HARTORD, Jan. 26, 1847.

Dr. J. C. AYER—Dear Sir:—Having been rescued from a panful and dangerods disease by your medicine, gratitude prompts me to send you this acknowledgement, not only in justice to you, but for the information of others in like affiction. Let the relieved sufferer speak for himself:-

A slight cold upon the lungs, neglected at first
became so severe that spitting of blood, a violent
cough ond profuse night sweats followed and fastened upon me. I became emacated, could not
sleep, was distressed by my cough, and a pain
through my chest, and in short had all the sfarming symptoms of quick consumption. No medicine seemed at all to reach my case, until I providentially tried your Cheary Pectoral, which
soon relieved and now has cured me.

Yours with respect, E. A. STEWART.

Dr. Ayer, Lowell—Dear Sir\_I have for the stars been afflicted with Asthma in the worst form; so that I have been obliged to sleep in my chair for a larger part of the time, being unable to breathe in my bed. I had tried a great many medicines, to no purpose, until my physician prescribed, as an experiment, your Cherry Pectoral.

At first it seemed to make me worse, but inless than a week I began to experience the most
gratifying relief from its use; and now, in four
weeks, the disease is ontirely removed. I cap
sleep in my bed with comfort, and enjoy a state
of health which I had never expected to enjoy.
