A great and important improvement is made in this Shower-bath over all others, by throwing the water immediately on the body, without wetting the head, unless at the will or pleasure of the bather; but a greater point gained by being enabled to bath owith warm water, which no other Shower-Bath is adapted to—and most of all the Bath, can be medicated without injury to the hair.

Many persons cannot take a cold bath—their case is met in this as they can regulate the tem perature of the water to suit their wish, and commonce bathing at any season of the year without any unpleasant result. Ladies can have the advantage of bathing without wetting the head or covering the same.

The arrangements are "simple and complete and not; liable to get out of order. The Bath can be adjusted to suit any height, from a small child to the tallest person. When the door is closed, the fixtures are hid and the outside appearancs is that of a neat piece of furniture.

They have received the approbation of several medical gentlemen—others are requested to call and examine them. Manufactured by Patentee.

BATHING.—Read what Armstrong says:
Do not omit, ye who would health secure.
The daily tresh ablution; that shall clear.
The sluices of the skin; enough to keep
The body sacred from undecent soil.
Still to be pure, even if it did not conduce.
As much (as it does) to health, very greatly
worth
Your daily pains; 'tis this adorns the rich;
The want of this is pover; y's worst foe,
With this external virtue, age maintains.

CORGE W. RHEEM having recently the purchased the county right of HAYWOREN'S PATENT COLLAR STUFFER, would respectfully call the attention of the trade to that important invention. It is certainly one of the greatest improvements of the age. This machine stuffs the Collar crocked around the block; faced with hair, wool, obother materials, back stuffs it with long straw, and also makes collars of the straw with less than half the labor and time of the old way of stuffing. This machine will stuff all and every kind of horse collars, from the best patent leather down to the commonest kind in use, and with but one man steadily at work will stuff and shape fifty collars per day in a neater and better style than any other way, known.

Saddlers in the county are invited to call at the subscriber's establishment on North Hanover street, Carliele, and examine the machine. Township or shop-rights will be sold. LRT EVERYDOY READ TRUE CARREULLY.—There is a Scraparilla for sule in the different towns called S. P. Townsond's Sursaparilla. It is advertised as the ORIGINAL, GENUINE, and all tent. This Townsend is no doctor and never was; but was formorly a worker on railroads, canals, and the like—yet he assumes the title of Doctor for the purpose of gaining credit for what he is not. He says "he has attended two pedicial schools, and practiced for fifteen years! !?" Now the truth is, he never practiced medicine a day in his life! Such ratiful, ricked misrepresentation looks had to the character and veracity of the man. I wish most sincerely, he had never made those statements of himself or of me. When will men learn to be honest and truthful mat hich relatings and intercourse with their follow men! He applied to one Ruel Clapp to assist him in manufacturing his mixture, stating the large cumes he would make, as an inducement to embark in the business. These men have been 'mastifula and liberling me in all possible forms, in order to impress the public tyngenuine, original Scriengerilla, made from the Old Doctor's Original Recipie. This S. P. Townsend says I have sold the use of ny name for 87 a week. I will give him \$500 if he will produce one single sciliary proof of this. His statements of Intenbods, simply-made to deceive the public, and keep the truth down in regard to his souring, fermenting compound. This is to caution the public to purchase none but Old Dr. JACOB Townsend's Sarsaparilla, having on it the Old Doctor's likeness, his family Coat of Arms, and his signatureacroses the Coat of Arms.

Principal Office, 102 Nassaus-street, N. X. City.

Old Dr. Jacob Townsend. THE ORIGINAL DISCOVERER OF THE.
Genuine Townsend Sarsaparilla. Old Dr. Townsend is now about 70 years of age, and has long been known as the AUTHOR and DISCOVERER of the GF-8N UINE ORIGINAL "TOWNSEND SARSAPARILLA." Being poor, he was compelled to lithit the manufacture, by which means it has been kept out of market, and the reles circumscribed to those only who had proved its worth, and known its value. It had reached the ears of many, nevertheless, as those persons who had been healed of sore discover, and suved from death, proclamod its wonderful

been healed of order discusses, and suved from death, proclaimed its wonderful.

III. ALING POWER.

This GRAND AND ENERGIALLED PREPARATION is
manufactured on the braces scale, and is called for throughout the length and breadth of the land, especially as it is
found inequable of desenceration of deterioration.

Unlike young S. P. Townsend's, it improves with age,
and never changes but for the properties of the rich properties.

