From the Albany Cultivator. Characteristics of the Season 1848:

" In this latitude, any show of ve. et mon before the 2d spring months, is always regarded as premature; hence the adage that fall the grass which grows in March will die in April." In fact it is not usually, fill the near approach of May that the greenness of the fields and forests

becomes fairly conspicuous. April last, exhibited nothing to excite Sin B.-Higliest price given for Furs, Lamb particular remark, except that the month was very dry. May commenced with

abundant rain, which suddenly clothed the trees with foliage of unusual rich-

weather after it was out.

good quality. BARLEY did i of yield as well as usual in the central perions of the state, where its is cultivated extensively, but in some other sections the crop was fine. OATS are generally heavy, though

with rather a disproportion of straw. INDIAN CORN, that important article for heme consumption, and which is becoming every year more valuable for export tation, has been good-except in the col-

der and more northern parts of the country, where, in some instances, it failed to ripen fully. But taking the whole coun-

or less affected about the first August, and in some instance suffered to the a-mount of fifty per_cent_or_more. The SAM'L. MYERS.

mount of fifty per cent or more. The general yield, however, was light-in general yield, however, was light-in many places not half an average-even where the tubers have shown no symp-toms of decay. Our accounts from Eu-rope represent the disease as less viru-lent, generally, than in former years. In England and Scotland, the crop is deci-dedly better than that of 1847, and in Ire-land, the destruction has been less, ex-cept in a few districts. Of Fauurs there was an entire failure,

Of FRUITS there was an entire failure in this vicinity, of cherries, plums, and peaches, occasioned, as is believed by the starting of the buds in the fall, and

TO BUTTER MARERS.

TO BUTTER MAKERS. THE subscribers having purchased the right of Camberland county for making Grow-ell's Patent Thermometer Churn, they would respectful y inform the Farmers and public in general, that they will make and offer for sale their Churns at the Cabinet Ware-room of Geo. Spangler, in N. Hanover street, next door to the office of D. Smith; Esq. The principal advantage this Churn has over all others is, that it is so constructed that the top can be taken off so as to give free access to the inside of the churn, which makes it convenient to put in the cream and get out the butter. A Thermometer is attached to the end of the Churn so as to show the exact temperature of ripen fully. But taking the whole coun-try together, the crop has never done better, and the quantity produced must be unprecedented. The best process of kiln-drying this grain are coming into use, by which we are enabled to send it to foreign ports in good order, and it can be brought from the interior of our coun-try, where it is raised at a cheap rate. Porators have been less injured by the "disease" or rot, than for the last three or four years. The crop was more or less affected about the first August, and in some instance suffered to the a

REMARKABLE CURE OF SOROFULA.

REMARKABLE CURE OF SOROFULA. Southport, Conn. January 1, 1848. Messrs. SANDS: --Gentlemen--Sympathy for the afflicted induces me to inform you of the remarkable cure effected by your Sarsaparilla in the case of my wife. She was severely afflicted with the Scrofula on different parts of the body; the glands of the neck were greatly collarged, and her limbs much swollen. After suffering over a year, and fluding no relief from the remedies used, the disease attacked ono leg; and below the knee suppursed. If er physician advised it should be laid open, which was done, but without any permanent benefit. In this situation we heard of, and were, induced to use SARD' Sarshaprilla. The first bottle produced a decided and favor-able diffect, relieving her more than any prescription she had ever taken ; and before she had used six bottles, to the astonishment and delight of her friends, she found her health quite restored. It is now over a year since the cure was effected, and her health quite restored. It is now over a year since the cure was effected, and her health quite restored. It is now over a year since the cure was effected, and her health quite restored. It is now over a year since the cure was effected, and her health quite restored. It is now over a year since the cure was effected, and her health gring bod, showing to these facts, and think Sarbe's Sarshaprilla & great blessing to the age. Yours with respect, JULIUS FIRE.

Extract from a letter received from Mr. N. W. Harris, a gentleman well known in Jouiss county. Va."I have cured a negro boy of mine with your Sarasparilla, who was attacked with Scrofula, and of a scrofulous family. Yours truly, "Fredericks Hall, Va., July 17, 1848."

The following testimony from Rev John Grigg, late Rector-of the Church of the crucifizion in this city, commends itself to the attention of the afflicted. Numerous ertificates of cures of various diseases effected by this medicine are almost daily occured.

Messrs. A B. & D. SANDS:-Messrs. A B. & D. SANDS:-GENTLEMEN-Feolings of gratitude induce me to make a public acknowledgment of the benefit 1 have derived from the use of your Sarzaparlia. I have for several years-been-allideted-with-sevolutions - weilings in my head, which at times would gather and discharge at my luront, nose, and ears and at others would break out in different prize of uny face and head. These conduced until my throat, face, and head were almost one complete sore, and for a long time I was so hoarse that it was with the times time that the transformed not be and the several attacks of pleuries and end several not attacks on pleuries and end bears. I consulted different physicians, and tried various remedies, but received no benefit until I commenced using your Sarsa-parlia. I am now well; the sores are all healed, and I attribute, the result entirely to the effects of your valuable modicine. Messres of your quainable with the person abore naimed, I believe her statement , _____.

Being personally acquainted with the person above named, I believe her statement be correct. JAMES M. D. CARR, Justice of the Pence.

kept on, and now it an a new man. My dear sif, language cannot express my thacks, that I am once more restored to be thin, and now in a condition to suppert myself and family de-pendent on me. Yours respectfully, with great regard, SAMUEL CHARLTON New York, June 14, 1848 Mersss Ketchum & Herchaw-This tertifics first hart have been severely afflicted for many years with the Piles, but more particularly within the last nine months. Having used all the remedies prescribed by my physician, also having tried other means to little or ne ad vantage, I became very include discourged and felt aathough I must suffer as long as I lived. But providentifily I was informed by Mr. Mott, instructor of the public school at Staten Island, that t could be cured by your valuable Mott, instructor of the public school at Staten Island, that I could be cured by your valuable Pile Electuary. Having confidence is his statement, I, immediately precured some of the medicine and an very happy to inform you that I am now perfectly cured by the use of only one bcz. Very truly your infidient servint, GEORGE R CROSS Sold wholesafe and refail by RETCHAM & HENSHAW, 121 Fulton st, N. Y., and by druggists generally throughout the United States and Canada. Price'st per box, Sold in Carl, is by SELLIOT.

Sold in Carlisle by S ELLIOTT, July 26, 1848
