Important to Farmers and Millers.

BURRELL'S CORN SHELLER.

BURRELL'S CORN SHELLER.

THE subscriber respectfully informs the farming community that he has purchased the right to Burrell's celebrated Corn Sheller, for the counties of Cumberland and Franklin.
Farmers who have used this Corn Sheller, pronounce it a most invaluable invention. It is simple in its construction and not liable to get out of order. It separates the corn from the cob without breaking either and delivers the corn clean and fit for market. It shells from ten to twenty bushels per, hour. Eight hundred of them have been told the past season by the inventor, all of which were highly approved.

Persons wishing to see the above Corn Sheller, can do so by calling at the shop of the subscriber, corner of North Hanover and Louther streets. Carlisle, where ho, will keep constantly on hand a large number for sale. Every farmer and miller should have the above cheap but Valuable Corn Sheller. Valuable Corn Sheller.

THE constant, unsolicited application for and feeling the most abundant and graitifying proof that the public mind is deeply impressed with the bast importance of this subject! The great object, however, of Insurance should be safety; otherwise the whole motive to insure may be disappointed. Too much care cannot be practised in the selection of an office with which to effect the contract. The choice should be regulated not by present and constant large inducements, as this, is certainly incompatible with future benefits. The premiums on life are calculated for the future, if present and prospective benefits therefore are given, the result ultimately, must terminate in litigation, disappointment and ruin. The object atmed at by this institution is stability and perpetutly. The rates of premium have been carefully prepared with reference to fluctuations.—The deash system of payments has also been adopted. Unpaid promium notes constitute ne pair of the assets of this company, and every contingency being fortified with an ample capital, security, atamps the whole system.
