The case of greatest interest was that of the Commonwealth against David F. Miller. This was an action for Libel based upon a communication descriptive of a Military Encampment, published in the Carlisle Herald, on the 10th of October, in which the public house of of October, in which the public double to Shider Rupley, in Newville, was alleged to MHEAT—Sales are only about 5000 bush'ls including good and prime reds at 106a107 cts., and a cargo of prime white on Saturday evening at 113 cts. opening of the case, as to the admissibility of evidence touching the truth of the allegations contained in the alleged libellous article—the Counsel for the detence contend. ing that the publication in question, which was on the subject of military encampments authorized by law, was proper for public information and that consequently, under the Constitution of Pennsylvania, "the truth thereof may be given in evidence." They also averred their ability to sustain the defence by testimony. A libel was defined to be "a publication which was calculated to cause a breach of the peace." The case was accordingly given to the jury without any evidence on the part of the defence. BEFORE the attention of the public is entirely taken up with the probability of and convenient book of reference, and to the fidelity of the translation. Few works comprise so great an amount of important information in so small a compass as the plates and text of the Iconographic Encyclopedia, and few persons are so competent as Prof. Baird to execute a task requiring so multifarious knowledge, as the translation of a work of this character.

"Every scholar will find the Icon. Encyclopedia a valuable addition to his library, and I have no doubt that the libeaxl enterprise of the German and American publishers in bringing out a work of so much beauty and utility at so moderate a price, will be rewarded by an extensive pattonage.

For the Removal and Permanent Cure of all NERVOUS DISEASES. of those Complaints which are caused by an im-saired, weakened or unhealthy condition of the

NERVOUS SYSTEM. This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most values medicinal discovery of the Age.

Dr. CHRISTIE'S GALVANIC BELT

MAGNETIC FLUID used with the most perfect and certain success in all

GENERAL DEBILITY, GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRANF, PARALYSIS and PALSY, BYSEP.

from one simple cause—namely.

A Derangement of the Nervous System.

OG—In NERVOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weaken the vital energies of the siready prestrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength; elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives consists, in the fact that they arrest and cure disease by utward application, in place of the usual mode of drug-ling and physicking the putient, till exhausted Nature inkes hopelessly under the infliction.

They arrengthen the whole system, equalize the circulation of the blood, promote the accretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons actuding all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject o Nervous Complaints, have been ENTIRELY AND PERMANENTLY CURED,

ENTIRELY AND FERMANENTLY CURED, when all hope of relief had, been given up, and every hing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person shilted with that bane of ivilization, DYSFEFSIA, or any other Chronic or learner, bisorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stometh, afford temporary relief, but which leave the patient in a lower state, and with injured faculties, lifter the action thus excited has ceased. Now compare his with the effect resulting from the application of the FALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the left around the body, using the Magnetic Fluid as irrected. In a short period, the insensible perspiration will act on the positive element of the Belt, thereby sausing a Galvanic circulation which, will pass on to the legalive, and thence back again to the positive, thus leeping up a continuous Galvanic circulation throughout he system. Thus the most severe cases of DYSPETSIA re FERMANENTLY CURED. A FEW DAYS 18 SPTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

Rev. Dr. Landis, a Clergyman f New Jersey, of distinguished attainments and expliced enutation:--Sidney, New Jersey, July 12, 1848. Ds. A. H. Christis.—Dear Sir: You wish to know of ne what has been the result in my own case, of the appliation of THE GALVANIC BELT AND NECKLACE.

ation of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twenty year, I had been suffering from Dyssepin. Every year the symptoms became worse, nor rould—totrain-permanent relief from any gourse of medical treatment whatever. About fourterly Year, since, in consequence of frequent exposure to the highest her, in the lineharge of my pastoral duties. I became subject to server Chronic Rheumatism, which for year after year, ransed me indescribable anguish. Farther: in the winter 145 and 46, in consequence of preaching a great deal to my own and various other churches in this region, I was attacked by the Bronchitia, which soon became so evere as to require an immediate supensition of my pastoral labors. My nervous system was now thoroughly prostrated, and as my Bronchitis became worse, so also did my Dyspersia and Rheumatic affection—thus evincing that hese disorders were connected with each other through he medium of the Nervous System. In the whole pharnacopenia there seemed to be no remedial agent which tould reach and recuperate my Nervous System; spery

Palsy and Paralysis.

All physicians acknowledge that these terrible diseases are caused by a deficiency of Nervous Energy in the affected limbs. Dr. Craistire's Galvanio Articles will supply this deficient power, and a complete and entire cure is thus effected. 1000 Cases of Palsy and Paralysis have been reported to Dr. Christie and his Agents within the last two years, which have been entirely restored. the last two years, which have been entirely restored.

he walked across the room, and in three weeks he had perfectly recovered his health. Captain Tomes is seventy
