FOR THE CAMPAIGN.

In view of the great importance of the pending political cainpaign in Pennsylvania, we propose to furnish our paper at FIFTY CENTS from this date till the first of November. The election of Auditor General and Surveyor General, in addition to that of Canal Commissioner, presents a new and interesting feature in the contest, which demands an extraordinary effort on the part of the Whig party for success. In such an effort the best and most efficient auxiliary is the WHIG PRESS. Well conducted, prudent and spirited Whig papers ought to be ent and spirited Whig papers ought to be ared broad cast over the Commonwealth printent and spinions of the Commonwealth, as the best and cheapest means of arousing the proper spirit and energy in our Whig friends.

In this important, and as we believe essential work, we invoke the aid and co-operation of the friends of the State and National Administratious in the circulation of the Carlisle Herald Our paper will therefore be furnished from this nate to the first of November, or for four months, on the following:

on the following:
One copy for four months, 50cts. Seven copies RTAny person making up a club of ten of nore copies will be entitled to a copy grats.

The Editor and suite left here yesterday morning, for the purpose of taking a short sojourn from all the natural and artificial ills that the life of an Editor is heir to. We hope that himself and suite may enjoy themselves, and new" by their trip to the Doubling Gap Springs, one of the most delightful watering places in the State. But our devil says that amid all the scenes of pleasure and excitement in which you mix. he hopes you will not forget to cast one FOND thought on

"The fellers you left behind you."

Honor to the Dead.

In compliance with orders from the War Department, the nationa! flag was lowered to half mast, and half hour guns fired throughout the day, on Friday last, at the U. S. Garrison near this/bor ough, in token of respect to the memory of President Taylor.

The demonstration in this borough on Saturday next promises to be a large and imposing pageant. The military, both at home and in the neighborhood, wwill unite in it, and the civic branch of the procession will be made up of the various benevolent orders, adorned with their regalia, the Firemen with-their equipments, and the various other public organizations named in the published programmes. We trust that a feeling of respect to the distinguished will prompt out of use, has been sold. every class of the community to c-coperate in giving effect to this tribute in honor of the departed Hero and Patriot. We again insert the programme, as there the route of prosession, and other arange-- ments made by the Chief Marshal.

Chief Marshal and Aids, FIRST DIVISION. The Military Procession, United States Troops,
Brigadier-General Edward Armor and Staff, Captain Long of the Navy,
Volunteers commanded by Col Hunter
United States Dragoon Band,
Martial Music, SECOND DIVISION.

Civic Procession. Marshal JOHN II. WEAVER. Committee of Arrangement. Burgess and Town Council, Clergy, Judges of the Court, Officers of the Court, Members of the Bar, Members of Medical Profession. lecs and Faculty of Dickinson College. Students of Dickinson College.

Students of Dickinson College.

Principal and Tutors of Grammar School
Pupils of Grammar School,
Directors of the Common Schools.

Public Male Schools and their several teachers. THIRD DIVISION. Marshal-John B. Bratton. Officers and Soldiers of the war of 1812.

Officers and Soldiers of the war with Mexico,
Masonic Order, Order of Odd Fellows Sons of Temperance. Fire Companies. FOURTH DIVISION. Marshal-Armstrong Noble,

First Division of Citizens and Strangers.

Marshal—John Hyen. Second Division of Citizens and Strangers. The procession, when formed, will

move in sections of four, down High to Bedford street, thence North to Louther street, thence up Louther to Hanover street, thence south along Hanover to Pomfret street, thence up Pomfret to Pitt street, thence north to High street, down High street to the Centre Square, where the procession will be dismissed. A eulogium on the character of Gen. Taylor will then be delivered in the First of Presbyterian Church by the Hon. F. WATTS.

Taking the Census.

A. E. Roberts, Esq. the U. S. Marshal for the Eastern District of Pennsylvania, has made the following appointments of assistants for Cumberland County. The appointments are excellent and will be highly satisfactory to the Whigs of the County:

S. S. Snyder, of Newburg, Lewis H. Williams, of Newville, Major J.Bretz, of Carlisle, Wm. Line, Esq. of Carlisle, Peter B. Smith, of Carlisle, J. H. Spahr, of Mechanicsburg, Thos. Craighead, of E. Pennsboro, D. S. Hamaker, of Allen.

