DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY—ANOTHER WONDERFUL CURE OF CONSUMPTION.

PROVIDENCE, R. I., Sept. 30th, 1845.

DR. SWAYNE—Dear Sir,—I feel called by a sense of duty I owe to suffering humanity, to acknowledge my grateful thanks for the wonderful effects of your "COMPOUND SYRUP OF WILD CHERRY." Having suffered for months with bronchitis, with the most alarming symptoms of consumption, with scarcely a ray of hope or a cheering light to guide me, and in my own terrible forebodings, "The dreadful stances which led me to the awful state of debility, was from taking a very heavy cold, which seemed to fix itself upon the lungs, which gradually grew worse, with a cough night sweat, a hacking cough, oppression in the breast, spitting blood, with great general debility. My constitution seemed broken down, and my nervous system very much impaired, with all the symptoms of confirmed Consumption. I went to Philadelphia, and was treated there by physicians of the highest respectability, but still grew worse, until they gave me up as incurable, and advised me to go South; but being very poor, and losing so much time from my work, and having spent all my money on the various "Patent Medicines" which were recommended so highly, through the medium of the press, I was unable to take their advice. Being a member of the Order of Odd Fellows, they supplied me with money gratuitously to send me to my friends in Saco, Maine. I was treated by physicians of the highest standing there, but received no benefit whatever from them, but gradually grew worse, until the physicians and myself gave up all hopes of my ever recovering, and I felt like one who is about to pass through the valley of the shadow of death. At this "awful juncture," I heard of your "COMPOUND SYRUP OF WILD CHERRY," and knowing you to be a regular practising physician in Philadelphia, gave me more confidence in the medicine, so I concluded as a last resort, to make a trial of it. I sent to your agent in Boston, and purchased one bottle, which relieved me very much. I then procured two bottles more, which I am happy to say entirely cured me, and I am now enjoying better health than I ever have before in my life. It seemed to have a beneficial effect at once. I gained strength rapidly, although reduced to a mere skeleton, and I feel satisfied from its salutary effects in my own case, that Dr. Swayne's Compound Syrup of Wild Cherry will cure any case of diseased Lungs, if taken according to the prescribed rules contained in the pamphlets accompanying the medicines. Even the physicians who witnessed my case are highly recommending it in similar cases—and I wish you to make this public, so that others who are suffering as I have been, may know where to procure a remedy at first, which will reach their disease, without tampering with and ruining their constitutions with the many "quack nostrums" with which the whole country is flooded, prepared by persons who have no knowledge of the science of medicine in theory or practice, but are got up merely with a mercenary view.

I am a Scarlet member of the Hope Lodge I. O. of O. F., in Providence R. I., and will be happy to give any information in regard to the efficacy of your medicine, and can give ample proof that my case is not exaggerated in the least.

ALBERT A. ROSS.

To Dr. H. Swayne, N. W. corner Eighth and Race streets, Philadelphia.

CAUTION—The public should be on their guard against the many "Balms" and "Mixtures" of Wild Cherry, which have sprung up in all parts of the country, purporting to be prepared by physicians, all of which will be found to be "false" by a little inquiry in the towns and cities where they originate. All certificates and statements in regard to Dr. Swayne's Compound Syrup of Wild Cherry are "strictly true," and the proprietor is daily relieving them from persons who have been cured by the celebrated remedy. The (original and only) genuine article is only prepared by Dr. SWAYNE, N. W. corner of EIGHTH and RACE Streets, Philadelphia.

Remember, all preparations of Wild Cherry are fictitious and counterfeit except that bearing the written signature of N. S. SWAYNE. The only agents in Carlisle are MYERS & HAVERSTICK and STEVENSON & MEHAFFY, and MARTIN LUTZ, Harrisburg.

THOMSONS COMPOUND SYRUP OF TAR

D WOOD NAPTHA.

1000 PERSONS in Philadelphia alone can testify to the wonderful efficacy of that powerful remedy THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPTHA Read! Read! Astonishing cure of Chronic Bronchitis!!

Philadelphia, May 23, 1844.

Mr. S THOMPSON—Dear Sir. For more that four years past I had been dreadfully affiinted with an affectio nof the throat, which my physician pronounced "Chronic Bronchitis," caused by repeated and neglected colds. The distress suffured is indescribable. My throat was litterally raw with violent coughing, so that blood would come from it; also great oppression, pain and tightness at the chest ann fever—in short all the usual palmonary symptoms showed themselves, showed themselves, causing entire loss of necessary repose—my throat was leached and blistered over and over again. I made trial of every known remedy, and at different periods had the advice of six physicians, and all with no avail. About two months since I made trial of your Compound Syrup of Tar and Wood Naptha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I firmly believe, I should not now be living, had it not been for your invaluable medicine. WORMS. WORMS. WORMS.

HOBENSACK'S

MEDICATED WORM SYRUP.

