LETTERS of Administration on the estate of Dr. JOHN CREIGH, dec'd, late of the bo-rough of Carlisle, have been granted to the sub-scriber by the Register of Cumberland county.

of Cumberland county for making Crow-cil's Patent Thermometer Churn, they would respectively inform the Farmers and public in general, that they will make and offer for sale their Churns at the Cabinet Ware-room of Gene Spangler, in N. Hanover street, next door to the office of D. Smith, Eag.
 The principal advantage this Churn has over all others is, that it is so constructed that the top can be taken off No as to give free access to the inside of the churn, which makes it convenient to put in the cream and get dut the butter. A Thermometer is attiched to the end of the Churn so as to show the 'exact temperature' of space is airanged around the bottom of the cream. The secret in churning butter is, the cream. The secret in churning butter is, will produce more and better butter, and this good butter all seasons of the year, is to gettor in-to do arow mwenther—no such thing as having you butter all seasons of the year, is to gettor of Crowell's Patent Thermometer Churns. We would most respectively invite the public to call and examine for themsolves.
 Mr. Geo. Spangler—Sir: We have been using the Thermometer Churn I got of you for some the Thermometer Churn I got of you for some

Nr. Geo. Spangler-Sir: We have been using the Thermometer Churn I got of you for some time, and find it fur superior to the old barrel churn for several reasons; first, great saving of times in getting buttor, the averago time of churn-ing about fifteen minutes, (all weathers); sec-ondly, the butter when obtained is much firmer than when using any other churn; finnely, my folks sny they would not oxchange it for any other churn and twice the original cost of the Thermometer Churn. Sep. 23, 1848.] LETTERS Testamentary on the Estate of MOSES STORY, late of Hampdon township MOSES STORY, late of Hampdon township, Cumberland county, dec'd, have been granted to the subscriber, residing in the same township. All portons having demands against said estatic are requested to make known the same without delay, and those indebted to make payment to GEORGE SHERBAN, nov15-6t Executor

Auditor's Notice. THE Auditor appointed by Rp. Court 56. Common Plens of Cumberland county, to mar-shal and distributo the assets in the hands of Henry Leidigh, assigned of JSAAC KEMPER will attend to the duties of his appointment at his office in the borough of Carlisle, on Sharr-day the 9th of December next, at 10 o'clock in the forenoon. At which time and place credi-tors will present their claims, and all parties in-ierested may attend, if the' think proper. "nov32-3t" W. B. KNOX, Auditor Notice. Having this day purchased of John E. Foreigr

Cartisle, Aug. 17, 1848. For the banefit of the better part of man (wo-man) I give this certificate. After using the Thermometer Churn made by Mr. Snangler of this place; I would have none, other in my fami-iy. We have been using the old barrel churn-for thirty years past, and I must say it is not to be compared to Crowell's Thermometer Churn-either for speed of churning or convenience ; in the old barrel churn it took generally from four-n the old barrel churn it took generally from four-t as hours' to churn the churning; now in the Thermometer Churn we can churn hutter in from fifteen to twenty misures, by brining the cream to the proper temporature. I can recom-mend is to the public as no chert. JOSEPH SHROMS, Cartisle, Sep. 4, 1848. THE has also on hand. Thermotic Churry and Pear, together, with Having this day purchased of John E.
