this present post, however.

On our first page will be found a plain statement of facts relative to the history and character of the Whig nominee for Governor thome of Gen. Irvin, and written by a neight of the respectability of his opponent, Mr. competition with the Public Works of the Churchill, nor the labor performed by him in bor who is intimately acquainted with the Mell, all who desire the office to bo placed State, and which bill is entirely free from all drilling the men, in seeing to the proper care history of his whole life, it embodies facts in the most competent hands will vote for individual liability or other restrictions! with which every voter should make him. Dr. Myers. self familiar. We cannot too strongly commend it to the attentive perusal of our readers.

The Whig Meeting !-- The Old

Spirit aroused. The Whig county meeting on Monday night was one of the most enthusiastic manitestations of popular feeling which our par- tation in office' displays a glaring inconsistenty has ever exhibited. The highest enthusiasm prevailed amongst the vast crowd, and monopoly of the treasurer's office. Four years the proceedings were full of life, spirit and ago he was elected to that office, and after energy. In obedience to the decision of holding it two years, he has, we believe, "the powers that be," (the Commissioners having given the court-room to the locos,) the capacity of Deputy. He wants to rotate an endorsement and APPROVAL of the imthe Whige held their meeting in the Marketinto the office now for two years more on House, and it was very well they did so, as his own account.

the court room would not probably have accomodated the half of those who were presor, and Joun Rupp, for Auditor, need no ent. We have the most brilliant anticipations of success in the numbers the spirit and the character of our meeting. The stagnant feeling which had existed is now fully aroupayers, in having a strict and economical sed, and we confidently predict a majority nanagement of them. of several hundreds for IRVIN, PATTON
