

CARLETON, PA. WEDNESDAY, OCTOBER 7, 1846.

For the Repeal of the British Tariff of 1846!

FOR CANAL COMMISSIONER, JAMES M. POWER, OF MERCER COUNTY.

FOR CONGRESS, JASPER E. BRADY, OF HARRISBURG.

Whig County Ticket.

- JAMES MACKAY, Shippenburg, Col. ARMISTONG NOLLE, Carlisle. DANIEL COBLE, Silver Spring. JACOB HERSHE, North Middleton. JOHN T. GREEN, Dickinson. THOS. CRAIGHEAD, jr. East Petersburg.

Mr. David Martin requests us to state that he is still a candidate for Sheriff. He has not declined and will not decline.

Major Joseph A. Eck requests us to inform his friends not to believe any reports which charge him with declining as a candidate for the Sheriffship.

We have been requested to state that Gen. W. Fox declines running as a candidate for the office of Sheriff.

President Emory, of Dickinson College, came passenger in the Iliumina from England, and reached this borough yesterday.

A VALUABLE WORK.—The State Book of Pennsylvania, is the title of a most excellent work, a copy of which has been presented to us by Dr. Mearns. The Philadelphia Engineer prints it as "one of the best books ever issued in this State."

So glaring and so flagrant is the impropriety of Judge Hepburn being a political candidate while he holds a judicial station that even the Volunteer, which can defend the vilest transaction, does not attempt to justify his course.

The Volunteer of last week has another egregious article of personal abuse against Jasper E. Brady. Mr. Brady must have worked our neighbor very hard in that matter of the Legislative printing.

The Lochofoe leaders are making every exertion to whip the party to the support of Cassell for Sheriff, because he is the brother-in-law of James H. Graham.

On the 1st inst. the Bank of Philadelphia was re-opened after its suspension. The Bank of Pennsylvania has also been re-opened.

To the Polls, Voters

THE BATTLE FOR THE TARIFF

Whigs! to your Posts!

VOTERS of Cumberland county, the time for ACTION has now arrived. The period of discussion has gone by, and you are now to decide the great question at the Polls.

Remember, Freemen of Cumberland County, when you go to the Polls, that the policy of Protecting American Industry against Foreign Competition is as old as our country.

Freeman of Cumberland county, which now do you choose? Will you stand by the side of your Revolutionary Fathers, and SUSTAIN THE TARIFF, which every President of the United States before the present has supported?

If you want to be on the side of your own country—if you want to support the principles of our Fathers of the Revolution—Washington, and Jefferson, and Madison, and Monroe, and Adams, and Jackson always supported, VOTE FOR JAMES M. POWER, JASPER E. BRADY, and the whole Whig County Ticket!

The Way Foster Manages!

The Harrisburg Intelligencer says, we are credibly informed that ropes were recently purchased by the canal commissioners in Philadelphia, for which they paid \$16,000!

The lying Volunteer endeavors to pervert a recent paragraph in our paper into a meaning that is disrespectful to mechanics, and at the same time attempts to make capital out of it for Judge Hepburn.

"DIRECT TAXATION INSTEAD OF THE TARIFF" says the Danville Democrat is the next Lochofoe Administration scheme about to be brought forward by the party in power.

March on! To Victory!

Whigs of Cumberland county! EFFORTS VICTORY awaits you if you do your duty on Tuesday next! Our intelligence from all parts of the county is of the most cheering character, and gives the WHOLE TICKET WILL BE ELECTED.

James Mackay, Esq.

Notwithstanding the flat denial of all the lying assertions respecting Mr. Mackay, by a Shippenburg correspondent of our paper last week, the Volunteer still persists in its infamous course of denigration and slander.

We suppose it never occurs to the recollection of the Volunteer that it is but a year or two since that paper and its party supported the REVEREND Henry A. Muhlenberg for Governor!

Col. Armstrong Noble

In its lying and slanderous attacks upon the Whig candidates, the Volunteer could not of course but our warm-hearted friend, Colonel Noble, escape. The worst it has been able to say of him, however, is that he has never been suspected by those who know him to be gifted with too abundant a supply of common sense.

