A Word in Season to Whigs. THE TIME FOR ORGANIZATION AND

ACTION HAS ARRIVED! What are the friends of TAYLOR night and day with desperate energy, in order to make up by exertion what they lose through a weak and unpopular candidate? It is even so, and while it is ly doing nothing. Whigs of Cumberto rouse from your slumbers and co to work! If you do not organize now, it will soon be too late! We have every thing in our favor-we have popular principles—we have a candidate, the hero of three wars, who "never surrenders" and who never lost a battle! Victory for the office, in the newspapers, but, on the beckons us on to exertion-every sign of contrary, much evil may anse. Draw up a other good Whig, we shall bow with subsimple declaration of your intention to support the Whig candidates at the ensuing election. Let it be signed by all present, and then proceed to elect officers of the Club. Then resolve that you will meet again once every week or two weeks, from now until the election, to receive signatures to the roll. Addresses and songs are essential to the interest and spirit of a meeting, but if speakers cannot be secured, each Club ought to select one or two of the best readers among its members, and have the phies of our candidates, or popular political essays, that are published, read before the Club. Whigs should ever act and vote upon an intelligent understanding of our great party principles and measures, and this is an admirable way of diffusing information. There was a oud Lue and cry in the Locoloco ranks in 1840, and in 1844, because the Whigs had no platform-"no principles " The same cry is now again vociferously sent up. When Son.