The duty of the asistants will be to take the Census. The County it will be seen is divided into eight districts. The boundaries of these districts we have not ascertained. The question to be asked by the Marshals was published some four weeks ago. The information obtained will be of the greatest value to the country, and enable our law makers to so shape the laws and policy of the government as to best advance the interists of the whole country. Every citizon should feel it his duty to give true and prompt answers to questions put by persons employed in taking the census.

The second of th

Great Storm.

We were visited on Thursday night ast with a storm of unprecedented severity. The storm increased in fury as the night advanced, and when morning dawned a scene of apparently wide-spread devastation presented itself. Shade and fruit trees, even of the largest size, were found uprooted and broken down, while fences and other lighter matters were prostrated and scatered in every direction. Though the rain and wind still continued with considerable violence, there was a gradual abatement of their force toward Friday evening, and on Saturday the weather cleared up brilliantly. We are glad to learn, upon inquiry, that the distinctive effects of the. storm have not been so great as was feared during its progress. A large portion of the heavy grain crop of our country had not been housed before the storm, but it has suffered no material injury. The weather has since been fine and it, is presumed that the farmers who were behind-hand have been making good use of their time. The growing com has been almost entirely prostrated, but under the reviving influence of the rain will readily rise and make its usual vield. With the exception of the inju-

ry done to fruit trees, many of which return with health renovated and "made were twisted, broken and shorp of a large portion of their fruit, we are informed by many of our country freinds, that the benefits of this stormy inundation, which has thoroughly saturated the earth, will far over-balance the injury

The storm appears to have swept over a great extent of country, as our exchanges are bringing us intelligence of its devastating effects in every direction.

We are authorized, and glad to state, for the benefit of our freinds in the neighboring towns and country, that the fare on the Cumperland Valley Rail Road will be reduced on Saturday next to HALF PRICE, from all points to this borough ! A large crowd may be expected here on the occasion.

New Town Clock .- Our citizens will be glad to learn says the Volunteer; that the County Commissioners and Town Council of Carlisle, have concluded a contract with an experienced clockmaker of New York, for the making of a superior Town Clock. The clock will be finished and put up in two months. The clock at present in use, or rather

Shocking Accident.

A colored girl, by the name of Mary Elizabeth Johnson, while engaged in has been some alterations made in it filing a camphene lamp in the parlor of since our last publication, together with Mr. Lanks, at the Methodist Parsonnge, in Mechanicsburg, on Tuesday evening laat, her clothes took fire and before asistance could be rendered she was so badly burned that she died on Saturday afternoon. This is another warning to be careful in handling these "life distroyers" camphene lamps.

We are requested to state that mourning badges appropriate for wearing on the occasion of the funeral procession of Gen. Taylor can be had at Martin's book store.

WARM SPRINGS, PERRY COUNTY, PA.

THE undersigned begs leave to inform the public, that he has recently purchased the WARM. SPRINGS, in Perry County, Pennylyaniu, and has improved and refurnished the pulldings for the entertainment of visitors, in a yle calculated to insure comfort and conveni-ice to all who may feel disposed to patronize

style calculated to insure comlet; and convonence to all who may feel disposed to patronize
the establishment.

These Springs are situated on the bank of,
and empty into Sherman's Creek, a stream associated with the thrilling scenes between the
early sottlers of that part of Pennsylvania and
the aborigines, whose hunting grounds lay on
its margin. They are eleven miles from Carlisle, (through which the Cumberland Valley
Railroad passes-from-Chambersburg to Harrisburg,) from which place visitors can at all times
obtain excellent conveyances. Those also from
the east, wishing to reach the Spring by the
Central Railroad. can do so by taking passage
to the Duncanno. Iron Works, (thirteen miles
distant from the Springs,) where coaches are
constantly in readiness to convey them thither;
and those coming from the West on the some
road, at all times obtain easy conveyances at
the Railroad Hotel at Newport, which is but a
few miles distant from the Springs.

The qualities of the water of these Springs
are most extraordinary indeed, for the speedy
and permanent cure of Scrofulas, Eruptions of
the Skin, and every species of Cutaneous discases. He has hundreds of, certificates, show
ing the wonderful cures effected by using this
water internally, and by bathing in it, obtained
as well from strangers as from those residing in
the immediate neighborheed of the Springs,
who have not only experienced the infallible
efficacy of the water themselves; but have witnessed the same upon others. Prof. James C.
Booth has analyzed the waters, and found them
to contain 9-2 grains of solid matter in the gellon, which is composed as follows:

