ALDOSALAS TEMPERANCE,

As advocated by the Sons of Temperance and the Rev. J. CHAMBARS, of Pleiludelphia, tes-the by the Bube. The subject of a Discourse delivered by the Rev. J. Mess LILDE Dec. 30. The Socond Presbyterian Church, of Car-tiste, in reply to the Speech of Rev. J. CHAM-BERS, Dec. 20.

PROV. XVIII. 17. "He that is first in his own cause seemeth just, but his neighbor cometh and searcheth him."

I feel myself bound-by-the-most solemn obligations as a minister of Jesus Christ to protest against the principle on which the whole speech of Mr. Chambers was founded. That principle was that intoxicating drink, under every form, was our Lord into the supper.) In the few a poison and a curse. All that followed about those who furnished it being poisoners and the worst of criminals, was the did not use wine at the passover. I have simple inference from that assumption. I on the contrary maintain that it is in- what he says on the passover in p. 354: stand on such ground. The Bible does not speak of wine as Mr. Chambers and cup of benediction.". "It is true he adds too many are constantly in the habit of the wine is mingled wITH WATER. But doing. On the contrary, the whole strain this only proves that an intoxicating drink of the divine teaching in both Testaments, is referred to; as there would be no meandemonstrates the very opposite of what ing in putting water in mere grape-juice those teachers so confidently promulgate. "This I now undertake to prove.

We are informed (Gen. 1x. 20, 21) that Noah made wine and drank to excess .---Mr. C. would infer from this that the "preacher of rightcousness" made poison, and committed a foul outrage on morality in tasting it. But how then would he if in this they had innovated on the exexpound Gen. xiv. 18: Mechisedeck refreshed "the friend of God" with the same kind of liquor which intoxicated Noah.-How do we know that Melchisedeck's wine. "beverage was the same as Noah's? Because the very same word, not in the En-Flish Bible merely, but also in the Hebrew, is employed to designate both. Let runner. The one was called a wine-Mr. C. find any one to shew that Noah's bibber, the other a madman. The reason WINE was totally different from Melchisedeck's. Now then if Mr. C. will have it that Noah was a self-poisoner when he got drunk, what will he call Melchisedeckthe king of righteousness-the greater than Abraham, though Abraham was the friend of God ? Was that royal priest, a glorious type of the Son of God, a poisoner ? And was "the friend of God" and father of the faithful such a fool, as to take the poison at his hands, and allow i to be given to his worn-out followers? When Isaac blessed Jacob (Gen. xxvii. 28.) under the immediate impulse of the

Holy Spirit, he said "God give thee plenty of WINE." But according to Mr. C. and the thousands of heretics whom he rop- water into wine that there might be no resents, this must have been a curse in stead of a blessing, which Isaac by the pardon is impossible, I dare not assert; ity on which this light prophet is floating,
