TRIBUTE TO LIEUT. JENKINS .- The N. O. Picayune of a late date, contains the following letter from an officer of the Army, paying a just tribute to a lamented young officer, who fell a victim to disease while on service in Mexico. Lieut. JEN-KINS was several years ago stationed at the Carlisle Barracks, and was a son-inlaw of Major Sumner, formerly the esteemed commandant at this post.

VERA CRUZ, Mexico, Oct. 19,447. Mesare Editors:—With deep sorrow I das Jenkins of the 1st Regiment of U.S. Dragoons, who departed this life last evening, about 6 coloock, P. M., at the evening, apput o colocks, r. m., at the Globe Hotel in this city, and was interred this afternoon with the honors of war, in presence of a large number of officers of the army.

Lieut, L. Jenkins, born in the State of

N. York, graduated from the West Point Military Academy, with a diploma and distinguished honors, in 1841, when he was appointed brevet 2d Lieutenant in the 1st Regiment of Dragoons. He was promoted to 2d lieutenant of that regim'tn. December of that year, and 1st lieutenant in June of 1830; having seen hard service during the man. Drold & Caposinor The peculiar feature of Lieut. Jenkins' years a mattyr to chills and lever, he never heeded the debility engendered thereby, but when orders called his foot was

ever ready for the stirrup.
This embusiasm probably caused his acco iscuse, and certainly facilitated his death. SED TANE LABE DECUS, ever seemed to be

tended by that skilful physician, Dr. C. A. Finley, of the U. S. Army, the medical director, and the best female nurse in Vėra Cruz....

In your extensively circulated journal, his obituary will meet the eye of many who were strangers to the deceasedmany who were his associates-many who who were his relatives -of NONE who were his enemies.

His associates, appreciating his excelence as a gentleman and an officer, need no panegyric of mine to embalm him in their memorics. Plain as Truth herself. unostentatious as a pilgrim, blest with amiability of disposition, Jenkins was a welcome guest-to-every-circle, his-hospitable-fireside the focus of sociability and good will. He was kind to those below -agreeable and friendly to those on a level-subordinate and respectful to those above him.

To his relations this announcement will be a sad, sad blow. He has left unfinished letters to his parents and to his family. How desolate will be their hearts on reading these lines, to reflec that the fond heart that prompted them is throbless forever! A tender, doting wife, the daughter of the gallant Sumner, who has reaped rich and unfading laurels on the bloody fields of Mexico, who shall estimate her anguish! Scarce two months since, her infant smiling by, she gave him her parting embrace. None save those who have "lived and loved together" can fully sympathise with two fond hearts parting, even for a while-especially of two hearts cemented by a chord stronger manded us, saying: Ye shall drink no even than love-a first, an only child.-Yet, in parting there is a balm to the heart of the soldier's wife—the certainty that HE will return. Can she think otherwise? Return, not only, but crowned with laurels! Now dear as a husband-THEN dearer as a hero! Alas! a few brief weeks to learn that disease has robbed her infant of its father-her heart of all it cherished!

I will not attempt to soothe the widow's anguish, further than to assure her she is not solitary in her sorrow; that friends far away, surrounded by perils, ignorant when their own hour may come to meet the Destroyer by pestilence or word, deeply and sincerely condole with her in her sad bereavement. I have deemed it my day to volunteer a recommendation in behalf of the invaluable medicine. I have been afflicted formany years with Piles, and have tried various remedies, but with no beneficial effects—indeed, I began to consider my case utterly hopoless. But about the first of September last, I was prevailed upon by a friend to make a trial of the above named medicine. I took his advice and rejoice to say that I am not only relieved, but, as I believe, perfectly cured. I most carnessly recommend it to all who may have the misfortune to be affleted with that annoying and dangerous disease.

Very respectfully, your obedient servant.

REMARKABLE CURE OF PILES!—THIRTY YEARS STANDING!

Mount Washington, Berkshire co, Mass. November 29, 1847.

Mossrs. Wyatt & Ketcham—Gentis: For thirty years I have been afflicted with Piles, general debility and inflammation, causing tumors and prolapsus of the bowels, and which had resisted all the medical treatment Dr. Chapman and others could give. The last three years of that time may sufferings defy description. I was confined to bed, unable to help inyself, and at last given up by my physician and friends in despair of ever gaining health: in fact-for three days before I commenced using Dr. Upham's Electuary, I was entirely speechless and my burial clothes were made. But-under Providence, and the use of Dr. Upham's Electuary, though an old man, I have the pleasure of stating the fact to the public that my health is now good, and hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Electuary, and to recommend it to my afflicted fellow-creatures. It helped me beyond the expectations of all that knew my case, and I can only say to others that it is in mysopinion, the best medicine in the world for Piles, or any other disease of the bowels; and if they will use it according to the directions, I will myself warrant a curo in every case. Yours, with the utmost expression of trankfulness; CORNELIUS SPUR.

Egranont, Berks co, Mass. November 29, 1847.

The above certificate tells a simple and truthful story of suffering and relief, of which, as physician and witness in the case, I cheerfully endorse.

VEGETABLE UNIVERSAL PILLS.

