MOFFATS

Life Pills and Plionix Bitters. These Medicines have now been before the pub-lic for a period of FIFTEEN YEARS, and during that time have maintained a high charactor. corning must time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of rectoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nestrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial health, without which life itself is but a partial bleasing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and apon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and focently to some eminent pharmacoutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened faces which collect in the convolutions of the 'small intestines. Other medicines only partially cleanse these, and leave such

remove the hardened faces which collect in the convoltations of the 'small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhosa with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its rescolor from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible

DYSPEPSIA, by thoroughly cleansing the first DYSPEPSIA, by thoroughly cleansing the first and second stemachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss of Appetite, Hearthurn, Headache, Restlessness, Ill-temper, Anxiety, Languer, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Continuences, by cleansing the whole length of the intestines with a solvent process, and without violences all violent purges leave the bowels costive within two days.

within two days.

Diarrhoss and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.

Feyers of all kinds, by restoring the blood to a regular circulation, through the process of perspinance and the thorough solution of

ration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the lights.

of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these greatures afters.

Asthma, and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which if not removed, becomes hardened, and produces these dreadful diseases.

dreadful diseases.

Scuryy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDI-GINES give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all cruptive complexions, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin.

striking improvement in the clearness of the skin always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distress

PILES. As a remedy for this most distressing and obstinute malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic becommondation. It is well known to hundreds in shis city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS; and that he tried in vain every remedy prescribed within the whole compass of the Materia Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these Modicines will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a roturn of the disease—a cure by these medicines is permanent—TRY THEM, HE SATISFIED, AND BE CURED.

Bilious Fevers and Liver Complaints. General Debility, Loss of Appetite, AND DISEASES OF FEMALES—these medicines have been Diseases of Females—these medicines have been used with the most beneficial results in cases of this description:—King's Evil, and Scropula, in its worst forms, yield's to the mild yet powerful action of these remarkuble Medicines. Night Sweats, Nerrous Debility, Nerrous Complaints of all kinds, Palpitation of the Heart, Painter's. Colic, are speedily cured.

MERCURIAL DISEASES. Persons whose constitutions have become invalided by the injudicious use of Mencuar, will find these Medicines a perfect cure, us they never full to eradicate from the system all the effects of Mercury infinitely seener than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the stimation of every patient.
