To Country Physicians.

Mexico has taken. Our legions rest in Montezuna's halls. The Southern sands were dyed with patriot-blood; Where thousands offered up their precious life; Where WORTH and PILLOW led their daring troops, And noble QUITMAN thundered o'er the plain, And Wool, and SHIELDS, and LANE, with many others, Gave proof how valiant, honest freemen fight. Of all these great events, you've been appriz'd, They're traced with honor on the historic page; Our Country like a giant presses on, Unfolding Fregdom's banner to the breeze, Till with a long, loud, universal shout, Humanity shall hail the blessed cra That marks a world, from all oppression free. And what the coming period has in store, We know not. Present signs prognosticate Events big wth the fate of many millions. The world with feverish anxiety looks For dismal things; politicians toil For private interest, and for public good; And hostile parties meet in angry strife. But let the PEOPLE keep a watchful eve Upon the ambitious. Let them cultivate A pure morality; and, THEY'LL have the power To check each vile, ambitious traitor. And new, once more, "a happy New-Year," To friends and patrons :- and may Heaven smile On all your lawful, virtuous efforts, And crown your earthly days with plenty, With peace, contentment, health and happiness.
