

WEDNESDAY, APRIL 11, 1846.

For Canal Commissioners. JAMES M. POWER, OF MERCER COUNTY.

Mr. B. Palmer, Esq., at his Newspaper Agency Office, North-west corner of Third and Chestnut streets, Philadelphia, is authorized to receive subscriptions and advertisements for the Herald and Exporter, and give receipts for the same.

Mr. Polk's Message on the National Defences, will be found on the first page.

We are frequently compelled to defer or omit communications and advertisements which are handed to us on Tuesday, from a want of time to put them in type.

We might judge that about one third of our citizens have changed their residence, from the busy air which has animated our streets during the last two days.

A merchant of Philadelphia has a communication in the U. S. Gazette of yesterday, in which he declares that more careful examination has led him to change his views in respect to the "right of way."

The Volunteer's explanation of the defeat of its party in that "Gibraltar of Whig strength, the West Ward, is certainly very amusing. Our neighbors will not talk so alter they have lived two or three years more in town.

The Volunteer says: "to the pernicious practice of 'searching tickets,' may be ascribed the success of the Whig ticket in the West Ward." Well, if Col. Noble and his colleagues in that Ward have not had a good laugh for some time, they can take it over that!

MURDEROUS ASSAULT BY A PAUPER.—A desperate and well executed effort was made on Tuesday last, by a pauper at the county Poor House, by the name of Ramsey, to take the life of the Steward, Mr. Lobach.

DEPLORABLE EVENT.—We learn from Harrisburg, that at about six o'clock, on Sunday evening last, a flat boat, loaded with flour, ran on one of the broken piers of the Railroad Bridge at that place and capsized.

BALTIMORE M. E. CONFERENCE.—The Philadelphia North American has been shown a private letter from a member of the Baltimore conference of the Methodist Episcopal church, in which it is stated, that the conference has unanimously resolved to remain in connection with the Methodist Episcopal church.

THE LAST FERRY COUNTY DEMOCRAT contains a letter from WILLIAM B. ANDERSON, Esq., in answer to a committee that addressed him, relative to the bill now before the Legislature, which has for its object the granting of the right of way to the Baltimore and Ohio Railroad.

SOME EXCITEMENT, we understand, has been caused in the upper end of the county, by a rumor that the bill for a new county had passed the House.

It is far from probable that it will become a fact, during this session at least.

The Right of Way

The bill granting the right of way through Pennsylvania to the Baltimore and Ohio Railroad Company, will linger in the House of Representatives, no action having been had on it since last Friday week.

These burdens are borne quietly, however, and all that this portion of the State now asks, is that they may be allowed to avail themselves of the same advantages which are enjoyed by their more fortunate neighbors.

The portion of Pennsylvania through which the B. & O. R. R. asks leave to pass, embraces a country, seeming with untold and incalculable mineral wealth.

The Harriburg Telegraph, of last week, gives reports of the speeches made by Mr. Edie, of Somerset, and Mr. Mumroy, of Franklin, in favor of the bill, both of which are of sound reasoning and convincing force.

But, I cannot see any good foundation for the spirit of hostility, manifested by the citizens and members from Philadelphia, in opposition to this measure.

The Volunteer has discovered a mate's nest in the proceedings of the Whig State Convention, which met at Harrisburg, on the 11th of March.

BALTIMORE M. E. CONFERENCE.—The Philadelphia North American has been shown a private letter from a member of the Baltimore conference of the Methodist Episcopal church, in which it is stated, that the conference has unanimously resolved to remain in connection with the Methodist Episcopal church.

THE FOLLOWING are the appointments for the district.

National Fair

We learn that the determination to hold a Great National Fair at the city of Washington, some time in the month of May, for the purpose of exhibiting to the members of Congress and all the world besides, specimens of American art and industry in all the branches of domestic labor.

We find in the National Intelligencer of the 26th and 26th instants, the following card of the Pennsylvania delegation in Congress, who have ever stood up for the great laboring interests of the country, and trust the appeal will be responded to by our manufacturers and mechanics.

HOUSE OF REPRESENTATIVES. March 24, 1846.

The Volunteer is republishing its readers with a series of papers, on "the past and present," confined, however, to local banking operations in this State, under Governor Porter.

Resolved, That we feel ourselves called upon to express our gratitude to Almighty God for His appointment of the Sabbath, and we deem it our particular duty to observe it personally in conformity to its Divine requirement, and as far as our influence goes, to see that those under our immediate control also do so.

BLOODY AND FEROCIOUS ATTACK OF A MAN.—In Washington city, on Sunday morning, about six o'clock, a person named James Tucker, who is said to be a merchant from Muldon county, Virginia, in a fit of insanity or mania, attacked Capt. Ramsey, and three of his sons, Messrs. Wadsworth, David and Douglas Ramsey, with a sharp clasp-knife, cutting and maiming all of them, the oldest son severely.

THE NEW ORLEANS Picayune of the 12th inst. offers further notice of the European project of erecting a monarchy upon the ruins of the Mexican republic, and placing upon the throne a son of noble blood.

THE PUBLIC WORKS.—On Thursday's communication was received from the Canal Commissioners, giving a detailed account of the damage done on the various lines of the public works by the late freshets.

WESTERN DIVISION.—On Thursday's communication was received from the Canal Commissioners, giving a detailed account of the damage done on the various lines of the public works by the late freshets.

It is confidently stated that the several Divisions will be in repair and open for business as follows:

THE BOARD state that they have pushed the repairs on the Main Line and Delaware Division with all the energy in their power, believing that a little delay would lose more in toll than the difference in price.

A bill providing more effectually for the collecting of taxes on collateral inheritances, passed final reading.

THE HOUSE on Saturday refused by a vote of 60 to 31, to strike from the Revenue bill the provision laying a tax of ten cents per ton on Anthracite coal.

WASHINGTON, March 25, 1846.—When the House adjourned yesterday, the motion made by Mr. Adams to reconsider the vote which closed debate upon the bill to authorize the raising of two Regiments of mounted riflemen was pending.
