WHIG STATE TICKET. FOR CANAL COMMISSIONER. JOSHUA DUNGAN. FOR AUDITOR GENERAL. HENRY W. SNYDER. FOR SURVEYOR GENERAL. JOSEPH HENDERSON.

Activity, Harmony and Fidelity! Resolved, That, with a view to sustain the Executive by the assistance of men—men of high character, sound political opinions, and large experience, we have this day nominated Joshua Dungan, Henry W. Snyder, and Joseph Henderson, as the Whig candidates for the offices of Auditor General, Surveyor General, and Canal Commissioner.

WHIG COUNTY TICKET. Congress, ROBERT M. BARD, Of Chambersburg. State Senator, ABRAHAM W. MONROE, of Perry Co. of Perry County.

WHIGS! Remember that next Tuesday is the Election day. Then go to work for BARD, DUNGAN, SNYDER, HENDERSON and the WHOLE WHIG COUNTY TICKET! Prompt and vigorous action is absolutely necessary. Talk to your neighbors—urge them to go to the Election—a full vote is a Whig Victory!

Our Candidate for Senator. ABRAHAM W. MONROE, Esq. of Perry county, is the Whig candidate for the State Senate in the district of Perry and Cumberland. We have not the pleasure of a personal acquaintance with Mr. Monroe, but we understand him to be a plain, substantial and highly intelligent Farmer, who is justly esteemed by his immediate neighbors for his very excellent qualities.

Collector at Philadelphia. Wm. D. Lewis, Esq., appointed Collector of the Port of Philadelphia, by Gen. Taylor, was on Wednesday last confirmed by the U. S. Senate, by a large vote. Mr. Lewis's nomination has been before the Senate since the opening of the session. Congress, having encountered the most determined opposition from Senator Cooper.

Are You Assessed? We would remind our Whig readers that to secure a vote on the Second Tuesday of October (the 8th) it is required, by law, to be assessed at least ten days before the election, and have paid a State or County tax within two years. The last day on which assessments can be legally made, will be Friday the 27th inst.—the day after to-morrow.

WHIG COUNTY COMMITTEE.

At a meeting of the Whig Standing Committee of Cumberland county held on Saturday, the 21st instant, in Carlisle, on motion the following persons were elected as permanent officers of the County: Col. WILLIAM H. WOODBURY, of Newville, Chairman; and Benjamin W. Stippelmueller, Secretary.

To the Whigs of Cumberland County. Fellow Citizens: The general State election is fast at hand and we are constrained to address you to invoke you to immediate and earnest action. The importance of the contest will be sufficiently evident to you all when we name the responsible State and County officers which are to be filled, viz:

One Canal Commissioner, One Auditor General, One Surveyor General, One Member of Congress, One State Senator, Two Members of Assembly, One County Prosecuting Attorney, &c.

On the question of the amendment of the Constitution we shall not assume to advise you. You are to vote a party question, and all we ask of you therefore is to reflect carefully upon its expediency, and vote according to your convictions of right.

Without dwelling upon the character of the Whig candidates who have been presented for election to these offices—all of whom we can cordially commend to your warmest support—the County Committee deems it of more importance to urge upon every Whig voter the pressing necessity of faithfully depositing his vote. The right of every citizen to vote is a privilege known only to the people of the United States.

Fellow-citizens! It is to invoke you to the discharge of this great duty—to secure this FULL VOTE—that we now address you. With a full Whig vote we may safely indulge the strongest hope of success—without it we shall meet with nothing but defeat. Let the active personal exertions of every Whig be directed then to accomplishing this important end.

Testimony of Opponents. The Chambersburg Valley Spirit, says of Robert M. Bard, the Whig Candidate for Congress, "he is a very able lawyer, as well as a pretty bitter Whig."

Such is the character of our Candidate for Congress, according to the testimony of our opponents. Whigs, is not such a man a worthy of your most active exertions to elect?

Resolved, That Mr. McLanahan's grand oratorical flourish (in his opinion) at the Mass meeting held in 1848, in which he said that both white and black men were to be equally admitted to the rights of citizenship, was a noble and a noble abolitionist—traveling up a steep hill with both white and black men, and that he was laboring with either his liberality of sentiment or his courtesy as a gentleman.

