

For the Repeal of the British Tariff of 1846!

Our first page is highly interesting this week. The description of the "Scenes of the War" will help our readers to a better understanding of the operations of the Army...

We hear it rumored that our fellow-citizen Judge Hepburn is to be nominated by the Locofocos for Congress. It can't be true, however, for we have heard of no resignation of his judicial office.

DESTRUCTIVE FIRE.—Our citizens were suddenly aroused from their slumbers last night, about 12 o'clock, by the alarming discovery that the dwelling house of Jas. H. Graham, Esq., in South Hanover street, was on fire.

The Volunteer pronounced Gen. Cameron's speech in the Senate an able and interesting one, and promised to publish some extracts, if not the whole of it, when it found room.

Loco Foco Ticket.—The following Ticket was placed in nomination by the Locofoco Convention which met in this borough yesterday.

Assembly.—Joseph M. Means, Peter Barnhart, of East Pennsboro, Commissioner—John Zug, of S. Middleton.

Another movement we notice among the Editorial fraternity is the merging of the Lancaster Union into the "Tribune."

WE CAN CARRY THE COUNTY. Does any Whig doubt it? We would say to him, you "doubt as traitors," and the sooner you get rid of them the better.

They rejoice in the defeat of American arms in the days of the Revolution—they opposed the War of 1842.—Volunteer.

For the War.—On Wednesday, last a company of Flying Artillery, under the command of Captain Taylor, mustering about forty, with baggage wagons, passed through this place from Fort Hamilton, below New York.

The joint ballot majority of the Whigs in the Indiana Legislature is four—in the Legislature of Kentucky the same party's joint ballot majority is forty, and in the Legislature of North Carolina, some fifteen or sixteen.

Judge Stuart, Dr. A. H. and Mr. Scouler are the loco loco Congressional Conference, appointed yesterday. It is very much suspected that Judge Stuart wants to get Judge Hepburn off the bench!

The Whigs of Philadelphia have re-nominated Col. John Swartz as their candidate for Mayor; the Locos have nominated RICHARD WATZ and the Natives PETER A. BAUGH.

The Whig County Convention

To form a Ticket, will meet in this borough on Friday evening, and the result of their deliberations, we shall be able to make known in our next paper. That result, we trust and believe, will be auspicious of success to the indomitable Whigs of old Mother Cumberland.

THE EDITORIAL FRATERNITY.—We received on Saturday last the first number of an exceedingly neat sheet, entitled the Rock County (Wisconsin) Democrat, and were truly gratified to find upon opening it the name of our old friend, GEORGE W. CHASE, lately of this borough, as its Editor.

Who was he? Do tell! Our friend, BRATTON, now of the Volunteer, was in 1844 one of the Editors of the Harrisburg Union. It was while he was connected with that paper that the following paragraph appeared.

Who was he? Do tell! We take the following from the Charleston (South Carolina) Mercury, the leading loco-foco paper, of that State:

They told the people in 1841 that if Francis R. Shinn should succeed in his election he would cause all the Bibles in the State to be destroyed.

Whig Nominations.

The Whigs of Adams county have nominated their talented and well-known citizen, Hon. James Cooper, for the Legislature.

Disgraceful if True. The Lancaster American Republican states that Mr. Buchanan "positively refuses to pay his state and school taxes on the ground that as a government officer doing business at Washington, he is not a resident of Pennsylvania, where his money is invested."

The return of the "St. Louis Legion" from the Camp of General Taylor—the companies composing the Legion having been disbanded under Mr. Marcy's famous twelve-month order—gives occasion to the editor of the St. Louis Republican to rap the administration over the knuckles with exceeding severity.

Difficulties appear to be accumulating rapidly at Nauvoo, and Hancock County, notwithstanding the absence of the Mormons, continues in a fever heat of excitement.

Life from the American Army. The steamship McKim arrived from the Brazos Santiago, at an early hour on Sunday morning, bringing dates from Point Isabel, of the 17th, and from Camargo, the present Head Quarters of the Army, of the 13th of August.

SANTA ANNA.—A Washington letter to the Baltimore Patriot says, if it appears tolerably apparent that the two millions grant asked for by Mr. Polk, was to be put into the pocket of Santa Anna, and not Paredes.

The New Orleans correspondent of the Mobile Daily Advertiser, commenting upon the severe language used by some of the disaffected Volunteers against Mr. Marcy, is of the following: (A Democrat) says if he could indulge in the luxury of kicking Secretary Marcy a few minutes, he would guarantee, at the close of the operation, that no tailor would "sear" his breeches for fifty cents, or even double that price.

A Western candidate excused his want of education in a speech to the sovereigns, by declaring that he never went to school but three times, and then in the night—that on two of the nights the teacher did not attend, and on the third he had no candle!

A correspondent of one of the New Orleans papers, writing from the army, says, if the war is not put an end to by treaty, it will take five years to conquer Mexico by a land invasion.

