0 Mrs. John, Quincy Adams, says the National Intelligencer, is gradually improving in health and strength

05 The Virginia election for members of Congress has resulted disastrously for the some eight or ten voted for the new Judicial Whigs. One Whig has been elected, eleven locos, and two districts not fully heard from. Old Virginia, with her narrow "abstractions" is unchangeably locofoco.

EDITORIAL CHANGES .- The "Chambersburg Repository and Whig' has changed hands, Messrs. Denny and Gehr having disposed of it to Messrs. D. E. Stover and John W. Boyd. It was well conducted by its old editors, and judging from the first number, will not suffer by the change. Mr. J. L. Slentz has disposed of the "Hollidaysburg Whig?' to 'Messrs. Goo. Raymond and Wm. T. Wilson, by whom it will be hereafter published. \$

A MINESOTA NEWSPAPER .- The "Minesota Register," is a weekly paper just com- Mr. Best, a locofoco member of the Senate, menced at St. Paul, in the New Territory .-It is edited by Mr. A. Randall, who was of the scientific corps employed by the General Government in a geological survey of the Territory. . It is principally filled with a description of the country, its climate, resources, &c., and holds out strong inducements to emigrants. St. Paul is on the Mississippi, has sprung up very rapidly, and now conthins nearly 1000 inhabitants. With the exception of Stillwater, which is situated about twenty miles northeast of the Falls of St. Anthony, it is the largest town in the Territory. The principal business now followed is lumbering.

Gov. Johnston.

HEAD HIM OR DIE .- The Lancaster Tribune well says that the locolocos will never forgive Gov. Johnston for the thrashing which they received at his hands last October .---They have determined to break him down, if possible, and falsehood after falsehoodmisrepresentation after misrepresentationare unblushingly sent forth to injure him in the estimation of the people. If a false charge against him is detected and exposed, they do not stop to retrace it, but immediately proceed to supply its place with one more glaring. But he will be sustained against all their onslaughts. It would be a reflection vania to suppose that an honest, and faithful public servant could be destroyed by means

been characterized by a fearless devotion to the interests of the masses-could be lied

down by a reckless and unscrupulous press.

FROM WASHINGTON,-Henry F. Tallmadge, of New York, has been appointed U S. Matshal, in place of Elv Moore. A rumor has it that Wm. D. Lewis is to be appointed Collector of the Port of Philadelphia, Eastern District. The P. O. Department is making a few temovals in the smaller offices. Mr. Ewing has returned, but Messrs. Johnson and Preston, of the Cabinet, are absent. It is rumored the Philadelphia and N. York appointments will soon be made. A number of changes are also talked of in

e Departments at Washington.

Jesse Miller and the Party. The Harrisburg Intelligencer calls Jesse Miller, who has lately became an associate Editor of the Harrisburg Keystone, the Dr.

Brandreth of Locolocoism." Since mounting the Editorial stool Jesse has assumed not only the grand leadership and dictator. ship of the locoloco party, but has undertuken besides the very disagreeable but neces sary business of "purging" that party of what he calls its corruption and rottenness Six locoloco members of the last House voted deliberately against applying the "individual liability" principle to certain Banks, and districts-and these men are now nothing displaced." less in Jesse's pure eves than "unprincipled itemocrats, who are truly men of principle in proportion to the price offered for their

reason." Thus Jesse denounces them with out stint. But since that party has been so badly whipped both in National and State Elections, and are no longer held togethe by "the cohesive power of public plunder," they show strong symptoms of falling to pieces like an old tub. Jesse's lead is not followed by some of the more independent spirits. The York-locoloco papers justity and defend the votes of their members against "individual liability"- the Berks ounty locofoco papers defend the new judi-

cial districts as absolutely necessary-and who is also editor of the "Danville Intelligencer" turns up his nose at the denuncia ions of Jesse and Forney in this wise :

"The Pennsylvanian, and a lew other Dema ocratic papers in this State, not yet satisfied with their success in breaking down the democratic party by their arbitrary, dictatorial and insolent deportment towards members of the party, whom Jesse bids them to back at, to gratity his personal spicen, are still at their destructive work with as much zeal as ever. Do they expect to resto democratic party to power by turning more 011 717

The Danville man it will be seen thinks this "reading out" is a very dangerous busiiess, as the party just now has no surplus

material on hand! It may also be noted in this connexion that a new locoloco paper hasbeen started in Pittsburg, for the purpose of denouncing and checking the destructive tendencies of its party. So that between "pro scription" and domestic dissensions our opponents are in a very uncomfortable stew.

