### Tariff Resolutions by Mr. Church. Merald & Espositor

CARLISLE, PA.

WEDNESDAY, JANUARY 30, 1850. ELECTION OF JUDGES. The amendment to the Constitution providing for the election of Judges, which was passed by the last Legislature, and advertised in the papers last summer, was again adopted in the Sep-1 ate last week. But three Senators voted against the resolution. It has not yet been brought up in the Honse.

JUDICIAL APPOINTMENT .--- Wm. B ... McClure, Esq. a native of Carlisle, but for a number of years past a resident of Pittsburg, has been appointed President Judge of the Courts of Allegheny county, in place of Judge Patton, whose term has just expired. The nomination gives great satisfaction in Pittsburg, where Mr. McClure bears a high character as a lawyer and citizen.

Secretary of the Commonwealth \_ We learn from the Harrisburg papers, that Townsend Haines, Esq. the very able Secretary of the Common wealth under Goy. Johnston's administration, resigned his office on Thursday last, having received the appointment of Register of the Treasury, at the hands of Mr. Meredith, Secretary of the Treasury In returning his commission to the Governor Mr. Haines speaks warmly of the friendship which cemented their official connexion, and bears cordial testimony to the high character of the Executive, and his success ful administration of the government. On Friday messages were received in

both Houses from the Governor, giving infor mation of the appointment of ALEXANDER L. RUSSEL, of Bedford County, as Secretary of State, pro tem, in place of Mr. Haines re signed. Mr. Russell is a gentleman of tal-ents and experience, having been Deputy Secretary in the office. We learn from a correspondence publish

ed in the Philadelphia North American, that upon the resignation of Mr. Haines, the appointment of Secretary of State was tendered by Gov. Johnson to the Hon. Daniel M. Smyser, the talented and eloquent Representative of Adams courty. Mr. Smyser was howey er compelled to decline the appointment, believing himself debarred from accepting i by the language of the State Constitution which says in the eighth Section .- "no member of the Senate or House of Representatives shall be appointed by the Governor to any office during the time for which he shall have been elected." An unwillingness to subject his constituents to the expense and inconvenience of a special-election, is also assigned as a reason for declining, by Mr. Sinyser. He concludes his. letter by assuring Gov. Johnston, that "whilst thus constrained to decline the honor extended me, I shall ever hold the proffer in grateful remembrance, and shall at all times take pride and pleasure in co-operating with you, to the extent of my power, in your efforts to advance the prosperity and greatness of our beloved Common wealth."

The Harrisburg Telegraph, in announcing the resignation of Mr. Haines, and his appointment to the post of Register of the United States Treasury, says :

As the post thus offered to Mr. Haines was entirely unexpected and unsolicited by him, be cannot but teel highly flattered by the compliment; honorable to him and compli-mentary to the Administration, and to the State. Mr. Haines in his present position has earned the respect of all who have had Gen. Taylor's Course.
