The Reward of the Traitor.

The Harrisburg Intelligencer of Friday says, an effigy of Vice President DALLAS was suspended from our market-house this morning with the following inscriptions:

"THE POLITICAL DEATH OF GEORGE M. DALDAS!

"LET TRAITORS BEWARE OF THE DEATH OF A TRAITOR!

"Peace to his ashes!"

Verily, the Traitor is receiving his reward. But there are other betrayers who equally merit the contempt and indignation of the people. The proper place however, to visit it upon them will be the BALLOT-BOX.

☞Mr. Dallas added falsehood to treachery by his vote on McKay's bill. Before its passage, an amendment was offered by Mr. R. Johnson, making a discrimination in favor of raw materials, which was lost by the casting vote of the Vice President. So much for his declaration that he would have relieved the bill of some of its objectionable features if he had had the power.

☞The Philadelphia Eagle states that George M. Dallas was hung in effigy, on the wires of the Telegraph, in Market street, on Wednesday morning last.

Married,

On Tuesday evening, the 28th ult., by the Rev. Henry Aurand, Mr. THOMPSON REICHTER to Miss ELIZABETH, daughter of Mr. Jacob Shrom, both of this borough.

Near Churchtown, by the Rev. John G. Fritchey, on Sunday evening, the 26th ult., Mr. WILLIAM D. FIRESTONE, to Miss SUSAN, youngest daughter of Mr. Samuel Givler, both of Monroe township.

Died,

In Newville, on Monday last, Mrs. ESTHER FILER, wife of Mr. David Filer, aged about 37 years.

OBITUARY.

It is a trite and true saying, that "death loves a shining mark." A case in point has lately occurred in the death of ROSWELL D. FRENCH, which occurred on the 26th ult. at the residence of his sister, Mrs. Hoyer in the town of Franklin, Merrimack county, state of New Hampshire. Mr. French came to this county 4 or 5 years ago; has until the latter end of last May been engaged in conducting a Classical and English school; most of the time at Shippensburg, and for the last year at the borough of Newville; and so far as the writer can learn he has been a general favorite where ever he has taught. As a teacher his classical attainments, assiduity and success, will be best appreciated and understood by the remarkable progress and rapid improvement of his pupils in the various branches of literature taught in his academy, which had been so amply patronized, not only by the immediate circle of its locality, but he also had scholars from the neighboring countries of Franklin York and Perry. Mr. F. possessed the peculiar tact of governing his school by mild yet firm measures, and has been completely successful in giving quite a favorable impulse to the greatly improved system of education which may long be felt by the rising generation, while by his modest and gentlemanly and varied social virtues his memory will long be had in the most respectful remembrance by all who had the pleasure of his acquaintance. WONDERFUL DISCOVERY!

Vegetable Rheumatic Liniment,

INVENTED AND PREPARED BY SAMUEL REED, CARLISLE, PA.

THIS Liniment was prepared principally for the Rheumatism, (and is the only external remedy known) but it has been found experimentally TO CURE PAINS OF EVERY KIND—sick head ache, pains in the back, arising from nervious complaints, especially those when the symptoms are first developed, and innumerable other acute and chronic pains to which the human system is liable. This Liniment does not require constant application for weeks or months to effect a cure; but on the contrary, one or two applications, or one or two Bottles skilfully used, has been found an effectual remedy in removing the most violent pains. Patients have used it on retiring to rest, and in the morning have awoke freed entirely from the attack of pains, arising from colds or other causes. The subscriber has the assurance that no one after having used the Liniment, will pronounce it a "Humbug,"—an application appropriately applied to the very many *quack nostrums* which imposters have put upon the afflicted in the shape of Patent Medicines.—The persons named below are referred to, who may be consult d personally, in relation to the curative properties of "the Liniment." A majority of them have been cured of Rheumatism, chronic and inflammatory, others of pains of different kinds:

Thomas J. Stevens,	Elizabeth Whisler,
Wesley Miles,	Rachel Baker,
Rachel Crop,	Levi Patton,
Elizabeth Gest,	Elizabeth Baker,
Jane M. C. Beatly,	Mary Peters.

The Vegetable Rheumatic Liniment is put up in bottles of various sizes, from 25 to 50 cents, and will be sold by the proprietor, at his residence in East Pomfret street, opposite Mr. Daniel Eckles' store, Carlisle, Pa.

REFINED AMERICAN ISINGLASS,

WARRANTED equal in strength to Russian Isinglass for Table Jellies, and of great service in diseases where delicate animal food is required, and well calculated for long sea voyages. It improves by age if kept dry, and can be made into Soup in a few minutes, and is of great service in clarifying Cider, Beer and Wine.

To make Table Jellies—Use at least two ounces of Cooper's Refined American Isinglass, which should be first soaked in cold water, for 2 hours; drain off that water; then take two quarts of cold water, one and a half pounds of sugar, put it in the white of three eggs, the juice of three good sized lemons, the peel of one, a stick of cinnamon, a little nutmeg, orange peel, or other spice to suit the taste; stir all the ingredients well together while cold, then boil the whole mass five or ten minutes, and then pass it through a Jelly Bag, when it may be put into glasses or moulds, and when cold will be fit for use. The moulds should be first wet with a little white of egg and water, just before the jelly is put in them, in order to make it easy to turn them out on plates.

The Jelly Bag is made of flannel 8 or 10 inches across the opening, and about half a yard deep, narrowing to a point at the bottom. The liquid that runs through first, should be poured back into the jelly bag until it runs through clear.

Add one pint of wine to the above for Wine Jelly, other liquids made from preserves may be jelled by using the same proportion of the ingredients.

Blanc Mange, may be made by using at least one ounce of Isinglass, to two quarts of milk or cream, the peel of two lemons, sugar and spice to taste—bring the whole to a boiling heat, strain it, and when nearly cool, stir it well to mix the cream that will rise while cooling; pour it in moulds, and when perfectly cold, it may be turned out and will then be ready for use. The moulds should be first wet with cold water, which will prevent it from sticking to them.

For sale by John J. Myers. Also, REID'S CELEBRATED JELLY STRAINERS, with which the above jellies can be made in a few minutes. June 10. JOHN J. MYERS.