OF all the afflictions which human flesh is subject to, there is none more distressing than that which afflicts the little sufferers from Worms. A painful and constant irritation, for the destruction of Worms. Advice to mothers. A stitch in time saves nine. Knowing our Worm Syrup to be the very best medicine for destroying worms, now in use, we would say to you, if your children should appear pale and emaciated, with offensive breath pain in the joints and limbs, voracious appetite, bloated stomach, sudden starting in their sleep with fright, and screaming, sense of something rising in the throat, itching of the ears, squeamishness, fits, nausea, &c., immediately obtain a bottle of Hobensack's worm Syrup, for in so doing you will not only save "a stitch in time," but bring back joy and health where reigned sorrow and disease; how much suffering and loss of life we see, through a want of proper attention and proper remedies; therefore, let it be the duty of mothers, in case any of their children should show any of the above symptoms, or procure immediately, the proper remedy—that remedy is in Hobensack's Worm Syrup, a medicine that has met with complete success and cures where every other has entirely failed; to which numerous certificates of highly respectable persons testify See pamphlets.

Messrs. J. N. & G. S. Hobensack:—Gentlemen Unsolicited, I send you this testimonial concerning your invaluable Medicated Worm Syrup. From early infancy, my daughter, now a child of 18 months, has been sorely afflicted with Worms, causing daily the most severe and distressing pains.—At times she would be almost frantic, and perfectly unmanageable; would run up and down the floor, and knock herself unconsciously against the walls. For a long time we were ignorant of the cause—at length being impressed with the belief that worms were the cause, we commenced giving several medicines for such a complaint, from which the child derived no benefit whatever. As a matter of course, she was much reduced in flesh, and had all the symptoms of such a complaint. Accidentally meeting with one of your circulars, we were induced to try your medicine. We had not used it but a few days before a great many worms were brought from her, one full six inches in length, and scales, varying in size from one to four inches. I need scarcely add, that the child was speedily relieved, and that too before we had used one $5 cent bottle of your Worm Syrup. She is now entirely free from those distressing pains, and doing well. I feel that it would be unkindness on my part to withhold it from you and the community this information. I do, therefore, unhesitatingly recommend your Medicated Worm Syrup as a medicine possessing super-excellent qualities. Very Respectfully,

C. HENRY PLUMMER,
Minister of the Gospel,
Marshall St. Edctor below Brown.

☞ One trial of this article will convince the most sceptical of its unprecedented virtues, and the money will be refunded in all cases if it should fail in giving satisfaction.

COMPOUND SYRUP OF
WILD CHERRY AND TAR.

For the cure of Pulmonary consumption, Coughs, Colds, Asthma, Influenza, Bronchitis, Pleurisy, Difficulty of Breathing, Pains in the Breast or Side, Spitting of Blood, Croup, Whooping Cough, &c.

THIS Medicine is rapidly gaining a deserved popularity in Affections of the Lungs The following certificates from respectable citizens of Philadelphia fully attest its merits. It has performed numerous cures in severe cases and where the usual remedies had failed to give relief.

Philadelphia, September 20, 1845.

Messrs. Robinson Collins & Co:—Being afflicted last spring with a very severe cough, with pain in my side and breast, soreness and weakness of the lungs, shortness of breath, loss of appetite, &c., I tried various remedies, but to no good effect, my cough still continuing and growing worse. Such was the distressing nature of the cough that I could not lie in bed night nor day, but was obliged to sit up in my chair, and could not sleep but very little at best, consequently, I was wearing out very fast, till you very kindly recommended Dr. Davis's Compound Syrup of Wild Cherry and Tar, the first bottle of which gave me relief, checked my cough, loosened the phlegm, caused me to expectorate freely, restored my appetite, relieved the pain in my side, healed the soreness of my breast, and strengthened my lungs, causing me to breathe freely. I have now taken ten bottles it has entirely cured my cough. I have gained considerably in flesh. I think it a most valuable medicine, and one that ought to be universally known, that those afflicted with colds and coughs may have a medicine both safe and sure to cure, if taken properly. While taking the medicine, I drank freely of molasses and water which I found excellent to keep the bowels open. If this statement can be of any benefit to the afflicted, you are at liberty to make such use of it as you may think proper.

MERRICK BARNES No. 6, Broad Street.

Several months since, my wife was attacked with a severe cough, attended with a pain in her side, which, from its obstinate continuance began to alarm her. A few doses of Dr. Davis's Compound Syrup of Wild Cherry and Tar relieved the pain and cured the cough; and by the time she had taken half a bottleful she was perfectly cured. She recommended it to an acquaintance, Mrs. Bannister, who was afflicted in both the same manner as herself, and the medicine proved equally beneficial in her case. Mrs. B. also recommended it to several of her friends, who were, I believe cured by it. This is my knowledge of Dr. Davis' medicine, and I deem it sufficient to recommend it as a valuable one.
