# Rally in the Borough!

WAKE UP! WHIGS!

A GENERAL MEETING of the Whigs of Geripsle will be held at the public house of John Wert, TO-MORROW (Thursday) EVENING, at 7 o'clock. And another at the public house of Mr. Eshelman, on SATURDAY EVENING, at the same hour. Several addresses may be expected end a general attendance of the tried and true Whigs of the Borough is carnestly desired. There is work to be done!

#### Ward Meetings!

A meeting of the Whigs of the East Ward will be held at the public, house of Henry Glass, on Monday Evening, the 8th inst. at 7 o'clock, to make final preparations for the contest on Tues-day. day.
The Whigs of the We st Ward will meet for the me purpose, the same Evening, at the public puse of Mr. Orth. Let every Working Whig

make his arrangements to be present. By order of the WHOLE PARTY. The Tichets are ready for distri-

bution in the various districts. The Single Ticket Law.

A law was passed by the last Legislature, requiring the voters of Cumberland and several other counties to vote for all the officers to be elected herealter, on a single ticket,the old system of folding the tickets and voting them seperately, is therefore abolished. We invite the attention of the Whigs to this. Have a care that you make no mistake, and are not cheated or deceived. Examine your tickets, and see that none but the regularly nominated Whig candidates are on it, as they are printed in our paper, and do not scratch a man. Every man struck from the ticket, is a blow at the great principles of the party for which we labored so successfully last fall, and which must be sustained, if we desire to see the good work, commenced so auspic-Tously by the Whig administrations, successfully carried out. Let the Whig rallying cry be da long pull, a strong pull, and a pull all together," for the whole Whig ticket!

#### The North and West!

Skies Brightening !-- Most cheering news reaches us, from private sources, says the Pittsburg Gazette, of the brilliant prospects of the Whig Ticket, in the northern counties of the State. Mr. FULLER is there among his friends, who know him only to respect him. The administration of Gov. Johnston is also there exceedingly popular. SUICIDE OF A MURDERER -- We learn from the Gettysburg Star, that Frederick Smith, who was convicted during the August term of the murder of Frederick Foster, was sentenced on the 25th ult. to be hanged. On the 27th he committed spicide in his cell, having made a rope from a part o his bed by which he had suspended himself from a bar running across the top of the cell. He had requested to be left alone during the day, and had probably been dead several hours when found. He had proviously made a full confession of the murder of which he had been convicted.

THE FRENCH DIFFICULTY.-We learn from Washington, that through the friendly 'interposition of Mr. Crampton, British Charge d' Affairs, conciliatory propositions have been submitted by M. Poussin"the ejected minister, to our government. Through the Secretary of State, the subject was referred to President Taylor, who firmly adhered to the course which had been adopted, and expressed himself to the effect that, although no unfriendly personal, feelings, were entertained by himself or the members of his Cabinet towards M. RALLY! RALLY! to the BALLOT-BOX:

Noble Whigs of Cumberland County | Gallant Victors of the memorable strug gles of 1840 and 1848, again we call you to the great contest of the BALLOT BOX! When Gen. The now was upon the eve of one of his victorious battles in Mexico, and when the superior force of the enemy gave gloomy portent of defeat to his little army, the lion hearted Chieftain who "NEVER SURRENDERS," appeared at the head of his troops and thus addressed them: "Boys, I HAVE FOUGHT FOR you, by the side of your fathers, on Many A FIELD in the Last war, and I want you now TO FIGHT FOR ME!" It is to fight for the brave old ZACHARY TAYLOR, that we thus appeal to you, honest Voters of Cumberberland County! You have elevated him to the Presidency, you have made him your Ruler, and he now calls upon you to sustain his Administration. The musket-shot of the Indian or Mexican has often been aimed at his life—but it is the nalignant and calumnious tongue of vile miscreants among his own countrymen, which has sought to blacken his character and tarnish his glorious fame. We call upon you honest Voters, to RALLY AT THE BALLOT-BOX, to brand the landerers, and gathering "as a wall of fire" about him, shield and sustain the old

Let every Whig in every section of the county make it his special duty to urge Whig Voters to the Polls! GO TO THE POLLS, yourselves, and see that your neighbors are there also! The Whigs of Cumberland County have every inducement to make a manful struggle at the Ballot-Box. The locofoco najority which a few years ago was numbered by hundreds has dwindled away to nothing, and the Whigs have now an equal chance with them in the struggle.

Leakings from the Punic Works.—
The Harrisburg Keystone lately published a statement of all the toils received by the collectors during the year; up to the 1st of August last. The Telegraph publishes a statement obtained we presume, at the Treasury, showing that there had not been as much pain in at the treasury by 20,000 as had been collected.

The Keystone answers that this delaleation was only an apparent one, as all the collectors had not time to pay in all the moneys collected. The Telegraph replies: But we would inquire what has become of the previous defalcation of the month of Jure? Had they not had time to get the collections of that month into the Treasury before they reported those of July? It they were paid in at all, they must have been credited to the July receipts, thus making the July defalcation more than forty thousand dollars, instead of \$20,000!

LOUIS NAPOLEON BONAPARTE" The Paris correspondent of the London Globe says: "There is but one opinion here amongst reasonable men as to the publicity given to the letter. M. Thiers, who approves highly of the sentiments contained in it, regrets exceedingly the premature publication. When he heard that it had been sent for insertion to the Constitutional the required that of the contractors of the Geq. Taylor received 23,122 votes tutionnel, he requested the conductors of that in Vermont last November; Coolidge, Whig Wennel of the population would Governor, 22,125 in September. This year be useless, as it had been sent to the Debats and Governor, 22,125 in September. This year Gov. Coolidge has over 26,500 votes—over 3000 increase on Gen. Taylor's vote. It this one of the proofs of the unpopularity of the Cabinet? Or of the people's disgust at Gen. Taylor's violations of his pledges of which we hear so much?

While the Whig vote in Vermont has thus increased, the combined opposition vote has fallen off. It was 28,587 against Coolidge last year; 26,709 against him now; so that the Moniteur. As to the President, there is no doubt him had been sent to the Debats and the Moniteur. As to the President, there is no doubt him had he was a direct party to the publication of the letter in Paris, but he was urged to the course by the persons about him, and M. Dufaurc will profit instigated it, as he hoped, by flattering Louis Napoleon, to gain influence. It does not appear, however, that M. Dufaurc is the slightest truth in the assertion of the Presse that the Prince had for some time refused to receive M. de Fulloux, and when he did receive him that he treated him rather cavalier. Napoleon, for it is well known that he has been

It is calso stated, upon good authority, that the Cardinuls of Rome, seeing no other course open, will endeavor to bring about this step required by the French, in such a manner that it may not appear that they have been decreed, and we believed that the Government will willingly favor this object.
