

WEDNESDAY, MAY 13, 1846.

For Canal Commissioner. JAMES M. POWER, OF MERCER COUNTY.

From Washington.—We learn that the Military Committee in the House were expected to report a bill Monday morning...

Lately from Washington.—We learn from the Baltimore American yesterday, that the War bill mentioned above was introduced and passed both Houses promptly...

The foreign news by the Steamer Gazelle will be found on our fourth page.

We are indebted to the Philadelphia Inquirer, and the Baltimore Sun, for Extras containing the news from the Army—our thanks to them.

The presentation of a Bible by the ladies of Church-town and vicinity, to the Boiling Springs Division of the Sons of Temperance, will take place in that Village on Saturday, the 10th inst. at 10 o'clock, A.M. with appropriate ceremonies.

The War with Mexico.—We give all the intelligence which has been received during the last week, from the Army, showing the succession of circumstances which has led to a moribund disaster to our troops...

The natural effect of this intelligence is to waken the indignation of the country against our National Administration. Strong as must be the desire of every American patriot, says the U. S. Gazette, that General Taylor may free himself from the snare in which he is placed...

It is known that the country between the Nueces and the Rio Grande is disputed territory, even by those who admit the independence of Texas. It is also a place into which it was inadvisable to send such a representation of an army as General Taylor commanded.

Hon. Andrew Stewart's late speech on the Tariff is commenced on our first page. We have divided it, very reluctantly, in order to present the usual variety of miscellaneous readings on that page.

The "Notice" Given.—Letters from Washington, says the Philadelphia Inquirer, that Mr. Buchanan, by direction of the President, sent despatches by the steamer which sailed from Boston on the first instant...

Is the Governor a Dictator?—The Harrisburg Union and the Intelligencer both give it as their opinion that Governor Smink will withhold the Letters Patent from the Pittsburg and Conneville Railroad Company...

Attention is invited to the advertisement of A. B. Marshall. His establishment is one of the largest and most fashionable on Chestnut street.

A Compromise.

The people of Cumberland, Franklin, Somerset, Bedford, and other South-western counties, it seems to us have a fair right to demand a compromise...

If we understand the wishes of the people of Philadelphia, they simply desire a railroad communication to the West wholly confined within Pennsylvania...

The Philadelphiaian pronounces this to have been a trick of legislation, says the Columbia Spy, and is kicking up a terrible rumpus about it.

The Philadelphiaian pronounces this to have been a trick of legislation, says the Columbia Spy, and is kicking up a terrible rumpus about it.

It is idle to say that the B. & O. Road has now gone as far as it can. The wealth and enterprise of that company are amply sufficient to push their road on to the Ohio...

A Townsman's Answer.—Our faithful townsman, Mr. E. L. Walker, is now exhibiting his new Harmonic Attachment to the Piano...

Of the success of Mr. Walker's concert, anticipated in the above, we have the following notice on the last N. Y. National Press, edited by Gen. Geo. P. Morris.

The Mystery Explained!

THE RAIL ROAD CONNECTION WITH PITTSBURG.—We opened last week, from the Pittsburg Gazette, an article pointing in rather obscure terms at something which was to be hereafter communicated, favorable to the extension of the Baltimore and Ohio Railroad...

This lately developed aspect of the "right of way" case, has taken the Philadelphiaian all aback, and scarce a paper issued from that city last week which was not filled with loud and fierce denunciations of the "fraud" and the Allegheny members, whom they charge with effecting its passage.

The Oregon Negotiations.—Letters from Washington say that nothing in the way of a proposition to arrange, by negotiation or otherwise, the Oregon difficulties, has been made by either the British government or our minister.

LICKING THE HAZD URAISIN.—The Pennsylvania Telegraph says: "The Loco foci of Columbia county, at a recent meeting at Danville, passed resolutions highly laudatory of the course of President Polk, on all matters, sliding over the Tariff without saying a word about it."

Prepare for Taxes!

THE REVENUE BILL passed by the late Legislature puts on the taxes thicker than ever. A Loco-focist Legislature of this wisely governed State of Ohio would rather give Taxes directly from the pockets of the people...

The bill is too long to publish entire in our columns, but we can give its main features in a short space. It imposes a tax of THREE MILES on the dollar upon all stages, omnibuses, hacks, cabs, and other vehicles used for transporting passengers for hire...

From the Army.

From the Galveston Gazette, April 25th. FROM THE ARMY. The sch. L. M. Hicchock arrived from the Brasas Santiago, on Wednesday night, bringing late intelligence from the Army and Mexican frontier.

Our army is still encamped on the Rio Grande, some three miles below Matamoras. Gen. Taylor sent a message to Gen. Taylor, on the 22nd inst., that unless the Mexican army retired immediately to the east bank of the river, he would be attacked by that of Mexico without delay or further notice.

The steamer Telegraph had arrived from New Orleans with two hundred additional troops for the army under Gen. Taylor. She struck the bar in going in and drifted overboard, sustaining no injury worthy of notice.
