organs, the Teeth, would do well to give them a call.

Dr. F. Davidson, having graduated in Medicine gives his special attention to the discases of the mouth and teeth.

Caries of the teeth effectually and permanently cured, if the destruction of the tooth has not gone too far.

The teeth carefully cleansed of accumulations of Tartar, which, if permitted to remain, will destroy their use and beauty, undermining the best constitutions by exciting Dyspepsia, Neuralgia and other chronic discases; and making the breath first and disagreeable.

Teeth and Fangs carefully extracted with the most improved instruments, without bruise or laceration to the gums.
