Cruz on the 20th, the tollowing glorious news has been received, from the scene of action.

On the afternoon of the 17th nlt., the advance under Gen. Twiggs, numberig 2178,

encountered the enemy, when a severe but indecisive conflict ensued.

As the general order shows that General Scott's intention was to give battle only on the 18th, this action was brought on by the Mexicans. The main battle occurred on the 18th, and resulted in the complete triumph of the American arms. Santa Anna made his escape after the route of the army.

Gon. Le Voga was taken prisoner, with five other Generals, a long list of Colonels and subordinate officers.

They were entrenched upon several-large heights, upon which no loss than seven hatteries were planted, mounting 24 guns in all. One by one they fell

into our hands. At about 10 o'clock, a charge was made at several points by the regulars, the two Tennesssee, and two Pennsylvania regiments, which, for a time, was strongly oprately; but finally their trumpet sounded a retreat, and away went Santa Anna and the larger portion of his army as if "Old Nick" himself was after them! Later From Santa Fe. The Western Mail brings a month later dates from New Mexico. Mr. Sublette, from Santa Fe, which place he left on the 29th March, furnishes the details of the battle of Sacramento, fought 18 miles north of Chilu hua. The enemy's force numbered 4223 men, including some of the linest regular troops, well armed. The American force was 923, all told. The loss of the enemy was 300 killed, a great number wounded was 350 kined, a great number wounded, and 40 prisoners. The American loss 4 killed and 8 wounded one mortally wounded. Col. C. Owens, of Independence, was killed. The Mexican Colonel, Cuelta, was taken prisoner. The Americans captured 2 nine poun-ders, 7 four pounders, and 2 carriges, each mounting three pieces of one and a half inch tallive. They, likewise took a large quantity of amunifion and provisions, and bood in specie: The enemy were entrenched on im-mense piles of volcanic rocks, but were gallently driven from their position. Chihuahua was occupied on the 1st. of March by a deschment of the 1st Artillery under Captain.

A Naval Victory The New Orleans papers of the 3d have nformation that Tuspan was taken by ou Squadron, under Com. Perry, on the 19th o April, after severe resistance from the Mexican troops. The Americans had four men killed and about tourteen wounded! among them Com. Tatnull, Lieut, Parker, Lieut. Hartstene and Mid. Lowry, were slightly wounded. The Mexican guns were spiked and the place rendered defenceless, after the city of New York on Friday evening last which the Americans abandoned it.
