Arrangements are now being made for enclosing the grounds, and providing separate and safe places for all animals and articles which shall be presented for exhibition.

While we address this communication to the people of our State, it will not be understood that it is designed to exclude the citizens of other States, much less to excite the honorable competition which their contributions may afford.

Several of the Congressional districts of Massachusetts have been vacant, owing to the inability of any party to elect under the law which made a majority of the whole number of votes indispensable to the success of a candidate.

LOCOFOCO MOVEMENT.

As the time for the meeting of the Locofoco State Conventions at Reading and Harrisburg approaches, the long concealed differences which exist in their ranks find vent in the angry and vindictive bickerings.

The Philadelphia Statesman, of May 29th, the Cass and Cameron paper, contains an address to the democracy of Pennsylvania by a committee of democrats, appointed by those who succeeded from the regular county convention.

Tumor said some days ago, that a protest against the nomination of Judge Campbell had been circulated in Philadelphia, and that it was signed by several thousand democrats.

In the Statesman of the 31st of May, the protest appears, ushered into public notice by such men as H. L. Benner, Col. James Page, Benjamin H. Brewster, William Y. Pettit, Anson V. Parsons, Francis Wharton, A. D. Cummings, W. H. Rawls and W. S. Halliwell.

This protest, signed by thousands will be presented to the Harrisburg Judicial Convention, to decide upon the qualifications of a Judge of the Supreme Court. It denounces Judge Campbell "as an entire unfit for the station with which his name is connected."

The Pennsylvania Irish are furious at this protest. It charges the signers with an attempt to turn the Democratic party into a Native American party. It denounces Messrs. Benner, Pettit, A. B. Cummings, Col. Page, and Simon Cameron.

The reading Convention meets on Wednesday, the 4th inst. If the anti-Buchanan and anti-Campbell delegates be rejected, it may be regarded as pretty certain that Campbell will receive a nomination in the Judicial Convention.

The Whig and the Act of 1847. The Volunteer and other locofoeco presses loudly censure Gov. Johnston for not signing the bill to repeal a part of the act of 1847 to prevent kidnapping.

AN HONORABLE OPPOSITION.—The Sunbury American, a strong Democratic paper published in Northumberland county, contains the following remarks about Gov. Johnston.

VISIBLE ROTATION OF THE EARTH.—Prof. Kirkwood informs the Potomac Bephotism that the interesting experiment by which the rotation of the earth is rendered visible, was very successfully exhibited on Monday afternoon at Schuylkill Haven, in the Engine House of the Reading Railroad Company.

ADVERTISING.—The door to wealth, respectability, influence and honor, is thrown wide open to all. He who neglects advertising his business in the newspapers, not only robs himself of his fair advantages, but bestows the spoils on his rivals.

EXTREMELY PROVOKING.—No Philadelphia papers, neither North American, Ledger, News or Sun, reached this borough yesterday, either by mail or in our packages.

THE COLLECTOR OF THE PHILADELPHIA PORT, is the bosom friend of Wm. F. Johnston, so much so that the abolition Governor of our State refused to receive the collector of the port, John Willmore removed Mr. Lewis. Democrat.

THE VOLUNTEER has published the slander that Governor Johnston, pardoned a colored man named Michael Williams, in Philadelphia, moving him to be a fugitive slave, and with a view to promote his escape.

THE NEWSPAPERS in different sections of the Union still continue to chronicle instances of the adoption of the new Turkish costume of the place.

THE HARRISBURG JUDICIAL CONVENTION, will be held on Wednesday afternoon at the Capital. They will "face the music."

NEED OF PROTECTION.

In a letter from HENRY CLAY, dated Ashland, April 28, 1851, in which he acknowledges a present from an "edge-tool manufactory of some of their articles, consisting of axes and hatchets, he thus discusses the difference between the United States and England with reference to the protection of our Home Industry.

Such fortunately is the case with many of our branches, and if the Tariff could be taken up in a calm, moderate, national spirit, I have no doubt that a just measure of protection might be accorded to the few objects of native industry now requiring it, without prejudice to any interest.

England by her great advancement in the arts and civilization and from the fact of our country being the seat of the most extensive of our commercial intercourse with her, exercises a large, perhaps too large an influence upon our councils by her example.

It is stated that the Bar unanimously, and the public generally, are impressed with a belief of his incompetency. It charges Campbell with a "flag and notorious indifference to the honorable discharge of the trust with which he is now clothed."

THE LAST SLANDER.

The Volunteer has published the slander that Governor Johnston, pardoned a colored man named Michael Williams, in Philadelphia, moving him to be a fugitive slave, and with a view to promote his escape.

The Pennsylvania's retraction did not prevent the case fully. The facts, as stated by the North American, are these: Michael Williams, a colored man, was arrested at a collier's mine.

SCIENCE'S PALMISTE SYRUP.

Our brethren of the country press are excited against the humbugbery of quack medicine. This is perfectly consistent with justice to the public; we know the corps delictual, while expiating villainy, are always ready to herald a medicine that is of intrinsic value to the public in general.

A painful affair occurred in the Northern Liberties yesterday. A young man employed by a respectable Drug Store in that district, gave some deadly drug in the place of a harmless worm medicine prescribed by a physician.
