BURRALL'S CORN SHELLER.

THE subscriber respectfully informs the farming community that he has purchased the right to BURRALL'S CELEBRATED CORN SHELLER, for the counties of Cumberland and Franklin. Farmers who have used the Corn Sheller, pronounce it a most invaluable invention. It is simple in its construction and is liable to get out of order. It separates the corn from the cob, without breaking either, and does the work clean and fast. It shaves off the ten to twenty bushels in one hour, and a hundred of them have been sold the past year by the inventor, all of which were highly approved.

Persons wishing to see the above Corn Sheller, can do so by calling at the shop of the subscriber, corner of North Hanover and South streets, Carlisle, where he will be constant on hand a large number for sale. Every farm and miller should have the above cheap but valuable Corn Sheller.
