Fancy Printing.

PROGRAMME TO BE AND AND THE PROPERTY OF THE PROPERTY OF THE PARTY OF T

co-Having ordered for our Job Office an additional ariety of Fancy Types, Ornaments, &c., we are repared to de all kinds of printing, such as Circurs, Blarks, Cards, &c., in the most showy style, and rices as low as any other Establishment. We have so peculiar facilities for doing pamphlet printing.— ar friends are requested to give us a call.

Celebrations of the Day. A plentiful "Rough and Ready" dinner will be prepared for the Whigs by their energetic committee of arrangements, at Henderson's Grove. The company will be expected on the ground by 12 o'clock. Tickets to the dinner, 50 cents. We hope every Whig may find it convenient to be there. There will be some speaking and a heap of toasts, we hope, and a "good time" generally.

The sabbath schools connected with the several churches we believe have generally made arrangements for celebrating the day by pic nic parties to the country.

This evening the annual exhibition of the Union Society of College, will take place, and doubtless attract the usual throng of youth and beauty.

#### Dickinson College.

COMMENCEMENT .- The time for the anniversary exercises of this Institution is just at hand. In the high character of the crutors from abroad, we have the assurance of a most interesting Commencement season.

This evening; "the 4th," the anniversary exhibition of the Union Philosophical Society will take place.

On Tuesday, the 10th, at 8 o'clock, P. M. the Sophomore exhibition will be held in the College Chapel.

On Wednesday, the 11th, at 11. o'clock, A. M. an address will be delivered before the Belles Lettres Fellowship by Jon R. Tyson, Esq. of Philadelphia. At 8 o'clock, P. M. of the same day, the Rev. GEO. A. Correy, A. M. of Washington, will deliver an Address before the Union Philosophical Society.

Commencement exercises will take place on Thursday, the 12th at 10 o'clock, A. M. The graduating class we learn numbers twentyeight young men, who leave the Institution with a high character for talent and acquire-

EXHIBITION OF THE HIGH SCHOOLS .-We were in hopes some one would have sent us a notice such as it deserved, of the exhibibition of the High Schools, on Friday evening last, as the denseness of the crowd and the intolerable heat did not allow of our staying to witness all the exercises of the occasion. Suifice it to say that we hear it spoken of on all hands, as a most satisfactory exhibition, creditable to the pupils and gratifying to parents .-The general examination of the schools through the week we also hear; spoken of in warm terms of admiration, and with equally strong expressions of praise toward the very efficient Board of Directors and the various Teachers. Our Public Schools are the noblest treasure of the community, and the interest that is manifested in them is an encouraging circumstance as showing that the cause of education is properly appreciated.

New Post Offices .- A Post Office has been established in Hampden township, Cumberland county, and named Good Hope P. O. Mr. George W. Fessler has been appointed Post Master.

An office has also been established, we believe, at Boiling Springs, (Ege's Iron Works,) in South Middleton township, and Mr. Leidich appointed Post Master.

MILITARY Effection.-We learn that Gen. Henry Fetter, of Perry county, was on Monday last elected Major General of this Division, beating his highest opponent but five votes.

CARLISLE BARRACKS .- The command at this post has been assumed by Col. Cooke, of the Second Regiment Dragoous, Col. May having left to join his regiment int New Mexico. Col. Cooke is an officer of high character and. experience.

■ ENCAMPMENT.—The Encampment of Volanteers at Doubling Gap Springs promises to be a large and handsome affair. Besides the Carlisle Cadets, the Ringgold Artillery from Newville, and the Landisburg Cadets, from Perry county, will unite in the encampment .-It will commence on the 24th of July.

IMPORTANT INFORMATION !- For the difficult respiration and debity a tending diseases of the Lungs, Throat and Bronet, Thomson's Compound Syrup of Tar and Wood Naphtha has been found an invaluable remedy. Besides its power as an expectorant to relieve the Lungs from the accumulated matter-which-results from the relaxed state of the system in hot weather, it also acts as a healing balm, to the placeted water and a strengtheory or the second o the ulcerated parts and a strengthener to the sys

to the discrated parts and a strengthener to the sys-tem.

So salutary is the action of the Syrup in this re-spect that many of our most respectable Physicians employ it in their practice, and we have daily evi-dence of cures effected in pulmonary diseases where skill has utterly failed.

This invaluntic medicine is prepared only by Ang-ney and Dickson, at the N. E. corner of Fifth and Sprites street Philadelphia. bold by JAMESFLEM-ING, sole agent for Carlisie.

Contagious and Epidemic Diveases.—Water must be adapted to the nature of the fish, or there will be no propogation of the species. The soil must be adapted to the seed, or there will be no increase. The colimate must have those matters in it which will units and keep alive epidemical or contagious polaques, or they will become extinguished, like a lamp, that is misupplied with oil. So it is likewise with the Hannan Frame: it cannot be materially affected by epidemical or contagious maiadies, unless there be these matters floating in the circulation which offer the appropriate soil. By purifying our bodies with the BRANDERTH PILLS, which have aminity with those impurities upon which contagion feeld, we may always feel secure whitever disease may rage around us. True, we may have it, but it will soon be over, our sickness will be the affair of a day of two, while those who, have been too wiseto soft-in lag and excellent remedy cither dee, or larg, weeks, perhapsinoniths of sickness.