THE only known medicine that at the same it ime purges, purifies, and strengthens, the system. Or, Le ltoy's Pill sive a new medicine that him fust appeared, and is fast taking the places of all others of the tame class. These pills are composed of many ingredients, but the two princepal ones are Sarsaparilla and Wild Cherry, so unted that they not together; the one through its admixture with other substances, purifying and pinging, while the other is strengthening the system. Thus those pills are at the same time tonic and, opening, a desideratum notes, and eagerly sought for by medical men, but mover, tefore discovered. In other words, they do the work of two medicines, and do, i much better than, any two we know of: for they removed nothing from the system but the impurities, so that while they purge they frieng hen, and hence they cause no debilitation, and are, followed by no reaction. Dr. Le Roy's Pills have a wonderful influence on the blood's they not only purify without weakoning it, but they remove all noxious particles from the chyle before it is convenied into fluid, and thus make impure blood an utter impossibility. As there is no debulitation, so there is no nausea or sickness attending the operations of this most excellent of medicines, which never strains or toptures the digastic functions, but enuses them to work in a perfectly natural manner; and honce pursons lake fitten do not become pale and emaciated, but the centrary for while it is the property of the Sarsaparilla; united as it as with other ingredients, to require and the retrieve of the two did not in and hence a robust state of health is the certain resent of their mited operations.

M'ALLISTER'S CINTMENT.

M'ALLISTER'S. CINTMENT.

IT has power to cause all external SORES, SCROPULOUS humors, SKIN-DISEASES.
POISONOUS WOUNDS, to discharge their put tild matters, and then heals them.

It is rightly termed All-healing, for there is soarcely a disease, external or internal, that it will not benefit. Thave used it for the hast lourteen years for all diseases of the chest, consumption and liver, involving the utmost danger and responsibility, and I declare before heaven and man, that not one single case has it failed to benefit when the patient was within the reach of mortal means.

I have had physicians learned in the profession. I have had ministers of the Gospel, Judges of the heach, Aldermen, Lawyers, gentlemen of the highest crudition, and multitudes of the poor use it in every variety of way and there has been but one voice—one universal voice—saying, "Mc-Allister, your Ointment is GOOD."

CONSUMPTION:—It can hardly be credited that a salve can have any effect upon the langs sexed as they are within the system. But, if placed upon the chest, it penetrates to the lungs sexed as they are within the system. But, if placed upon the chest, it penetrates to the lungs sexed as they are within the system.

It is curing persons of Consumption continually. HEADACHE.—The salve has carred persons of the headache of 12 year's standing, and who had it regular every week so that vomiting often took place.

Deafness and Ear Ache are helped with like RHEUMATISM.—It removes almost immediately the inflamation and swelling when the pain ceases. Read the direction around the box. COLD FEET.—Consumption, Liver Complaint, pain in the chest or side, falling off of the hair one or the other always accompanies cold feet. (This ointment is the true remedy.) It is a sure sign of disease to have cold feet. In scrofula, old sores, crysipelas, saltrheums liver complaint, sore eyes, qu'nsy, sore throat, bronchitis, broken or sore breast, piles, all chest diseases such as asthma, oppressions, pain—also, sore hps, chapped hands, tumors, cuts neous eruptions, nervous diseases and of the spine, there is no medicine now known as good.

SCALD HEAD.—We have oned cases that actually defied every thing known, as well as the ability of 15 or 20 doctors. One man told us he hability of 15 or 20 doctors. ASA FURTHER EVIDENCE

That the principle of curing disease by clean-ing and purifying the body, is strictly in accor-dance with the laws which govern the animal economy; and if properly carried out by the use ot Wright's Indian vegetable pills, WRIGHT'S INDIAN VEGETABLE PILLS, Will certainly result in the complete abolition of disease; we offer the following testimonials, from persons of the highest respectability in New York who have recently been cured of the most obstract complaints, solely by the use of Wright's Indian Vegetable Pills of the North American College of Hunth.

CERTIFICATES OF CURES.

···· · Fram Now York City. DR. WM. WHORT:—Dear Sir,—At your recommendation, I some time, since made trial of
Wright's Indian Vegetable Pills, of the North
American College of Health, and can conscientiously assert that for Purifying the blood and renovating the system, I have received more benefit
from their use than from any other medicine it hasheretofore been my good fortine to meet with.
I am, dear sir, with many thanks, your obliged
friend, CHARLES M. TATE,
No. 60 Hammersly street, New York.

From Warwarsing, N. Y. From Warnaring, N. Y.

Dear Sin,—I lists, been afflicted for apveral years with inward weakness and general debility, necompanied at times with pain in the side and other distressing complaints. After having tried various medicines without effect, I was persuaded by a friend to make frish of Ir. Wright's Indian Vegetable Pills, which I am happy to a site have relieved me in a most wonderful manner. I have used the medicine as 'yet but a short time, and have no doubt, by a perseverences in the use of the medicine according to directions, that I shall in a short time he perfectly repaired.

I most willingly recommend said fills to all persons similarly afflicted and in the full, better that the same beneficial results will follow their use.
