**REMARKABLE CURE OF SCROFULA.

**Mossrs. Sands:—Gentlemen—Sympathy for the affilicted induces me to inform you of the remarkable ciffo filested by your Sarsaparilla in the case of my wife. She was severely affileted with the Scrofula on different parts of the body; the glands of the neck were greatly enlarged, and her limbs much swollen. After suffering over a year, and finding no relief from the remedies used, the disease attacked one leg, and below the knee suppurated. Her physiciant deflect if should be laid open, which was done, but without any permanent benefit. In this situation we heard old and were induced to use Sands Sarsaparilla. The first bottle produced a decided and favorable effect, relieving her more than any prescription she had ever taken; and before she had used six bottles, to the astonishment and delight of her friends, she found her health remains good, showing the disease was thoroughly cradicated from the system. Our neighbors are all knowing to these facts, and think Sands Sarsaparilla a great blessing to the age.

The following testimony from Rev. John Grigg, late Rector of the Church of the Crumfixion in this city, commends itself to the attention of the afflicted. Numerous certificates of cures of various diseases effected by this medicine are almost daily

Gentlem.—Feelings of gratitude induce me to make a public acknowledgment of the benefit I have derived from the use of your Sarsaparilla. I have for several years been afflicted with scrotholous swellings in my head, which at times would gather and discharge at my throat, nose, and ears, and at others would break out m different parts of my face and head. Those continued until my throat, face, and head wore almost one complete sore, and for a long time I was so hearse that it was with the utmost difficultythat I could speak above a winsper. During this time I had several attacks of pleurisy and other diseases. I consulted different physicians, and tried various remedies, but received no benefit until I commenced using your Sarsaparilla. I am now well; the sores are all healed, and I attribute the result entirely to the offects of your valuable medicine.

Yours, with respect and gratitude, PHEBE CAHOON.

Being personally acquainted with the person above named, I believe her statement to be correct.

Philadelphia, Dec. 29, 1847.

To James callister—Dear Sir: I take pleasure in making known to you the great benefit I have received by using your Vegetable Oinfraunt, or the World's Salve. I had an ulcer; or running sore, on the ear, of many years standing; I have applied to several physicians, but all to no purpose; but by using your Ointment a few days it was completely dried up and well. I have used it for burns for which I find it an excellent article; also in all cases inflamation.
