PHILADELPHIA, May 9.—The public seem destined to disappointment with regard to the arrest of the murderers of the Bartle family. The man arrested at Doylestown, it is said, turns to be another man, and will have to be released. The real offender, no doubt, escaped to New York the very morning after the murder, and may, before this, have embarked for Europe, as the plunder he obtained must have supplied him with sufficient funds.—There seems to be but little doubt that the real name of the muderer was J. REMARKS—The operations of the past
week in most of the leading articles have been
to a moderate extent for the season. The unfavorable tener of the Europa's advices, however, has depressed the market for Cotton and
Breadstuffs, which close unsettled and drooping. Iron also continues very dull. In other
articles there are no important changes to notice since the close of last week.

NIOUS AND MAY MAY —The market opened

FLOUR AND MEAL.—The market opened with an increased export demand for Flour, which was freely met by most holders, and about 7,500 bbls. were disposed of at \$4,314 for standard superfine, \$4,874 for better brands, and \$4,8746.\$5 \(\frac{1}{2} \) bbl. for extra. The demand, however, under the influence of the late unfavorable intelligence from England and the continent, has since entirely fallen off, and at the close there are plenty of sellers, but no buyers to be found at our lowest figures; late in the day a sale of 700 bbls. was reported at \$4,25 \(\frac{1}{2} \) bbl. Corn Meal is without much demand and lower; some 12@15bbls having been sold at \$2,81 \) for Penn'a. Meal. Rye Flour has also declined, and 1000 bbls. sold at \$3,-37\(\frac{1}{2} \), including extra at \$3,56 \(\frac{1}{2} \) bbls. The inspections for the week ending the 8th inst., are 18,981 bbls. Flour, 713 half bbls. do, 688 bbls. Rye Flour, 4585 bbls. Corn Meal, 16 half bbls. and 20 hhds. do.

GRAIN.—With moderate receipts of most FLOUR AND MEAL.—The market opened

GRAIN.—With moderate receipts of most kinds, closes dull and drooping. Some 18,000 or 20,000 bushels Wheat, mostly white, have been taken at 95,098 cts. for common and good reds, and 101,0103 cts. for white, as in qualireds, and 101(2)103 ets. For winte, as in quanty, closing at 102 ets. Ry6 is nearly steady, with sales of 3000 or 4000 bushels Penn'n., in small lots, at 70(671 ets. Corn has been in good demand, and the receipts, some 30,000 or 35,000 bushels Southern and Penn'a. yellow, soil at 642(6.05 ets., mostly at the former rate at which rate the market closes. Outs are steady, with sales of 9000 or 10,000 bushels beauty at 25 ets attent and 46 ets in store. renn'a., at 25 cts, affoat, and 46 cts, in store. -WHISKEY-Is scarce and closes rather firmer, with free sales of bbls. at 231c., and hlids, at 221c.

MM PORTER,

Patent Graduating Twyere THE undersigned, after considerable expense and experiment, has succeeded in producing a TWYERE for Blacksmith's Forges, which, wherever it has been tried, has proved itself superior to anything of the kind ever before invented. It has advantages which no other Tweet pressess.

Carlisle, April 28th, 1851.—This is to certify that I have in my-fire one of Porter's Twyeres, and for the short time that I have tried it I can say that I can do more work by one-third than I could do with the old Twyere. Of all the different Twyeres that I have ever tried, I can say that Porter's is the best, on account of the facilities of the valves.

WM. WORT.

Carlisle, April 29th, 1851—This is to certify that I have tried the I wyere of Robret D Porter, and I find that it is a most excellent article, for I have tried several Twyeres, but this is a superior to any that I have ever seen used, for it heats quicker and more regular, and with it I can do one-third more work in the sametime. I,4 therefore, recommend its use to all who stand in need of such an article.

JNO. N. GLANDING; Conchsmith.

all the advantages claimed for it over other Twyeres. I would not take twenty dollars and do without it.

Persons wishing to examine the above twyere can do so by calling on the undersigned at Wm M Porter's, Carlisle. Rights for counties or States are offered for sale. Early attention is requested. [7my] ROB'T D PORTER.

The Proprietors have investigated this subject for years, during a long residence in the country, and do now challenge the world to produce anything equal to their CATTLE POWDER. They want the public to bear in mind that their powder is their s alone, boasting not of a German, ner any other foreign origin. They wish its Quality (not its name) to be the source of its value. It has already a character (although of but about Fivo years standing) which enables it to stand upon its own merits.
