Messrs. Wyatt & Ketcham—Gentlemen, understanding that you are the general agents for the sale of Dr. Upham,s Vegetacle Electuary, for the cure of Piles, I have been afflicted for many years with Piles, and large tried various remedies, but with no beneficial effects—indeed, I began to consider my case utterly hopoless. But about the first of September lost, I was prevailed upon by a friend to make a trial of the above named medicine. I took his advice and rejoice to say that I am not only relieved, but, as I believe, perfectly cured. I most carnestly recommend it to all who may have the misfortune to be affleted with that annoying and dangerous disease.

Very respectfully, your obedient servant.

REMARKABLE CURE OF PILES!—THIRTY YEARS STANDING!;

Mount Washington, Berkshire co, Mass. \
November 29, 1847. \
Messrs. Wyatt & Ketcham—Gents: For thirty years I have been afflicted with Piles, general debility and inflammation, causing tumors and prolapsus of the bowels, and which had resisted all the medical-treatment Dr. Chapman and others could give. The last three years of that time my sufferings defy description. I was confined to bed, unable to help myself, and at last given up by my physician and friends in-despair of ever gaining health: in fact for three days before I commenced using Dr. Upham's Eelectuary, I was entirely speechless and my burial clothes were made. But under Providence, and the use of Dr. Upham's Electuary, though an old man, I have the pleasure of stating the fact to the public that my health is now good, and hope to live many years, if itips God's-will-to-make-known the Virtues of Dr. Upham's Electuary, and to recommend it to my afflicted fellow-creatures. It helped me beyond the expectations of all that knew my crose, and I can only say to others that it is, in my opinion, the best medicine in the world for Piles, or any other disease of the bowels; and if they will use it according to the directions, I will myself warrant a cure in every case. Yours, with the utmost expression of mankfulness,
