# "THE CAMPBELLS ARE COMING!"

Great Demonstration in Favor of Gen. Taylor!

The workmen of Cumberland Furnace having resolved on raising a Pole and Banner, demonstrative of their feelings in favor of Gen. ZACHARY TAYLOR, on Saturday evening, the 22d ult. and the matter becoming known, the hardfisted, independent boys of the neighborhood, without reference to old party lines, rushed to their assistance in great numbers. The meeting was organized by the appointment of the following persons as officers:

President-RICHARD WOODS, Esq Vice Presidents-Thomas W. Black, Joshua Sellers, John Fishburn, Sr., Geo. W. Quarterman, Jacob Blyler, Henry Shenk, Philip Parlet, David Rhoads, Ja-cob Glass, John Bowers, Samuel Sellers, Henry Smith, John McKinney, George Gibler, John Kuhn, Robert Echo, Geo. Lilly, Philip Coal, David Kuhn, Abraham Ocker, Benj. Wireman.

Secretaries Dr. J. W. Shriver, Peter E. Weakley, Henry Reeser, Wilson Hubley, Adam Coover, J. G. Williams, Henzy Sheaffer, Fred'k. Fisher.

On motion, the following persons were appointed a committee to draft resolutions expressive of the sense of this meeting, viz: Mont. Donaldson, Esq., John T. Green, G. D. Woods, Geo. Ewing, David-Rhoads, Conrad Johnson and Jas. Oliver; who having retired for a short

Rahways Medicated Soap.

3 Great Excitement in Pritsburg !—Our agent of this place writes of a mysterious incident which occurred in that place, in relation to an excellent young lady, but who unfortunately possessed a very repulsive complexion. Her face was covered with pimples, blotches, pustules,—her skin dark and yellow, cracked and chapped—her lips in cold weather would become sore and bleed. She had, however, several good traits, one of which was to read the newspapers. One morning as she was looking over the columns of the Dispatch, she saw in large letters the words Radway's Chinsse Medicated Soat! As a sure exterminator of all skin blemishes, with a direction for all ladies to read the papers! Now mark the advantage. On Sunday morning she took her place as usual, among the choristers, and to the utter surprise of her fellow-songsters, presented a complexion as fair as filly and beautiful as the most admired belle of the town.—Strange wondering and much excitement was exhibited by the busy crowd, and nothing short of an explanation of how this sudden transformation from ugliness to beauty was attained, would answer. The lady, like all her sex, full of gentleness and kindness, explained the cause, and to the great, grand and been ficial effects of Radway's Medicated Chinese Sonp, which she had been using for two weeks, was awarded the full approbation of the people, as the 'restorer of lost heauty.' Our agent concludes thus—'Since the above has become known I have had a perfect rush for Rahway's Soap.'

### Medicines!

Dr. Keeler's Panacea,

OR the removal and permanent cure of all diseases arising from an impure state of the Blood and habit of the body; viz; Chronic diseases of the Chest, Pleurisy Bronchilis, Catarrh, etc. Scrofula in all its forms, Tetter, Scald head, Cutaneous affections of the face and extremities, chronic Rheumatism, and Hepatetis, chronic Enlargements of the Joines, White Swellings, Syphilitic Affections, Constitutional disorders, arising from debility, Mercurial and Hereditary predispositions, &c. stitutional disorders, arising from debility, Mercurial and Hereditary predispositions, &c.

Drur every change that is taking place in the body, it is manifest that it is brought, about by something having a substantive existence. If we suppose the organs of our-body originally perfect, they must continue perfect unless changed by the intervention of something that bears an unhealthy relation to it. In all, cases of disease, there must be the interposition of some new ingredient which by playing its part as a cause, served to modify the properties before connected with the body. It is absurd to talk of spontaneous disease taking place in organs previously Jigelthy, without the interposition of some morbific agent; as well might we expect a piece of chalk to transfer itself spontaneously into Plaster of Baris, without the aid of Sulphuric Acid. In all disease there is a prior cause which must be removed, thro' the agency of the Blood. For this purpose there is no remedy superior to the Panacea. In evidence, the following is submitted to the public:

Philadelphia, Jano 7, 1847.

Having been apprised of the nature of the Panacea, it affords me-much pleasure to be able to recommend it as a valuable remedy for all those chronic, constitutional and glandular diseases, to which it is especially adapted. To those who are afflicted, and require medicine as an alterative, they cannot obtain it in a more agreable, active they cannot obtain it in a more agreable, active and uniform state than is to be found in the Panacea. I have used it in several instances with decided and signal success. Yours, &c.

body.

In all cases enumerated above, Dr. Trepha-gan Sursuppolitarniphity and surery restores to heath. A trial will satisfy any one of the truth of these representations.

TO THE LADIES.

Delicate Females who suffer from the obstructions and debility to which Ladies of sedentary habits are liable, will by the use of one or two bottles of Dr. Traphegan's Sursaparilla, regain their health and color. It is valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system.

Ladies who lave pale complexions, dull cyes, Motches eather face, rough skin or freekles, and are low spirifed, use Dr. Traphingan's Sarsaparilla: It will cleanse the blood, remove the freekles and blotches, and give you an animated countenance, spirkling; eyes, fine spirits, and heautiful complexions.

Children who are suffering from bad and unhealtly himore of the blood, can be quickly restored to health, attempth and bloom. Dr. Traphingan's Sarsaparilla being very pleasant and palatable, children take it readily, and such as are thin and weakly soon wear a robust and healthy appearance. It can be administered to Inlants with perfect safety, and such as are suffering from Summer Complaint will receive great relief.

Nothing can be more astonishing than its invigorating effects upon the human system. Person, sall-lassinude and weakers before taking it, at once become robust and healthy under its influence

I had as a matter of course, lost all confidence in medicine.—Under this feeling-I was induced—not without reluctance, I confess—to use Upham's Effecturary, and having used it about three weeks, according to the directions laid down, I find to my surprise, as well—as—suitsfection—that every symptom of the disease has left me. I think it due alike to Dr. Upham and myself to make this statement. G.W. McLEAN—Addressed to the agents in Columbis; Ga:

Portland, Me., Match 14

My Dear Sir—I cunnol express to you my sincere and heart felt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary.—I have been a perfect martyr to the Bleeding Piles for the years past, so much so, that I become reduced to a more, keleton, with loss of appetitic and general derangement of the digestive organs; my eyes also became affected, and an fact. I was a misery to myself, and was obliged to give up my office here, which I held in the Custom House some years. I have tried all kinds of medicine, had the best advice The physicians of Bos on and this place could give; spent much money and twice submitted to a surgical operation. I had become perfectly itred of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found relieved me slightly, still I persevered and purchased a second, and assure you when I got, half through I found my self getting well, I still kept on, and now I am a new man. My dear sir, language cannot express my thanks, thanks

Mossis. Ketchum & Honshaw—This certifies that I have been severoly efflicted for many years with the Piles, but more particularly within the last nine months. Having used all the remedies prescribed by my physician, also having tried other means to little or no adv santage, I became very much discouraged and felt as though I must suffer as long as I lived, But providentially I was informed by Mr. Mott, instructor of the public school at Staten Island, that I could be cared by your valuable Pile Electuary. Having confidence is his statement, I immediately procured some of the medicine, and, am very happy to inform you that I am now perfectly cured by the use of only one bex. Very truly your obedient servant.
