THE NIAGARA SHOWER-BATH.

An entirely new Article for Shower-Bathing, with warm or cold Water.

THIS Bath took the premium at the Fair of the Franklin Institute, Philadelphia, October 1876, the only Bath that ever took a premium at the Fair of the Maryland Institute, November 1876.

A great and important improvement is made in this Shower-bath over all others, by throwing the water vigorously on the body, without wetting the head, unless a greater point is gained by being enabled to bathe with warm water, which no other Shower-bath is adapted to—and most of all the bath can be medicated without injury to the hair.

Many persons cannot take a cold bath—their nature is such that they cannot regulate the heat and commence bathing at any season of the year, without an unpleasant result. Ladies can have the advantage of bathing without wetting the head or covering the same.

The arrangements are simple and complete, and not liable to get out of order. The bath can be adjusted to suit any height, from a small child to the tallest person. When the door is closed, the fixtures are hid and the outside appearance is that of a neat piece of furniture.

They have received the approbation of several medical gentlemen—others are requested to call and examine the same, manufactured by the Patentee, EPHRAIM LARABEE, 24 South Calvert street, Baltimore.

BATHING.—Read what Armstrong says: Do not only keep your head cool, but your feet, too. The daily scrubbing, that shall clear the skin of the face, is enough to keep the body cool and unobscured.

Still to be pure, clean and unobscured. As much as it does to health, very greatly worth your daily pains; 'tis this adorns the rich; The warm of this is never's worst foe; With this external virtue, eye maintains A decent grace: without it, youth and charms Are lost.
