Bedford County in the Field! For Scott and Johnston

The Bedford Inquirer of the 14th inst. brings us the proceedings of an enthusiastic meeting of the Whigs of Bedford county, a portion p which are subjoined, taking a firm and decided stand in favor of Gen. WINFIELD SCOTT, the great Captain of the age, for the Presidency, and his Excellency WM. F. JOHNSTON.

for Governor. The meeting was organized by the election of Major DANIEL WASHABAUGH of Bedford Township. President: Gen. Wm. Compher, of Bedford Borough, Robert Ralston, of South Woodberry, John Clark, Esq., of Schellsburg, and David Stuckey of Middle Woodberry. Vice Presidents; and William Hartley of West Providence, and David Over, of Bedford Borough, Secretaries.

A committee was appointed to draft resolutions; and during their absence the Convention was addressed by the Hon. ALEX. King, and Nu. Lyon, Esq., in review of all the promi nent questions of the day, and particularly in behalf of a Protective Tariff, with great force and power. The cheering, says the Inquirer was enthusiastic throughout their entire speeches; but that which followed the mention of the names of SCOTT and JOHNSON. showed the strong hold they both have upon the affection and confidence of the people .-The resolutions approve of the course of Mr Fillmore; and speak of his Cabinet in terms of the highest respect. In his intercours with foreign nations, particularly, his admin istration is regarded as eminently and strikingly successful.

The following are the resolutions relating t the Tariff, and to the nomination of WIN-FIELD SCOTT and WM. F. JOHNSTON, respectively, for the offices of President an Governor, to wit:

Resolved, That every passing year but adds strength to our convictions that a Protective Tariff, with specific duties, is necessary for the Tarif, with specific duties, is necessary for the independence, prosperity, and happiness of the people. Hundreds of our furnaces and forges, and thousands of our looms and spindles under the existing Tariff are idle, and the multitudes who found profitable employment at these manufactories are now deprived of the opportunity to labor. A foreign debt for imported merchandize which we should have manufactured correlays is watth increasing against an tured ourselves, is vastly increasing against us There is a wide extended stagnation of busi ness, and scarcity of capital, resembling in evness, and scarcity of capital, resembling in every manifestation, the signs of the times which preceded the passage of the Tariff act of '42. These in our minds are serious facts, and thunder-toned arguments, which can never be explained away by the deceptive logic of free-trade, or the sophistries of "democracy," falsely so called.

Resolved That the illustrious military co-

Resolved, That it is with peculiar pride as Whigs and as Pennsylvanians that we contemplate the character and public services of our patriotic Governor, WILLIAM F. JOHNSTON. In the face of many obstacles, and in defianc of a powerful, active and relentless opposition he so wisely laid the plans for his administra tion, and is so successfully executing them for the interests and honor of the State, that his very enemies and revilers stand abashed, and his friends are astonished at the triumphs of his statesmanship, and the magnificence of our prospects. He has not only arrested the in crease of our enormous debt, on which pre-vious administrations could not pay the interest, but he is reducing it by hund reds of thou ands convally, and has established a system by which it will ere long be entirely extin-

Resolved, That for the wisdom and patriotism and success which have crowned his labor he is entitled to the affection and gratitude the entire Keystone State: and that so far as our influence will go, we will use all honorable means to secure his renomination. Resolved, That inserned for art the approach-ing full election we will be called on to elect a

Governor and Canal Commissioner, and an entire new Judiciary for this county and district and throughout the State, and also our Sena for and Representatives and nearly all our county offices, we deem it an election of unusual importance, and an occasion which calls on every Whig to contribute what he can to effect a complete organization.

VOICE OF UNION COUNTY!

As we learn from the New Berlin Star, large and enthusiastic meeting of the Whigs of Union county, met at the Court House, by a call of the County Committee, on the 17th instant.

The meeting was organized by the election of M. H. TAGGART, Esq., President; assisted a large number of Vice Presidents and Sccre taries, among the former of whom was that veteran Whig, the Hon. Ner Middleswarth .-At the call of the meeting D. W. Woods, Esq. responded in an appropriate tribute to the memory of our late President, Gen. Taylor, and in encomiums upon the character and services of Pres. Fillmore. Gen. Scott, and Gov Johnston.

A committee appointed for the purpose ther reported a series of resolutions, which were read and adopted, unanimously. The first six resolutions are devoted to the value of the Union, the supremacy of the Laws, and the right of the People to alter and amend any law they may deem unwise or unjust. The next four take the common ground in favor of the Protective Tariff system, and against the Tariff of 1846, particularly its ad valorem feature. The remaining resolutions were as

Resolved, That we deem the present a occasion to present to our fellow citizens the name of Gen. WINFIELD SCOTT as our pre-ference for the high and honorable position of President of these United States in 1852, and that his services as a Soldier and a Statesman entitle him to the lasting gratitude of the American people, and are descrying of the high est honor in their gift.

Resolved, That our able and patriotic Governor WILEIAM F. JOHNSTON, by the establishment of the SINKING FUND for the reduction of our State Debt, and by the additional and the state of the SINKING FUND for the reduction of our State Debt, and by the additional and the state of ministration of the Executive Branch of the Government in a faithful and economical man-ner, has established for himself a high and enviable reputation as a Statesman, and has clearly developed a system by the operation of which our State may relieve herself of her enormous Debt, and our people of their taxa-

tion.

Resolved, That we are highly gratified to see Gen. BICKEL, the Democratic State Treasurer, bear honourable testimony in favor of the Sinking Fund system of Governor Johnston, and its operations, in opposition to the unfounded and prejudiced attacks of the Democratic Union and other kindred prints.

Resolved, That our Representative and Sentorial Delegates to the State Convention are hereby instructed to support the re-nomination of WM. F. JOHNSTON for Governor, and to use all honorable measures to secure that object.

object.

Resolved, That we view the calm and conciliatory measures of MILLARD FILLMORE,
the President of the United States, as a signal
illustration of his patriotic devotion to the Union, the whole Union, and nothing but the Union, and that he deserves the most heartfelt gratitude of every American citizen. Resolved, That the course of the Hon. Time may yet disclose more on this subject than has been revealed.