The highest knowledge of Chemistry, and the listest discoveries of the
art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root,
it is well known to medical mon, contains many medicinal
properties, and some properties which are inert or useless,
and others, which if crained in spraparing it for use, produce fermentation and acid, which is injurious to the system. Some of the properties of Sarsaparilla use to votalite
that they entirely evaporate and are last in the preparation,
if they are not preserved by a scientific process, known only to those experienced in use manufacture. Moreover,
these rolatic principles, which hy off in vapor, or as an exhalation, under lent, are the very essential medical propcraft properties of the properties

meight or vapid inquid, sweeten with sour molisses, and then call it "SARSAPARILLA EXTRACT or SYRUP." But such is not the article known as the GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is no prepared that all the inert properties of the Sarequarilla root are first removed, everything capable of becoming acid or fermentation is extracted and rejected; the convergence of the same properties of medical virtue is secure-lip a pure and concentrated form, and thus it is rendered facepable of losing any of its valuable and healing properties. Prepared in this way, it is made the most poweful agent in the Cure of innumerable Diseases.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER-UCAPLAINT, and in RHEUMATISM, SCROF-ULA, PILES, COSTIVENESS, all CUTANE, out all affections-arising from LIMPLING TOTHE RUOOD.

Inflections arising from IMPURITY OF THE BLOOD. IMPURIET OF TRIES BLOUD.

It possesses a marvellous efficacy in all complaints arising from Indigration, from Acidity of the Stomach, from unequal circulation, determination of blood to the head, palphation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in Colds and Coughs: and promotes easy expectoration and gentle perspiration, relaxing strictures of the lungs, throat and every other part. spiration, selaxing strictures of the party other party.

But in justing is its excellence more manifestly seen and selaces of the party of the part

acknowledged than in all kinds and stages of FEMALE COMPLAINTS.

It works wonders in cases of Fluor Albus or Whites, Falling of the Womb, Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is effectual in curing all the lorms of Kindey Diseases. By removing obstructions, and regulating the general system, it gives one and strength to the whole holy, and thus cures all forms of Nervous Diseases and Debility, Mervous Diseases and Debility, and thus preems or relieves a great variety of other maladies, as Spinal irritation, Neuralgia, St. Vitus' Dance, Stronning, Epileptic Fits, Convulsions, &c.

It cleaners the blood, excites the liver to healthy action, tones the stomach, and gives mood digestion, relieves the bowles of torpor and constrpation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth smally all over the body, and the

MOFFAT'S Life Piffs and Phonix Bitters.

These Medicines have now been before the pub-lic for a period of FIFTEEN YEARS, and during that time have maintained a high character curing that time have maintained a high character in almost every part of the globe for their extraor-dinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nestrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to-those who were acquainted with the beautifully philosophical principles upon which they are compounded, and apop, which they consequently act. It was to their manifest and sensible action in parifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which Unlike the host of perulcious quackeries which boast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither Meroury, nor Antimony, nor Arsenio, nor any other iniveral, in any form whatever. They are entirely composed of extricts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loceon from the coats of the stomach and bowels the various impurities and crudities constantly settling roffind them; and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhea with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGRTABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of

leanse the kidneys and the bladder; and, by this neans, the liver and lungs, the healthful action of means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming chesk. The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomache, and creating a flow of pure healthy bile, instead of the state and acrid kind; FLATULENCY, Loss of Appetite, Hearthurn, Headache, Restlessness, Ill-temper, Anxiety, Languor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

within two days Diarrhosa and Cholera, by removing the harp acrid fluids by which these complaints are ceasioned, and by promoting the lubricative secretion of the mucous membrane.

tion of the muc Fevers of all kinds, by restoring the blood to a egular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to. cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these greatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these

dreadful disease dreadful diseases.

Scurvy, Ulcers, and Inveterate Scres, by the perfect purity which these LIFE MEDI-CINES give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and

other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON. COLDS and INFLUENZA will lways be cured by one dose, or by two even in

the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphsic recommendation. It is well known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint, for upwards of THERTY-FIVE YEARS; and that he tried in vain every remody prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Medicines will be found a safe, speedy, and certain temedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints.
General Debility, Loss or Appetite, And.
Diseases of Females—these medicines have been used with the most beneficial results in cases of this description:—King's Eull, and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Swrats; Nerrous Debility, Nerrous Complaints of all kinds, Paleitation of the Heart, Painter's Colic, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the stimation of every patient.