Reduction of Fifty Cents a Year! We wish our friends to remember that the Herald and Expositor is now furnished to all who pay at the time of subscribing or to old subscribers at the beginning of a new year for ONE DOLLAR AND FIFTY CENTS per annum, and that the Herald and Expositor is published for them.

War Intelligence.

From the N. O. Commercial of 21st ult. Highly Important from Mexico. Arrival of a British Ship of War.—Blanchard, Overlook and Impregnable of Gen. Pizarro.—The Country pronounced in favor of Santa Anna.—His Arrival at Vera Cruz.—Amalgamation of the Californians to the United States.

Vena Cruz, Aug. 16, 1846. A valiant band of the opportunity by a British man-of-war, we have just time to state that Mexico and Puebla have just pronounced in favor of federation, and Santa Anna. Gen. Bravo's government had hardly been established when it was overthrown; and Gen. Salaz has put himself at the head of the government until the arrival of Santa Anna. Tranquility was restored.

Vera Cruz, Aug. 16, 1846.—Advices have been received by express, of the formal annexation of California to the U. S. and this vessel of war takes the British Minister's dispatches to New Orleans and to Mexico. The whole country, has declared in favor of Santa Anna, who left Havana for this city in the steamer Araly, but has not yet arrived, which makes his friends rather anxious for his safety.

The departments of Puebla and Mexico have declared for Santa Anna, and Paredes has already been taken prisoner. The revolt at the capital was headed by Gen. Salaz.

Another Mexican depot of arms has been found at Matamoros—a quantity of stores and ammunition.

The town of China, on the River San Juan, 65 or 70 miles from Camargo, was taken on the 5th inst., by Capt. McCulloch, of the Texas Rangers, without opposition. Col. Seguin, with 100 Mexicans, were in the town, but on the approach of the Americans, they retreated.

The 2d regiment dragoons, which is composed now of 4 companies, with 375 men, has abandoned its encampment between Point Isabel and Fort Brown, and was at Matamoros at last accounts. Maj. General Butler is represented to be quite ill at Point Isabel.

A verdict of five hundred dollars damages was recorded in the Berks County (Pa.) Common Pleas, last week, against a physician residing in Kutztown, for unskillful and negligent treatment of a fractured arm.

Four horses were killed by lightning, at Nazareth, Pa., on the 23d inst., in the morning. They were found in a thunder storm, lying near together in the middle of an open field.

The Denbigh and Hampshire county have been divided into two parishes, called "St. Peter" and "St. William." Free Trade and Fair Play.

Voice of East Pennsborough

Agreeably to notice, the Democratic Whigs of East Pennsborough Township, met at the public house of Mr. John Soubreke, on Saturday evening the 25th ultimo, for the purpose of electing delegates to the County Convention; ABRAHAM ERB was called to the Chair, and Major Simon Oyster appointed Secretary. After the appointment of Thomas Craighead, jr. and Simon Oyster as delegates, a committee reported the following resolutions, which were enthusiastically adopted.

Resolved, That the repeal of the Whig Tariff of 1842 and the enactment of the British Tariff of 1846, needs no comment from us, as we have had the experiment of free trade which was fully exemplified before the Tariff of 1842 was passed.

Resolved, That the gloom spread over our beloved country by the passage of the British Tariff of 1846, calls upon us as in 1840, to buckle on our armor once more, and to the work. We have to combat British gold and British-bought emissaries, but we did it in 1840, and we will do it in 1846.

Resolved, That all the Whig citizens of East Pennsborough township are appointed a committee to superintend the poll at the ensuing general election, and report themselves on the ground ready for duty.

Resolved, That these resolutions be forwarded to the Carlisle Herald & Expositor for publication. Signed by the Officers. For the Herald & Expositor.

Resolved, That the passage of the Sub-Treasury, whereby millions of the unused gold and silver of the country is locked up and kept out of circulation to the great detriment of all the business of our country, and our exchanges made difficult, calls aloud for repeal.

The Issue in October Next

JAMES M. POWER, WM. B. FOSTER and the Whig Tariff of 1846. People of Pennsylvania, says the Reading Journal, here is the issue truly stated. The decision of JAMES M. POWER will be regarded all over the Union as evidence not to be misunderstood, that PENNSYLVANIA is not to be PROSTRATED IN THE DUST, or her honest voters CHEATED and HUMBUGGED with impunity—while every vote polled for WILLIAM B. FOSTER will be deemed an expression in favor of FREE TRADE and the BRITISH TARIFF OF 1846.

SANTA ANNA.—Advices per schooner Merchant, which arrived at Charleston, S. C. on the 26th inst. from Havana, corroborate the statements published relative to the departure of Santa Anna. He left on the 8th inst., in the British steamer Arab, for Vera Cruz, with his entire suite.

The Washington correspondent of the Baltimore Patriot intimates that the \$2,000,000 applied for by the President just before the close of Congress, was intended to influence Santa Anna.

The Lancaster Union and Tribune have been united. Mr. Montgomery retires and Mr. Middleton continues the publication of the Union and Tribune. It is a spirited Whig paper, and deserves to be well supported by the party in Lancaster.