It may be proper to state why a knowledge of the oxtraordinary Modical qualities of these of springs has not been more extensively known that it indicated by the certificates of those only who have resided in their immediate langily only who have resided in their immediate langily on the property foll into the hands of a number of heirs, who were indisposed to undertake the responsibility of omaking it a place of public entertainment, as a business,—probably, because the patronage of the public would not have justified the underwaking, as at that time, (before the spirit of public improvements by Canals and Railroade had rendered distant and difficult points of speedy and cheap access,) its location was out of the way, and the roads to it rough and almost impassable. At the death of Mr. Kennedy it fell into the hands of heirs, neither of whom seemed disposed to take hold of it, but leased it to tenants, more for the cultivation of the land, than a regard to the use of the water. land, than a regard to the use of the water.—
It was finally rented to Mr. Hipple, (now proprictor of a large Hotel, in Tremont, Pennsylyania) who made arrangements to vania,) who made arrangements to accommodate the public; and during his term; many invalids availed themselves of this opportunity valids availed themselves of this opportunity to visit and test its medical qualities. Mr. Hipple, however, retired in a short time, and the property again sell into the hands of the heirs, and remained so, until proceedings were instituted in the Orphans' Court, by the heirs, for its sale. It was then sold, and the subscriber became the purchaser. With the exception of the short time it was held by Mr. Hipple, it remained in the hands of the heirs without any efforts to bring it into notice.

mained in the hands of the heirs without any efforts to bring it into notice.

The country round the Springs and neighborhood is diversified by cultivation, and is beautifully wild and picturesque in scenery, abounding in gaine, while the stream passing through the property affords fine fishing. Every attention will be paid to the comfort and convenience of guests, and the charges so moderate, that all may avail themselves of the benefits of the Water.

H. H. ETTER.

DOUBLING GAR WHITE SULPHUR SPRING.

THE subscriber, teeling highly gratified with the success which has attended his management of the above establishment during the past season, has increased his efforts to

cender the place and accommodations still more nviting and comfortable.

Ample provision has been made for the various modes of Bathing, with either Warm, Cold, or Sulphur Water; also for Gymnastic success and nasting amuscapt. cold, or Shiphur Water; also for Gymnastic exercise and pastime amusement.

The salubrity of the situation, the highly Medical quality of the Spring, the splendid Mountain Scenery, with obliging and competent Servants, and a strong desire on the part of the Proprietor to make his friends comfortable and language, are some of the inducements offered to Visitors, both valid and invalid, who desire of the control of the contr Visitors, both valid and invalid, who desire either an occasion for innocent enjoyment, or repose and restoration to health.

The Spring is situated in CUMBERLAND COUNTY, PA.. about eighteen miles Northwest of Carlisle. It is accessible by Railroad from Philadelphia to Newville, and thence eight miles by stage to the Spring. Passengers leave the property of Coumberland county, June.

the immediate neighborheod of the Springs, who have not only experienced the infallible efficacy of the water themselves; but have witnessed the same upon others. Prof. James C. Booth has analyzed the waters, and found them to contain 9-2 grains of solid matter in the gallon, which is composed as follows:

Carbonate of lime 2-667 of magnesia 1-938

Alkaline salts, chiefly chlorides, with a portion of sulphate 1-988

Silicia 0-665 Organic matter 2-897

There are also at the same place half a dozen of other springs, of different descriptions, a mong which is one of sulphur and one of cold water.

It may be proper to state why a knowledge of the extraordinary Medical qualities of these Springs has not been more extensively known than is indicated by the certificates of those only who have resided in their immediates by the certificates of those only who have resided in their immediate taking, as at that time, (before the spirit of public improvements by Canals and Railroade had rendered distant and difficult points of speedy and cheap access,) its location was out of the way, and the roads to it rough and almost impassable. Carlisle Sulphur Springs.

THESE colebrated Springs, situated in one of the most beautiful, healthy & line of a sufficient height to admit a covered or havy wagon to pass through the same. The bridge is to be closely weatherboarded with three quarter pine boards well lapped. The carlisle, and within one mile of the north mountin, where at all seasons game can be found in abundance. The Conodoguin t Creek runs within two miles of hae establishment, affording a sine opportunity for pleasure and exercise to those whe are fond of angling.

The proprietor deems it altogether unnecessary to say anything in regard to the medicinal virtues of the water, as the numerous persons who have regained health from its use renders such a course entirely superfluous. Good WARM and COLD BATHS in readiness at all times. The table will be farnished with the best the season and market affords, and the Bar supplied with the choicest—liquors. Conveyances from Carlisle to the Springs can be had at all times by applying at the different livery establishments.
