Sands' Sarsaparilla.—It is a truth which whould be impressed on the young and reckless, that every disestive-process of the stomach, every respiratory action of the lungs, every contraction of the heart, draws something froin the unreplenishable resources of organic vitality. It is important, then, for shose who desire long life, to husband those resources and suffer disease to make as few and as short drafts upon them as possible. The great thing is to check any derangement of the secretions at the outset, and when the fulfide which form the basis of the blood become impure, to restore them as speedily as possible to their natural condition. For this purpose Sands' Barsaparilla will be found a potent agent—attempthening the digestive organization, purifying the secretions, and rollexing the howels by its gentle aperient operation from all obstructions. In cases of general debility, and in ulcerous and eruptive diseases, this preparation has produced most extraordinary and happy results.

Chester county, April 25, 1816.

Dr Swayne—Dear Bir—I verily believe your Company of the Cherry, has, been the means of saving my life. I caught a severe cold, which gradually grew worse, attended with a severe cough, that resisted all the remedies which I had recottes to, and still increased unit my case exhibited all the symptoms of Pulmonary Consumption. Every thing I tried seemed to have no effect, and my compaint increased so rapidly that my friends, as well as myself, gave up all hope of any recovery. At this tine I was recommended to try your invaluable medicine, and did so with the most happy results. The first borile had the effect to lossen the cough, causing me to expectorate freelo, and by the time I had used six bottles I was enjirely well, and am now as hearty a man as I ever was in my life, and would be happy to give any leformation respecting my case, that other sufferers may derive the benefit for which I am so grate ful. For the truth of the above statement I refer you to Peter Rush, Grocer, West Chester, of whom I purchased the medicine. Raspectally yours.

Cambridge. Vt. June 18, 1846.

Mr. Seth W Eowle—Dear Sir—For several years past my usual good heath has been occasionally interrupted by spells of coughing, produced by colds—a year ago last winter I was brought to the yerge of the grave by a very severe cough, accompanied with pain in both sides, between the shoulders, &c. which with lone continued night awents and other alarming symptoms, reduced use so low that my friends despaired of my recovery. I consulted physicians and tried the digitous remedies of the day but none of them cured tue. At last I procured Dr. Wishar's Blasam of Wild Cherry, and it saved my life. I have not enjoyed better health for many years, therefore I can recomment others who need it to try it.

Atwood's Empire Cooking Stove.

In again calling attention to this unequalled STOVE, the proprietor has the pleasure to inform the public that (externally) it has undergone an entire change—the pipe and hearth placed opposite each other, and a SUMMER HEARTH AND BOILING APPAIKATUS, being added, thus rendering it faultiess, and unless there is another faultless Stove in the market, this is unquestionably the best, as it now embraces every valuable improvement possessed by any other Stove, in addition to some peculiar to itself, secured by Letters Patent.

The success of this Stove since its introduction is unequalled. Nothing has ever been offered for culinary purposes that has given such general satisfaction. Stoves have been copied after its form; some dealers have even used its fundamental principles, but the proportions were so unlike the original, that they bear the relative value that a counterfeit does to a genuine coin. Complete COOK and other COOK STOVES in great variety. Persons desiring these admirable Stoves, are requested to call at the Stove and Tin-Ware manufactory of the subscriber, on Main street, Carlisle, who is agent for Cumberland county.
