guin in having it both ground and cooked. It is said that where swine are fed on mush or hasty-pudding, they are much more quiet, and consequently gain flesh much faster, than where the same ingredients are fed to them uncooked.

all nearly as valuable as potatoes; which ale the English turnip is the least valuable and nutritious. Of grain, wheat stands first; then peas. Indian corn, barley, and last near Much Ludian corn, barley, and

last, oats. Much Indian corn is used in

fattening animals-especially, swine.-

For these, there is undoubtedly a great

ruta

The following hints on this subject from that valuable agricultural journal the Albany Cultivator, will be found of interest : "Substances in which the nutrimen

is much concentrated, should be fed with care. There is danger, especially when the animal is first put to feed, that more may be eaten at once than the digestive organs 'can manage. Meal of Indian corn is highly nutritive, and when properly fed causes animals to fatten faster than almost any other food. They will not, however, bear to be exclusively kep on this article for a great length of time Meal made from the heaviest varieties of corn, especially that from the hard flinty kinds grown in the northern and easter states, is quite too strong food for cattle sheep, or horses, to be full-led upon .-Hence one of the advantages of having the cob ground with the corn, by which the nutriment is diffused through a great er bulk, lays lighter in the stomarh, and is more thoroughly digested. The effect of pure corn meal on animals, we suppose to be similar to that sometimes produced on our own species by the use of fine wheaten flour-the subject becomes pys-PEPTIC, and is forced to use bread which has the bran mixed with flour. The mixture of the cob with the meal, an rent health; swers the purpose of the bran-the healt! of the animal is preserved, and the process of digestion goes on uninterruptedly. In fact the advantages of grinding the cob and corn together for feeding cattly may be said to be well established. For hogs, the benefit of the cob, is not, we think, so evident ; those animals appear ing to be better adapted for taking their nourishment in a concentrated form, that those which ruminate, or chew the cud Yet food sufficiently bulky to effect the distention of the bowels is necessary for hogs.

Hay or straw, cut into lengths s short as to be readily mixed with mea answers a good purpose in rendering the meal easy of digestion, and in enabling the animal to extract from it all the nu

triment: result of a series of experiments institute by the Highland Society of Scotland, few years ago, was, that the superiorit of cooked over uncooked food for OATTL is bat trifling, and not sufficient to bal-ance the cest; but for hogs, the extra cost of preparation was repaid.

Persons desiring to purchase books gar fave treier orders attended to, by writing and giving full particulars, the same as if they were present. VALENTINES!—The subacriber also import and manufactures Valentines, Note Papers, Envelopes, Motto Wafers; &c., &c. Wholesale and retail. Address all orders to SAMUEL E. SMITH. oct10 Sun Buildings, Baltimore, Md. BRONCHITIS CUED. The following shows the virtue of the sars-aparilla in removing Bronchitis, a disease which, if not speedily arrested, leads to con sumption. It allays spasmodic action, changes the secretions; and by its tonic and alterative properties, removes the unhealthy action, and the patient; is restored to health.

Pure Fresh Cod Liver Oil.

the patient is restored to health. NARTUCKET, Mass, Nov. 11th, 1848. Ceestrs. Sansa-Gentlemen: I wish to make public, for the good of those afflicted with Bronchitis, the healing properties of your Sarsaparilla. My wife suffered for twenty months in such a mainer as is not easily de-sorthed; at times she was not able to speak above a whisper, and when exposed to the cold air, it occasioned somelhing like spasms in the throat, the effect of which was folt in the marg and eves causing terms to flow. The This new and valuable Medicine, now used by the medical profession with such astouishing efficacy in the care of Pul-monary Consumption, Scrofula, chronic Rhea-matism, Gout, General Debility, Complaints of the Kidneys, &c. &c., is prepared from the liver of the COD FISH for medicinal use, expressly for our sales. (Extract from the London Medical Jonnal, "C. J. B. Williams, M. D., F. R. S., Profes

the throat, the effect of which was felt in the ears and eyes, causing tears to flow. The complaint was altended with a dry cough, produced by the constant irritation and in-flammation of the throat. By the use of your SARSAPARILLA she was perfectly cured, it being now more than three months since she felt any symptoms of the disease. Yours, with respect. "C. J. B. Williams, M. D., F. R. S., Professor of Mcducine in University College, Lon-don, Consulting Physiclau to the Hospital for consumption, &c., says: I have prescribed the Oil in.above four hundred cases of tuber-culous disease of the Langs, in different stages, which have been under my carb the last two yours and a half. In the large number of cases, 206 out of 224, its use was followed by marked and unequivocal improvement, vary-ing in degree in different cases, from a tempo-rary retardation of distressing symptoms, up to a miore or less complete restoration to appa-rent health. Yours, with respect, GEORGE C. HOEG.

Extract from a letter received from Mr. N W. Harris, a well known in Louisa county Va.: Gentlemen,-I have cured a negro hoy o

mine with your saraaparillo, who was attacked with Scrotula, and of a scrafulous family. Yours truly N. W. HARRIS.

" The effect of the Cod Liver Oil in most of "The effect of the Cod Liver Oil in most of these cases was very remarkable. Even in a few days the cough was miligated, the expec-toration diminished in quantity and opacity; the aight sweats cases, the pulse became slower, and of better volume, and the appetite; flesh and strength were gradually improved. "In conclusion I repeat that the pure fresh oil from the liver of the Cod is more beneficial in the treatment of: Pulmenary Consumption than any agent, medicinal, dietetic, or regime-nal, that has yet been employed." As we have mede arrangements to precure the Cod Liver Oil, fresh from head quarters, it can now he had chemically pure by the single Fredericks Hall, Va., July 17, 848. Fredericks Hall, Va., July 17, 848. Skos' Sampanita.—It seems almost un necessary to kirect attention to an article so well knuwn, and so deservedly popular, as this proparation, but patients often who wish to use the extract of asreaparilla are induced to the worklass contains a second to the second second second the worklass contains a second secon try worthless compounds bearing the name but containing little or none of the virtue of this valuable. root; and we think we cannot confer a greater benefit on our readers than in directing their attention to the advertisement of Messrs. Sands in another column. The bottle has recently been enlarged to hold a quartf and those who wish a really good arti-cle will find concentrated in this all the medi-cominal value of the root. The experience of thousands has proved its efficacy in caring the various diseases tor which it is recommended

can now he had chemically pure by the single bottle, or in boxes of one dozen each. can now he had chemically pure by the single bottle, or in boxes of one dozen each. Its wondorfol efficacy has induced numerous spurious initations. As, its success depends entirely on its purity, too much care cannot be used in procuring it genuine. In procuring it genuine. Depended upon as genuine. Paurphiets containing an analysis of the Oil, with notices of it from Medical Journals. Will be sont to these who address us free of various diseases for which it is record and at the present time more than any other, perhaps, is this medicine useful, in preparing the system for a change of season.-How JOURNEL, Sept. 1848.
