "beacon light" to guard me against my own horrible forebodings. The circumstances which first led me to the awful state of debility, was from taking a very heavy cold, which seemed to fix itself upon the lungs, which gradually grew worse, with profuse night sweat, a hacking cough, oppression in the breast, spitting blood, with great general debility. My constitution seemed broken down, and nervous system very much impaired, with all the symptoms of confirmed Consumption. I went to Philadelphia, and was treated there by physicians of the highest respectability, but still grew worse, until they gave me up as incurable, and advised me to go South, but being very poor, after losing so much time from my work, and having spent all my money on the various "Patent Medicines" which were recommended so highly through the medium of the press, I was unable to take their advice. Being a member of the Order of Odd Fellows, they supplied me with money gratuitously to send me to my friends in Saco, Maine. I was treated by physicians of the highest standing there, but received no benefit whatever from them, but gradually grew worse, until my physicians and myself gave up all hopes of my ever recovering, and I felt like one who is about to pass through the valley of the shadow of death. At this "awful juncture" I heard of your "COMPOUND SYRUP OF WILD CHERRY," and knowing you to be a regular practising physician in Philadelphia, gave me more confidence in the medicine, so I concluded as a last resort, to make a trial of it. I sent to your agent in Boston, and purchased one bottle, which relieved me very much. I then procured two bottles more, which I am happy to say entirely cured me, and I am now enjoying better health than I ever have before in my life. It seemed to have a beneficial effect at once. I gained strength rapidly, although reduced to a mere skeleton, and I feel satisfied from its salutary effects in my own case, that Dr. Swayne's Compound Syrup of Wild Cherry will cure any case of diseased Lungs, if taken according to the prescribed rules contained in the pamphlets accompanying the medicines. Even the physicians who witnessed my case are highly recommending it in similar cases—and I wish you to make this public, so that others who are suffering as I have been, may know where to procure a remedy at first, which will reach their disease, without tampering with and ruining their constitutions with the many "quack nostrums" with which the whole country is flooded, perpared by persons who have no knowledge of the science of medicine, in theory or practice, but are got up merely with a mercenary view.

I am a Scarlet member of the Hope Lodge I.O. of O. F., in Providence, R. I., and will be happy to give any information in regard to the efficacy of your medicine, and can give ample proof that my case is not exaggerated in the least.

ALBERT A. ROSS.

To Dr. H. Swayne, N. W. corner Eighth and Race streets, Philadelphia.

CAUTION.—The public should be on their guard against the many "Balms" and "Mixtures" of Wild Cherry, which have sprung up in all parts of the country, purporting to be prepared by physicians, all of which will be found to be "false" by a little inquiry in the towns and cities where they originate. All certificates and statements in regard to Dr. Swayne's Compound Syrup of Wild Cherry are "strictly true," and the proprietor is daily receiving them from persons who have been cured by the celebrated remedy. The (original and only) genuine article is only prepared by Dr. SWAYNE, N. W. corner of EIGHTH and RACE Streets, Philadelphia.

Remember, all preparations of Wild Cherry are fictitious and counterfeit except that bearing the written signature of N. Swayne. The only agents in Carlisle are MYERS & HAVERSTICK, and STEVENSON & MEHAFFY, and MARTIN LUTZ, Harrisburg.

THOMSONS COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

1000 PERSONS in Philadelphia alone, can testify to the wonderful efficacy of that powerful remedy, *THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA*. Read! Read! Astonishing cure of Chronic Bronchitis!

Philadelphia, May 23, 1844.

MR. S. THOMPSON—Dear Sir. For more than four years past I had been dreadfully afflicted with an affectio nof the throat, which my physician pronounced Chronic Bronchitis, caused by repeated and neglected colds. The distress I suffered is indescribable. My throat was literally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chest in fever in short all the usual pulmonary symptoms showed themselves, showed themselves, causing entire loss of necessary repose—my throat was leached and blistered over and over again, and all with no avail. About two months since, I made first use of your Compound Syrup of Tar and Wood Naptha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I verily believe I should not now be living, had it not been for your invaluable medicine.

JANE PERRY.

Sworn before me, this 5th day of March, 1845.

ALEX. C. CARSON, Alderman.

Price 50 cents per bottle.

For sale by GEO. W. ZIEBER, Carlisle, and by STEVENSON & MEHAFFEY, Drayton st.

Poor House Account.
