Among the numerous discoveries Science has nade in this generation to facilitate the business of life-increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to manking, than this contribuion of Chemistry to the Healing Art. A vast trial 10 00 of its virtues throughout this broad country, has 30 00 proven beyond a doubt, that no medicine or comnation of medicines yet known, can so surely, control and cure the numerous varieties of pulmo nary disease which have hitherto awept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its ise, but we would present the following opinions of eminent mon, and refer further enquiry to the circular which the Agents below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of these facts.

Either tex are invited to this private room, 38 North SEVENTH Street, Philadelphin, without fear of interruption by other patients. Strangers and others who have been unforturate in the selection of a physician are invited to call.—Those who have injured themselves by solitary vice are also invited.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases, their lives in the hands of physicians, ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to. Every respectable physician has his peculiar branch in which he is more successful than his brother professers, and to that he devotes most of his time and study.
