DR. LE ROY'S
VEGETABLE UNIVERSAL PILLS.

THE only known medicine that at the same time purges, purifies, and strengthens the system. Dr. Le Roy's Pill are a new medicine which has just appeared, and is fast taking the places of all others of the same class. These pills are composed of many ingredients, but the two principal ones are Sarsaparilla and Wild Cherry, so united that they act together; the one through its admixture with other substances, purifying and purging, while the other is strengthening the system. Thus those pills are at the same time tonic and opening; a desideratum long and eagerly sought for by medical men, but never before discovered. In other words they do the work of two medicines, and do it much better than any two we know of for they remove nothing from the system but the impurities, so that while they purge they strengthen, and hence they cause no debilitation, and are followed by no reaction. Dr. Le Roy's Pills have a wonderful influence on the blood; they not only purify without weakening it, but they remove all noxious particles from the circle before it is convened into fluid, and thus make impure blood an utter impossibility. As there is no debilitation, so there is no nausea or sickness attending the operations of this most excellent of medicines, which never strains or tortures the digestive functions, but causes them to work in a perfectly natural manner, and hence persons taken them, do not become pale and emaciated, but the contrary, for while it is the property of the Sarsaparilla, united as it is with other ingredients, to remove all that is foreign and impure, it is equally the property of the Wild Cherry to retain all that is natural and sound; and hence a robust state of health is the certain result of their united operations.

Read the following testimony to the value of the above medicine, from a well known citizen of Cumberland county.

DICKINSON TOWNSHIP, Nov. 20, 1847.

About six years since, in consequence of the sedentary nature of my business, I was attacked with severe pains in the breast, palpitation of the heart and shortness of breath, which were soon followed by a failure of appetite, extreme wakefulness at night, and pa tia, paralysis of my limbs—these symptoms of a deranged system being frequently attended with spitting of blood. For about two years I was also occasionally thrown into convulsions which left me in a miserable state of feebleness and began to affect my mind. From time to time my sufferings were more or less severe; until at length they increased to such a degree, and the violence of the symptoms were so augmented, that for a whole year I was unable to attend to attend to any business. During this time I consulted some able physicians and attended to their prescriptions; but all their skill was unavailing to procure me relief, and at length they regarded my recovery as entirely hopeless. In this condition I was informed of the salutary effects of Thomson's Compound Syrup of Tar and Wood Naphtha, in a case somewhat similar to mine, and though I had given up all expectations of a recovery of my former health by human means, yet being strongly advised to try the medicine, I was at length prevailed upon to do so, and I have now to say, that by the use of six b ttles my health has been restored, and I am now able to attend to business with as much facility as usual.

PURDON'S DIGEST,

A NEW edition of this long established work, brought down to the close of the last session of the Legislature, is this day published and ready for delivery.

This edition has been prepared by George M. Stroud Esq., the editor of the two last editions, who has bestowed great care upon it. The general plan of the original work has been closely adhered to from the conviction that being familiar to those who are most likely to consult it, it possesses intrinsically advantages over any other. A large number of additional references to the decisions of the Courts have been inserted, and the body of notes considerable enlarged.

The value of these notes are much enhanced in the present edition by appropriate notations indicating the precise portion of the tex which they explain.

Besides the preliminary Index to each particular title, a copious general index is given.

GARLEGAN'S BALSAM OF HEALTH.
An Approved Remedy for Dyspepsia, Colics, &c., &c.

THERE are two reasons why this medicine can be recommended to the public—one is, that most persons who have once got it buy it again, thereby showing that they regard it as a valuable Family medicine; the other is that testimonies are in the possession of the Proprietor of permanent cures having been effected not only in persons afflicted for a short time, but also in cases of long standing. It is composed altogether of a vegetable matter, is perfectly harmless, can be taken at all times, and is no hindrance to business. It restores and revives the animal spirits, cleanses the stomach from all morbid humors which cause indigestion and acidities. It also removes nervous tremors, rhumatic pains, and prevents their return; cures all colics of the stomachs and bowels, almost immediately takes away palpitation of the heart, and promotes the free circulation of the blood.

The direction accompanying each bottle contains a number of certificates one of which is given in this advertisement.

DEAR SIR:—about two years ago I was severely afflicted with dispepsia, which I had for the last fifteen years previous to the above named time, which was very much increased by my having a blood vessel ruptured upon my lungs, occasioned by lifting—which increased my complaint, dispepsia and general debility and weakness, to such a decree, that two or three years previous to my using the Garlegant's Balsam, I never ate a meal but my stomach became so painful that I had immediately to throw it up. Seeing Garlegant's Balsam advertised I was induced to try a bottle; after taken the very first dose it appeared to strengthen my stomach; and every dose of this first bottle helped me so much that in the course of a few days my stomach began to retain and digest every thing I ate. I continued to use the Balsam until I used several bottles, which cured me entirely, and restored me to perfect health, which I have enjoyed ever since; and not before for fifteen years. I cheerfully ecommend it to all persons who are afflicted with dispepsia or debility of stomach.