Power & Foster.

The Lochofoe State Committee, just alarmed at their prospects have published an Address, no doubt copied in the office of the Canal Commissioners at Harrisburg, in which they attempt to stay the falling fortunes of Foster.

Means and the New County!

Means of the upper end, do you recollect the excitement and alarm produced last winter by the agitation of a project for a NEW COUNTY? You are now asked again to vote for JOSEPH M. MEANS, whose connection with this project is well known.

The Volunteer's low abuse of Mr. CRAIGHEAD, the Whig candidate for Coroner, will only commend that gentleman more warmly to the friendship of the Whigs of the county.

Judge Hepburn has Not Resigned!

LET HIM BE DEFEATED!

Judge Hepburn has not yet seen proper to comply with the demand of the people who have so loudly called upon him to RESIGN his judicial station.

Jasper E. Brady.

The gentleman whose name heads this article is the Whig Candidate for Congress in the District composed of the counties of Perry, Cumberland and Franklin.

He came into the county of Franklin many years ago, a Journeyman Hatter as such worked at his trade in the town of Waynesboro.

The blessings of Free Trade!

Elihu Burritt the learned blacksmith is travelling through England on foot, holding on his way at road-side inns, and associating with the mechanic and laboring population, from whose own lips he obtains a true history of their condition.

Too Fast!

The Carlisle Volunteer and the Statesman are a little too fast when they say "The Tariff of 1842 was denounced by the Whig Conferees."

Wistar's Disarm of Wild Cherry.

This article, as its name indicates, is an oblique extract of Wild Cherry. It is simple and harmless in its effect, yet it is more effective in its operation than any other medicine known to man.

People of N. Middleton & Dickinson, READ THIS!

The Carlisle Volunteer of last week, in a low scurrilous tirade against the candidates on the Whig county ticket, says "For Director of the Poor, and Auditor they have Jacob Hersh and John T. Green, both respectable men, we believe, but so far as we are informed, destitute of the requisite qualifications to discharge the duties of the offices for which they have been nominated."

The gentleman whose name heads this article is the Whig Candidate for Congress in the District composed of the counties of Perry, Cumberland and Franklin.

The Voice of a Laboring Man!

The following comes from an honest hard working man, who knows his rights. The Volunteer, which has so much sympathy for poor men, would not give it a place!

WORKINGMEN, READ THIS!

Elihu Burritt the learned blacksmith is travelling through England on foot, holding on his way at road-side inns, and associating with the mechanic and laboring population, from whose own lips he obtains a true history of their condition.

The deficiency of the British Harvests.

The deficiency of the British Harvests is no longer doubtful. It will be very considerable, and France is also threatened with a scarcity. The consequence is a further advance in flour and grain.

The Hibernian arrived at Boston on Saturday morning last.

Correspondence Commercial Advertiser.

Washington, Sept. 30, 1846. Gen. Jessup quartermaster general, has, at this moment, been ordered to the seat of war.

It may be gathered, from a number of the recent movements of a Government, to say nothing of what has been gleaned of unnecessarily mysterious counsels, that a column is to be sent on from Tampico to meet Gen. Taylor at San Luis de Potosi.

Our Intelligence.

Santa Fe Surrendered.

By the Western mail we have authentic accounts of the surrender of Santa Fe to Gen. Kearney, without opposition, on the 18th of August.

He administered the oath of Allegiance to the Alcaldes of all the villages through which he passed, addressing the people and assuring them of protection. He marched his troops into Santa Fe, General Armstrong following with a few dragoons, and hoisted the National Flag from the highest turret of Alamo, saluting it with 30 rounds of artillery.

It would seem that Gen. Armo had actually 4000 men at his command.

It would seem that Gen. Armo had actually 4000 men at his command, but very badly armed, and that on the 18th August he was the friend of the sick and the poor, and proclaimed himself Governor of New Mexico, and taking up his quarters in the National Palace.