The Whigs of Union in Council.

Enthusiastic Reception of Governor Johnson. Four thousand persons present. Speeches of the Governor and Hon. James A. McKim. The Whigs of Union in Council met on Friday last at the residence of the Hon. James A. McKim, at the residence of the Hon. James A. McKim, at the residence of the Hon. James A. McKim.

The Democrat says in pursuance of the last volume and programme published in our last year's paper, the committee of reception, Col. Geo. F. Miller, Col. Eli Sifer, Alex. H. Blair, James Aikman & Co., on Tuesday, 17th Sept., received and publicly welcomed his Excellency Gov. WILLIAM F. JOHNSON, between the hours of 5 and 6 o'clock, from the packet boat opposite Lewisburg. A general procession of some 4,000 persons, consisting of three bands of music, among which alone were conspicuously the bands of the 1st Missouri county, and the Missouri delegation with a splendid banner emblazoned with the name of their country in large and conspicuous characters, accompanied by a vast crowd of the worthy and intelligent inhabitants of the beautiful town of Lewisburg, to escort his Excellency from Lewisburg to New Berlin, via Millburg.

Several appropriate speeches of warm and grateful welcome and greeting were made, among which, we cannot forget noticing the eloquent and neat address of Mr. James Aikman. The procession thus formed, with the Governor thus escorted in a splendid barge drawn by teams of four fine grey proceeded through the lovely and rural valleys of Union—the country of the North-western Pennsylvania, accompanied by the Hon. Daniel Smoyer, Col. Eli Sifer, of Union, until it reached Millburg, which was warm-hearted and just cheering population turned out to add their cheers and their approval, of a visit so pleasing to a people who without party bitterness, party prejudice, slavery or bigotry, know well how to appreciate the services, integrity and talent of a well tried public servant, as do the German population of our sister county. The procession then proceeded to New Berlin, the final destined place of public county reception.

Later from California. LAND TROUBLES—ROT AND LOSS OF LIFE! The steamer Philadelphia arrived at N. Y., from Chicago, on Thursday evening, bringing \$800,000 in gold dust on freight, and about \$300,000 in the hands of passengers. She brings advices from San Francisco to the 15th of August. The house of Barlow, at Sacramento City, had failed for \$1,000,000! A serious riot attended with loss of life, took place at Sacramento City, growing out of the land troubles. Sixty of the squatters proceeded to the prison ship, to release their comrades who were confined there for misconduct, when they were confronted and opposed by the Mayor and other citizens. An affray commenced, in which Mayor Bigelow, the City Assessor, and many others, on both sides, were killed and wounded. Two steamers were despatched to San Francisco for assistance, and the Lieut. Governor had proclaimed martial law.

Foreign News. By the arrival of the Canada, we have several days later intelligence from Europe. The most important item is the reception of the Austro-German fleet at London, which was received on board from the account of the Pacific fleet, stating that an express had just arrived, bringing the intelligence that Sacramento City had been reduced to ashes; and the squatters were receiving reinforcements from the mines. This dispatch was received by Mr. Norcross, Assistant Editor of the Pacific News, and was a passenger. He considered it, we understand, entirely reliable. At the time this intelligence was received, fifty U. S. soldiers had been sent to Sacramento City, and two volunteer companies in San Francisco had also offered their services to maintain order.

Sir Henry Bulwer's Man!

When the Whig members of Congress last winter made a movement toward effecting a change in the present tariff, the British minister in Washington, Sir Henry Bulwer, immediately took the alarm and addressed the following letter to our Secretary of State, Gen. Taylor, afterward communicated to Congress. It might be deemed as it deserved. Read it!

BRITISH LEGATION, Jan. 3, 1850. Sir: It having been represented to her Majesty's Government, that there is some idea on the part of the Government of the U. S. to increase the duties on some imported articles to the United States, I have been instructed by her Majesty's Government to express to the U. S. Government the hope of her Majesty's Government, that no addition will be made to the duties imposed by the present tariff of the United States, which already weighs heavily on British productions; and I cannot but be facilitating the commerce between the two countries, would produce a very disagreeable effect on public opinion in England.

