(Extract from the London Medical Johrnal, "C. J. B. Williams, M. D., F. R. In the large number of cases, 206 out of 234, its use was followed by cases, 200 out of 204, its ase was suitowed by marked and unequivocal improvement, varying in degree in different cases, from a temporary retagdation of the progress of the disease and a mitigation of distressing symptoms, up to a more or loss complete restoration to apparent health.

"The offset of the Cod Liver Oil in most of these symptoms are transferable.

"The effect of the Ced Liver Oil in most of these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quanty and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, flesh and strength were gradually improved.
"In conclusion I repeat that the pure fresh oil from the liver of the Ced is more beneficial in the treatment of Pulmonary Consumption than eny agent, medicinal, dictotic or regimenal, that has yet been employed."

As we have made arrangements to procure the Ced Liver Oil, fresh from head quarters, it can now be had chemically pure by the single bottle, or in boxes of one dozen each.

Its wonderful efficacy has induced numerous spurious imitations. As its success depends entirely on its purity, too much care cannot be

Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all us train of evils, or sudden Diarrhora with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age.
