INDEPENDENT JUDICIAL TICKET

Rear The following ticket will be supported by Whigs and Democrats, without distinction of party, who are favorable to the election of an ludependent Judiciary: · For President Judae FREDERICK WATTS, of Cumberland.

For Associate Judges. JOHN RUPP, of Hampden township, SAMCEL WOODBURN, of Dickinson

We gave our views last week in relation t an Independent Judiciary, and freely express ed the opinion that the proposition of our opmoments to unite with the Whigs in the election of such a ticket, ought to be met in the same spirit and cordially acquiesced in. With such a ticket to rally upon, large numbers of our political opponents who admire Judge WATTS os a judicial officer, and who can see no goodreason why there should be any change in the President Judgeship, feel themselves free to come boldly forward and cast their votes, for .him-at-the-ballot-box. At the same time we secure by the election of such a ticket a representation of both parties on the bench. The Ju

aliciary is a thing not to be triffed with. The election of Judges concerns the life, liberty, diappiness and prosperity of every man in the community. Surely then, to the Whig party, which is pre-eminently the conservative party of the country, we need ase no arguments to prove the propriety of keeping the Judiciary undisturbed by the discords of party, if it is in our power. Such an opportunity is now of fergi and we cannot doubt the disposition of "the Whiga to accept it.

As we remarked last week, the ticket composed of Judge WATTS, for President Judge, and JOHN RUPP and Col. S. WOODBURN, for Associate Judges, scens to meet with the highGOV. est favor among the people of the county.-Since then additional information from every section of the county assures us that with a very few exceptions it will receive the full support of the B'hig party: ' We have seen Whigs from nearly every township, in the last week, who are well acquainted with the popular feeling, and who inform us that the Whigs are ready to support the Independent Judicial

dicket to a man.

Feeling at liberty to do so under the resoluation passed by the Whig county convention, other Whigs than John Rupp have offered

themselves as volunteer c indidates for Assoclate Judge. - We do not dispute their right to

do this, and have accordingly inserted their

.cards in our advertising columns. But it mus 'be plain to every Whig that if we wish to se-

cure the election of Judge WATTS, a union with

our political opponents is the only means by

+ which we ban succeed. On this ground, there-

fore, the Independent ticket is formed with Col. .S. WOODBURN as the candidate for Associate

offered by our opponents, and Jonn Rurp as

the other candidate, presented by the Whigs .-Now if the Whig vote is allowed to be divided and scattered among several candidates, it mus result in defeat. In union only is there strength. The Whig vote must be concentrated upon some particular candidate, if we wish to succeed, and public opinion has distated the preference

for Joux RETY. The democratic candidate .Col. Woodburn, is the representative of the upper end of the county, and the lower end, therefore, has the strongest claim to the Whig candidate. Mr. Rupp's connexion with the large German population of the county, is also an additional mason why he is preferred. We want to do no injustice to any Whig, but we submit it to the good sense of every man if sthis is not the only policy which can ensure success. We use noterms of dictation. It is to the good sense of the Whigs of Cumberland county we appeal, and that alone. If they agree with us, and from what we have heard we are confident we speak the mind of every

friend of Judge Watts, let them rally to the support of the independent ticket, -- WATTS, beyond peradventure.

WM. S. COREAN.

The Adams Scatted pays a high and deserved compliment to the many excellent persoand qualities of War. S. Cobenn, Esq. our Whig candidate for County Treasurer. The Sontinel says if he is as popular in Cumberland as he was in Adams county there can be no doubt of his election. We are glad to be able to assure you, friend Harper, that no intelligent man here doubts Mr. Cohean's triumphant c--lection. The signs of the times cannot be mistaken. A man who hears so irreproacha ble a churácter an Win. S. Cobean is populur wherever he may live.
