The next quarter of this School opens with the first day of January next, and being anxious those who have had daughters in the school during the last year, we avail ourselves of this occasion of expressing to the public, and especially to the citizens of this and the adjoining counties, our full conviction that advantages of a very high order are here afforded for the education of Misses and young ladies such indeed, as are scarcely excelled in the country. The intellectual training given is systematic and thorough, while the manners and morals of the pupils are most carefully watched over.

From personal observation and knowledge, we feel entirely confident in recommending this school to all such as would secure a suitable place for educating their daughters.

CHRISTIE'S GALVANIC RINGS.

THIS remarkable discovery has received the universal approbation of the Medical profession of Great Britain, and has now been sufficiently long before the American public to give a fair test of its power and efficacy. The Patent Galvanic Rings have been found to answer all the purposes for which the ordinary Galvanic Battery, or Electric and Magnetic machines are used, but are without any of the injurious shocks which accompany the applications by those instruments, and in many other respects are more safe and certain in accomplishing the desired object.

The Galvanic Rings used in connection with the Magnetic Fluid are confidently recommended in all disorders which arise from an enfeebled or unhealthy state of the nervous or vital system, and these complaints are among the most painful and universal to which we are subject. They arise without exception, from one simple cause—a derangement of the nervous system—and it was in these cases that other remedies having so often failed, a new agent was wanted, which it is confidently believed has been found in the proper and judicious application of Galvanism. The strong doses, and at irregular intervals, in which Galvanism is administered by the Machines, have been pronounced after a fair and impartial trial, to be decidedly injurious, while the power as applied by the Galvanic Rings is in every way equally benecial, perfectly safe, and twenty times a cheap.

The Galvanic Rings, have been used with perfect success in all cases of Rheumatism, acute or chronic, applying to the head, face or limbs; Gout, Tic Doloreux, or Tooth ache, Bronchitis Vesicus, Nervous or Sick Headache, Indigestion, Paralysis, Palsey, Epilipsey, Fits, Cramp, Palpitation of the Heart, Apoplexy, Stiffness of Joints Lumbago, Spinal Complaints, Neuralgia, General Debility, Decrient of Nervous Energy, and all Nervous Disorders. Their extraordinary effect upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints, they are equally to be recommended.

The Galvanic Bands, Bracelets, &c.

In some complaints of a very severe character and of long standing, the power obtained by the Galvanic Rings is not sufficient to arrest the progress of disease and ultimately restore health. The improved modification in the Galvanic Belts, Bands, Bracelets, &c. entirely remedies this objection; any degree of power that is required can easily be obtained, and no disease which the mysterious agent of Galvanism can effect, will fail to be permanently relieved. The Rings, &c. are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the lightest inconvenience.

CHRISTIE'S MAGNETIC FLUID is a necessary accompaniment in all cases in which the Galvanic Rings and their modifications are used. By means of this extraordinary composition, an efficient action is rendered certain and the Galvanic influence directed to the particular parts which are affected. The FLUID contains nothing capable of the slightest injury; its application is agreeable and it is as harmless in its action as it is beneficial in its results.

Certificates from physicians and others of the highest character and respectability, bearing the strongest witness of the extraordinary effects of these articles, are constantly accumulating, some of which may be seen by calling on the agent in Carlisle.

In order to guard against fraud, Dr. CHRISTIE appoints but one agency in each town. The only place in Carlisle where the genuine Rings and fluid can be obtained is at the store of GEO. W. HITNER. All imitations sold elsewhere are worthless counterfeits. Pamphlets can be obtained gratis as above.

Another Triumph over Consumption.

DR. THOMPSON'S Compound Syrup Tar and Wild Naptha, Consumptives read the following certificate:

HARRISBURG, November 12, 1845.

DR. S. P. THOMPSON—Dear Sir—I consider it a grateful duty to publicly acknowledge the benefit I have derived from the use of your invaluable medicine, the Compound Syrup Tar and Wood Naptha. In the spring of 1844 I was taken sick with a billious fever, and was very ill for a long time. After I had partially recovered, my physician informed me my lungs were affected, and treated me accordingly. His skill had no effect, for instead of getting better I daily grew worse. I was finally informed by him that I was incurable and must die, and that nothing remained but preparation for another world. My weakness increased until I was confined to my bed; had very severe pains in my breast, side and back; shortness of breath, and I was so very hoarse that my voice could not be heard. In fact, the cup was applied to the very mouth. My cough was terrible, harrassing the night and day, that I could obtain very little rest. While suffering in this manner with no hope of relief I saw your advertisement in the Union, of this borough, with the certificate of a lady of Philadelphia appended; which so nearly described my case, that I resolved to try your medicine, and its effects upon me. Unsparingly sent to your agent, Dr. McPherson, and procured a bottle. I had not used more than one third of it before the hoarseness left me; I then took it regularly in the pain in my breast, &c. left me, shortness of breath and cough removed, and I am now able to walk about with renewed health and strength. You can make what use you please of this. I am willing to give any satisfaction that may be required of me if called on personally.

With great respect, I remain yours, &c.

A GREAT SAVING MACHINE,

AND NO MISTAKE IN ECONOMY—THE ORDER OF THE DAY!