Gen. Jackson's Plan. The locos have made as much clamo over the removal of "poor Drum" as they could possibly have made if all the P. M's of Pennsylvania had heen cut off at one broad sweep of the knife. Whereupon it is charitably suggested that they be all decaptupon-the character of the people of Pennsyl tated in a pite, instead of being taken off " few and far between" as heretofore. The Washington correspondent of the Daily so foul-that a man whose whole life has News tells the following story of Col. Benton and Gen. Jackson :

> "We recollect of a good story that was told of Col. Benton when he was called upon by the first cabinet under Gen. Jackson for

advice upon the subject of removals. The Colonel said that down in his country the custom used to be when people butchered their pigs, to kill but one at a time. It was found that while one was losing its "vital spark," the rest squealled terribly—worse in fact than the victim. Hence they adopted John W. Ashmead, District Attorney, and an excellent plan, which was still in vogue H. Jones Brooke, of Chester, Marshal of the with them, of sticking all the pigs at oncethus saving a very great annoyance. The application of the story it seems had a treendous effect upon Gen. Jackson-and his cabinet; for immediately the dead (official) bodies of Whig office holders were piled across each other like the slain of the French army at the celebrated charge at Eylau when Murat, with the flower of Napoleon's troops moved down upon the enemy's cavalry, bearing every thing before it into one wild grave. As Headley says of Murat we

No doubt the mercenary minions, who last summer took high delight in denouncing Gen. Taylor as " unfit to be President," and in concealing Whig the virtues of the child as conclusive of the electioneering documents, can now write

him most eloquent letters filled with adulation, and very dexterously interwoven with compliments upon their own official services! They could probably be very mealy-mouthed if allowed to stay in their warm offices until 1852, but where would you find them then ? Would four years' service to "a Federal dynasty" really make them honest "Mexican Whigs" or respectable "Federal Bank aristocrats?¹⁷ But we sincerely hope to make things go fair as your laws contem Gen. The Life office Doctrine,

AN IMPUDENT CLAIM .--- Mr. C. Glen Feebles it appears, has been removed from a clerkship in the War Department. It seems that the chief clerk intimated to him the propriety of resigning. He forthwith addressed a letter to the Secretary of War in which he set forth the novel and extravagant claim, that he is entitled to his office for life ! He says: 51 claim, legally, to hold a life estate in my appointment, it being a permanent one, or for so long as the office exists --removal only for good cause." And he even goes so far in his pretensions, as to insist, that "if there should be no material to employ him upon then he could not, rightfully, be removed." On receipt of this letter, the Secretary of War replied in the following laconic note. "Replying to your letter of this date,

Notice to Tax-Payers.

May2-3m FRANKLIN GARDNER Notice to Tag-Payers. UnDer the provisions of the Act of 1844, any county paying into the State Treasury the State Tax ievied on such county, prior to the 17th of July in any year, is entitled to an abatement of 6 per cent- on the amount so paid. The undersigned, Commissioners of Ciffield berland county, in view of the above provisions consider it equitable and proper that these who by the prompt payment of their taxes prior to the above date, enable the Treasurer to pay over the State Tax, so as to receive the afore-said abatement of 5 per cent, the benefit of which has litherto been enjoyed by the citizens of the county generally, should be allowed a deduction of that amount by the collector-flavo authorized the different Collectors to make snid abatement from the State tax, in all cases where the State and County tax is paid to the collector before the 17th day of July, 1849, when said abatement shall amount to one cent or more, on of fractions of a cent to be credited. Since the Act of '44, the Commissioners have paid the State tax of this county annually to the State Treasurer, within the time prescribed by the act, and the county has treevied the benfit of an abatement of five per cent. thereop, but but to meet said payment they have found it necessary heretofore to appropriate a part of the county tax to enjiel the poyer to the slore-said abatement, upor the aforeshale date Tax. The undersigned therefore confidently antici-mute the above arrangement, and the further mucement of enabling Cumberland county to maintain the charceter-forprompiness and fi-delity which she has acquired in the discharge of her obligations to the Commonwealth, will induce every clicate the payment of hold Sine and county tax to enjiel the payer to the afore-sing abatement, upor the first slore and county tax to enjiel the payer of the Sine and county tax prior to the 17th day of July.
