Hovey's Patent Spiral STRAW CUTTER:

The only Straw Cutter which has knives that are adjusted on the Cylender.

AN examination of these justly celebrated Cutters is alone deemed sufficient to recommend them to public favor. During the past year they have drawn the first premium from the New York State Agricultural Fair, from the Mechanics' Fair at Boston, from the Massachusetts State Cattle Fair at Worcester, and at every Fair where they have exhibited. These Machines combine every improvement necessary to make them excel all machines for cutting Hay, Straw or Cornstalks. The knives being supported by rings cast on the cylender are rendered sufficiently strong to cut the largest kind of corn stalks with ease and great dispatch—and as the knives are regulated by set screws, it gives them a great advantage over all other cylender cutters.

Notice to Tax Payers.

UNDER the provisions of the act of 1844 any county paying into the State Treasury the State tax levied on such county, prior to the 15th of July in any year, is entitled to an abatement of 5 per cent. on the amount so paid

The undersigned, Commissioners of Cumberland county, in view of the above provisions, consider it equitable and proper that those who by the prompt payment of their taxes prior to the above date, enable the Treasurer to pay over the State tax, so as to receive the aforesaid abatement of 5 per cent. the benefit of which has hitherto been enjoyed by the citizens of the county generally, should be allowed a deduction of that amount by the collector—have authorized the different collectors to make said abatement from the State tax, in all cases where the State and County tax is paid to the collector prior to the 15th of July, 1847, when said abatement shall amount to one cent or more, no fractions of a cent to be credited.

Since the act of 1844, the Commissioners have paid the State tax of this county annually to the State Treasurer, within the time prescribed by the act, and the county has received the benefit of an abatement of five per cent. thereon, but to meet said payment they have found it necessary heretofore to appropriate a part of the county funds to meet the deficiency occasioned by delinquents, until the balance of the State tax was collected. It therefore becomes necessary to require the payment of both State and County tax to entitle the payer to the aforesaid abatement upon the aforesaid State tax.

The undersigned therefore confidently anticipate that the above arrangement, and the further inducement of enabling Cumberland county to maintain the characteristic perseverance and fidelity which she has acquired in the discharge of her obligations to the Commonwealth, will induce every citizen to discharge their State and County tax prior to the 15th day of July.