MILLER'S PATENT, for cutting and grinding or crushing Corn Fodder, which entirely obviates all the objections heretofore made for cutting and grinding or crushing Corn Fodder, &c. The subscribers have the satisfaction of announcing to the agricultural community that they have purchased the right of manufacturing and vending the above mentioned machine in Cumberland county, and also that it is in successful operation in York. Par Every difficulty to its perfect execution having been fully surmounted, they feel warranted in stating that it is the most economical and excellent invention of the day for the purpose to which it is designed. For durability and power it has no equal in the many machines presented to the public for the same object; and all scientific men, machinists, mechanics and farmers, who examined or tested it, give their verdict in its favor. Its superiority consists in this, that it may be used by steam, horse, water or hand power, that it is more easily kept in order, and it performs its cutting and crushing by the same operation and does the work in a perfect manner. It is a great saving machine both in fodder and labor, as by the operation of it the farmer can make good feed of the whole corn stock from its root to its top, as it cuts and grinds or crushes the stock as fine that horses, cattle, or sheep, consume the whole of it; consequently it enables the farmer to feed five head of horses, cattle or sheep, to one with the same quantity of fodder, and makes better and stronger feep. With this machine one man can cut corn fodder sufficient to feed ten head of cattle in twenty minutes, and when attached to horse power can cut or grind and crush in fifteen minutes sufficient to feed fifty head of cattle. For cutting hay or straw there is nothing can equal to it. For its simplicity and usefulness it commends itself at once to the farmer, and only requires to be seen to be duly appreciated.

The machine may be examined and purchased either of the undersigned. At the Plough Manufactory of Jacob Plank, in Monroe township, Cumberland county, or at the Foundary of Franklin Gardner, Carlisle, Pa.

CONSUMPTION!

Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all Diseases of the Throat, Breast and Lungs, the most effectual and speedy cure ever known for any of the above diseases, is DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY—ANOTHER WONDERFUL CURE OF CONSUMPTION.

PROVIDENCE, R. I., Sept. 20th, 1845.

DR. SWAYNE—Dear Sir:—I feel called by a sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your "COMPOUND SYRUP OF WILD CHERRY" on me, after having suffered months after months with the most agonizing of all diseases, Consumption, with scarcely a ray of hope, or a "beacon light" to guard me against my own horrible forebodings. The circumstances which first led me to the awful state of debility, was from taking a very heavy cold, which seemed to fix itself upon the lungs, which gradually grew worse, with profuse night sweat, a hacking cough, oppression in the breast, spitting blood, with great general debility. My constitution seemed broken down, and nervous system very much impaired, with all the symptoms of confirmed Consumption, I went to Philadelphia, and was treated exclusively by physicians of the highest respectability, but still grew worse, until they gave me up as incurable, and advised me to go South, but being very poor, after losing so much time from my work, and having spent all my money on the various "Patent Medicines" which were recommended so highly through the medium of the press, I was unable to take their advice. Being a member of the Order of Odd Fellows, they supplied me with money gratuitously to send me to my friends in Saco, Maine. I was treated by physicians of the highest standing there, but received no benefit whatever from them, but gradually grew worse, until my physicians and myself gave up all hopes of my ever recovering, and I felt like one who is about to pass through the valley of the shadow of death. At this "awful juncture," I heard of your "COMPOUND SYRUP OF WILD CHERRY," and knowing you to be a regular practising physician in Philadelphia, gave me more confidence in the medicine, so I concluded as a last resort, to make a trial of it. I sent to your agent in Boston, and purchased one bottle, which relieved me very much. I then procured two bottles more, which I am happy to say entirely cured me, and I am now enjoying better health than I ever have before in my life. It seemed to have a beneficial effect at once. I gained strength rapidly, although reduced to a mere skeleton, and I feel satisfied from its salutary effects in my own case, that Dr. Swayne's Compound Syrup of Wild Cherry will cure any case of diseased Lungs, if taken according to the prescribed rules contained in the pamphlets accompanying the medicine. Even the physicians who have witnessed my case are highly recommending it in similar diseased Lungs. I am happy to make this public, so that others who are suffering as I have been, may know where to procure a remedy at first, which will reach their disease, without tampering with and ruining their constitutions with the many "quack nostrums" with which the whole country is flooded, prepared by persons who have no knowledge of the science of medicine in theory, or practice, but are got up merely with a mercenary view.

I am a Scarlet member of the Hope Lodge I.O. of O. F., in Providence R. I., and will be happy to give any information in regard to the efficacy of your medicine, and can give ample proof that my case is not exaggerated in the least.

ALBERT A. ROSS.

To Dr. D. Swayne, N. W. corner Eighth and Race streets, Philadelphia.

CAUTION.—The public should be on their guard against the many "Balms" and "Mixtures" of Wild Cherry, which have sprung up in all parts of the country, purporting to be prepared by physicians, all of which will be found to be "false" by a little inquiry in the towns and cities where they originate. All certificates and statements in regard to Dr. Swayne's Compound Syrup of Wild Cherry are "strictly true," and the proprietor is daily receiving them from person whom he has been cured by the celebrated remedy. The (original and only) genuine article is only prepared by Dr. SWAYNE, N. W. corner of EIGHTH and RACE Streets, Philadelphia.

Remember, all preparations of Wild Cherry are fictitious and counterfeit, except that bearing the written signature of N. Swayne. The only agents in Carlisle are MYERS & HAVERSTICK and STEVENSON & MEHAFFY, and MARTIN LUTZ, Harrisburg.

THOMSONS COMPOUND SYRUP OF TAR AND WOOD NAPTHA.

1000 PERSONS in Philadelphia alone, can testify to the wonderful efficacy of that powerful remedy, *THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA*. Read! Read! Astonishing cure of Chronic Bronchitis!

Philadelphia, May 23, 1844.

Mr. S. Thompson—Dear Sir. For more than four years past I had been dreadfully afflicted with an affection of the throat which, my physician pronounced Chronic Bronchitis, caused by repeated and neglected colds. The distress suffered is indescribable. My throat was literally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chest and fever—in short all the usual pulmonary symptoms showed themselves, showed themselves causing entire loss of necessary repose—my throat was leeched and blistered over and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound Syrup of Tar and Wood Naptha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease, and restored me to perfect health, and I firmly believe I should now be living had it not been for your invaluable medicine.
