It is certainly one of the greatest improvements of the age. This machine will stuff all and every kind of horse collars, from the best patent leather down to the commonest kind in use, and with but one man steadily at work will stuff and shape fifty collars per day in a neater and better style than any other way known.

Saddlers in the county are invited to call at the subscriber's establishment on North Hanover street, Carlisle, and examine the machine. Township or shop rights will be sold. To those who do not wish to buy a right the subscriber offers Ready Made Collars at wholesale which cheaper than they can be manufactured in any other way.
