Philadelphia, May 23, 1844.

Mr. S Thompson—Dear Sir. For more that four years past I had been direadfully afflicted with an affection of the throat, which my physician pronounced "Chronic Bronchitis," causted by repeated and neglected colds. The distress suffered, is indescribable. M, throat was

Itterally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chort ann fever—in short all the usual palmonary symptoms showed themselves, showed themselves, causing ontire loss of necessary repose—my throat was leached and blistered over and over again. I made trial of every, known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months with pain in ress suffered is indescribable. My throat w and all with no avail. About two mouths since I made trial of your Compound Syrup of Tar and Wood Naptha; and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely re-moved the disease andrestored me to perfect health, and I firmly believe I should not now-bellying, had it not been for your invaluable medicine. The Oldest and Most Popular Medicines, Many times the part of the public, are Fahnestock's Family Medicines, Many times the Thousand Certificates like the following have been voluntarily given to their Varantruor, during the last eighten years. All of Pahnestock's Pamily Medicines are proverbial for their older public, and an entered with colds and considerably in fiesh. I think it a most valuable medicine, and one that ought to be universally known, that those afflicted with colds and coughs may have a medicine both safe and sure to cure, if taken properly. While taking the medicine, I drank freely of molasses and water which I found excellent to keep the bowels open. If this statement, can be of any benefit to the afflicted, you are at liberty to make such use of it as you may think proper.

Several months since, my wife was attacked with a severa cough, attended with a pain in her side, which, from its obstinate continuance. lier side, which, from its obstinate continuance hegan to alarm lier. A few doses of Dr. Davis's Compound Syrap of Wild Cherry and Tar.relieved the path and cured the cough and by the time she had taken half a bottleful she was perfectly cored. She recommended it to an acquaintance Mrs. Bannistor, who was afflored in about the same manner as hisself; and the medicine proved equally beneficial, in her cases Mrs. B. also recommended it to several of her friends, who were, I believe cured by it. This is my knowledge of Dr. Davis's medicine; and I deem it sufficient to recommend it as a valuable one. Curetas Downers, 144 Roce St.