WORKINGMEN of Cumberland, Franklin and Perry, will you, by your votes, send Sir Henry Bulwer's BRITISH REPRESENTATIVE back again to Congress, or will you rather sustain your own country and your own interests by voting for ROBERT M. BARD, the advocate of protection to American Industry? Let the ballot-box speak!

McLanahan and Slavery.

A letter from a distinguished gentleman, at Washington, says the Chambersburg Whig, offering us a hearty congratulation upon the nomination of our fellow citizen, Mr. McLanahan, in the present Congress. Let the people—not only Whigs—but the whole people read and reflect, for it is a matter which deeply affects the interests of all!

While the territorial bills were passing, uniformly voted ON THE SIDE OF SLAVERY. He voted against excluding Slavery from the Free Territories. He voted for admitting (provisionally) new Slave States into the Union. He voted against the Mexican laws abolishing slavery, which are bills were in the territories; and when these bills were in force in the territories, he voted for the repeal of the act which would have put them in force. He voted for the repeal of the act which would have put them in force.

Single Slip Tickets. The following sections of the Act of the General Assembly, approved the 27th day of February, A. D. 1849, are published for the information of the electors of Cumberland county, viz: Sec. 1. Be it enacted, &c. That it shall be lawful for the qualified voters of the counties of Adams, Dauphin, Lancaster, York, Franklin, Cumberland, Bradford, Centre, Greene and Luzerne, to meet at the residence of the Lieut. Governor, or at the residence of the Lieut. Governor, to vote for all the candidates for the various offices to be filled at an election, ON ONE SLIP OF PAPER, and to have the same counted as if each candidate were voted for on a separate slip, as required by the existing laws of this Commonwealth.

Murder of Two Brothers. PITTSBURG, Sept. 17. Last evening a man by the name of McKay or McJoy, took lodgings at DeLong's hotel, four miles east of town. He was placed in the same room with William Bulfinch, who was a well known man. The two men got up together the night following, and went to a public house, where they were drinking. The barkeeper was also in the room, and the two men were drinking. The barkeeper was also in the room, and the two men were drinking.

HORTICULTURE.

Mr. Estlin—This subject is deserving of more attention than it has yet received from our farmers and all who have grounds to cultivate, and I intend to send you some notices of the fruit of our country, if you can spare room for that purpose. Fine fruit and choice vegetables are very desirable to a family, and it is short neglecting if our farmers do not possess them. Some seem to expect that nature will spontaneously yield her gifts, without any contribution of money, time, or labor; but such is not the usual course of things, she rewards the industrious and those who put their shoulders to the wheel, while the negligent, the indifferent, and the indolent, are only partakers of what their more fortunate neighbors would not look at. Let any one ride through our country. Orchards there are, and loaded with apples, but in many cases of poor and indifferent quality; peaches you will see in with an almost every farm, but generally of the poorest kind; while the pear is often a choice pear, and the grapes, the wild grapes of our woods. There are indeed exceptions, when you will find a great variety of fruit, and it is satisfactory to show that we can raise peaches, pear apples and even grapes in the valley of excellent quality.

THE expense of raising choice fruit will be well repaid at the prices now given in our market, although a large supply would reduce it in all probability much below the present rates. This is true, fine fruit will sell for as much in Carlisle as in the city, even with present liberal prices, but it commands at least twenty-five per cent. over inferior qualities, takes up no more ground, and very little additional labor, and then, the luxury it affords to the farmer, and the value of itself, repay the trouble. Strawberries—From the garden, sell in our market at twenty cents a quart, and would pay for their culture at half that price. In Cincinnati they are sold at six-fourths this sum in great quantities. This fruit, unless the cultivator has had some experience in its habits and treatment, does not always succeed. Many of the trees deteriorate and become barren; if the cultivator mark the best bearing plants and root out the others, he will greatly improve his orchard, and the fruit will be of a better quality, and the trees will be of a longer life.

Warr, President of the several Courts of Common Pleas of the counties of Cumberland, Perry and Juniata, in Pennsylvania, and Justice of the several Courts of Oyer and Terminer and General Sessions in said counties, and Hon.
