50,000 Deaths by Consumption, would perhaps be a small estimate for the ravages of this dreadful disease in a single year; then add the fearful catalogue of those stricken by inflammation of the Lungs, Hemorrhage, Asthma, Coughs, Influenza, Bronchitis, and other diseases of the lungs and Liver, and the list would present an appalling proof of the fatality of these two classes of diseases. But it is important to know that nearly all of this dread waste of human life might have been prevented by a timely use of Dr. Swayne's Compound Syrup of Wild Cherry.

This medicine has now been before the public some eight years, and is the original preparation from the Wild Cherry Tree. Its reputation as a remedy for Coughs, Colds, Bronchitis, and Consumption of the Lungs, based entirely upon its intrinsic merits, owes but little to unlimited newspaper puffs. Those who give it a trial, being benefitted by it, recommend it to their neighbors, and thus gradually and surely has it gained an enviable reputation, and worked its way into general use. One bottle never fails to cure a recent cough or cold, while with strict attentions to the directions that accompany each bottle, its use in pulmonary diseases of long standing and of the most alarming character, has always given relief, and in very many instances has effected complete and permanent cures.

Important Caution.—Remember, all Balsams, Bitters, Syrups, &c. claiming the name of Wild Cherry, (except Dr Swayne's) are fictitious and counterfeit. The genuine is put up in square bottles, covered with a beautiful wrapper, bearing the likeness of Wm Penn, also Dr Swayne's signature. None other is genuine.

Prepared and sold by D. H. Swayne, N. W. corner of Eighth and Race streets, Philadelphia.

Sold in Carlisle by W. S HAVERSTICK and S. ELLIOTT.

While Life remains we still have some hope.—Dr. Wistar's Balsam of Wild Cherry—No Quackery—No Deception. In setting forth all the Virtues of this truly great medicine, we have no desire to deceive those who are laboring under affliction, nor do we wish to eulogize it more than it justly deserves. Yet when we look around and see the vast amount of suffering and distress occasioned by many of the diseases in which this medicine has proved so highly successful, we feel that we cannot urge its claims too strongly, or say too much in its favor.

Various remedies, it is true, have been offered and puffed into notice for the cure of diseases of the lungs, and some have been found no doubt very useful; but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed its effects, that none have proved as successful as this. For Asthma, Shortness of Breath and similar affections, it may be pronounced a positive cure. It has cured Asthma in many cases of ten and twenty years' standing, after physicians had declared the case beyond the reach of Medicine.

Atwood's Empire Cooking Stove.

IN again calling attention to this unequalled STOVE, the proprietor has the pleasure to inform the public that (externally) it has undergone an entire change—the pipe and hearth placed opposite each other, and a SUMMER HEARTH AND BOILING APPARATUS, being added, thus rendering it faultless, and unless there is another faultless Stove in the market, this is unquestionably the best, as it now embraces every valuable improvement possessed by any other Stove, in addition to some peculiar to itself, secured by Letters Patent.

The success of this Stove, since its introduction is unequalled. Nothing has ever been offered for culinary purposes that has given such general satisfaction. Stoves have been copied after its form; some dealers have even used its fundamental principles, but the proportions were so unlike the original, that they bear the relative value that a counterfeit does to a genuine coin.

Complete COOK and other COOK STOVES in great variety. Persons desiring these admirable Stoves, are requested to call at the Stove and Tin-Ware manufactory of the subscriber, on Main street, Carlisle, who is agent for Cumberland county.
