## COME AND HEAR HIM:

We are gratified to hear that our friends in the townships are making due preparations to attend the meeting on Saturday, and intend giving Gov. Jounston such a reception as shall be worthy of their gallant leader! Than Gov. Johnston the Whige never had a nobler leader. He is no parlor politician, but emphatically a leader, over to be found in "the front of the battle!" The Whigs of Pennsylvania are proud of him, and well they may be, for he is a man of the people. Come, then, and hear him! Let men of all parties come, for Gov. Johnston has no concealments. Come from the mountain, and let the flourishing valley also pour forth its thrifty farmers, for whom Gov. Johnston's management of State affairs is doing so much. #### NOW FOR VOTING.

The Grand Rally at the Polis on Next Tuesday,

THE TIME FOR VOTING has arrived! Our last appeal then to our friends is to GO TO WORK, ONE AND ALL!
But in order to work effectually so as to insure success, several things are indispensible.

First you must HAVE A POLL LIST! It is one half the battle to know the exact strength of the friends of Johnston in each election district. Every man's name should be down on the list, and the Committees be con-

After 12 o'clock there should be a dozen young Whigs at every Poll ready to go after neighbors who have not yet come in, and hurry them along. It is of great importance to GO TO THE POLLS EARLY !

Whenever we have a great deal of work to do. and but little time to do it in, we begin early citement. The first contest was between and work with vigor. The job to be begun Shunk and Markle in 1844. PENNSYLVANIA A WHIG STATE!

Work, Whigs, work! For such a candidate as our noble JOHNSTON every man ought to be proud to work, and in his election the Farmer and Tax-Payer may rejoice that the long dark reign of STATE DEBT and GRINDING TAXES will be brought to an end. Rally,

#### "Tes is net der Wert."

This is too often the reply of our good old German Farmers when they are asked to come out and vote. If they reflect upon it, however, they will not say so next Tuesday when they are asked to come out and vote for Gov.

" Es is der wert," for Gov. Johnston carried the day in 1848, and can be re-elected if his friends come out manfully. " Es is der wert," for Gov. Johnston has al-

debt, which is what our farmers are most anx ious to get rid of. "Es is der wert;" if they wish to see their

farms and their industry relieved from grinding TAXATION! "Es is der wert," for every one of them to

record their votes against the present locofoco tariff, if they want more than seventy cents perbushel for their Wheat. "Es is der wert," if they want to see the villainous plundering on the Public Works efsectually checked, by the election of the Old Lancaster County Farmer, Honest John

In view of these facts let no man say that it is not worth while to vote.

## MODE OF VOTING.

Election officers and voters must remembe that the law requires every voter this year to vote THREE SEPARATE tickets, if he desires to vote for all the offices to be filled:

1st .-- For Judges of the Supreme Court. 2d.-- For President Judge. 8d.-- For Governor, Canal Commissioner and County officers, including Associate Judges. Election officers must therefore have three separate boxes or apartments in which to deposite tickets.

#### FACTS FOR NEXT TUESDAY!

WHAT THE WHIG STRENGTH IS IF FUL-LY BROUGHT OUT !-HOW JOHNSTON WAS ELECTED IN 1848!—CHEERING

FACTS FOR WORKING WHIGS! The Whigs of Pennsylvania CAN SUCCEED IF THEY WILL! The "facts and figures" This is the last opportunity we shall abundantly prove this. Within the last ten have of addressing our readers before the eyears whenever we have been defeated it has lection. The time for argument is at an end. been through the apathy of our party. So clearly is this the case, that it has grown into a proyerb-"A FULL VOTE IS A WHIG VICTO-RY !" The Whigs made a grand rally in 1810. They got out their full vote and elected the lanented HARRISON! In 1844 they lost the State by unfortunately attending almost entirely to the Presidential election and neglectng the Governor's election, which came first. In 1848, under our gallant Whig leader, Gov. Johnston, they carried the State by a small but sufficient majority; which led, the way tostantly at work stirring up the indifferent and the brilliant Buena Vista Victory of Gon. Tay-Lon, by a majority of thousands! And what we have done before we can do ngain-WE CAN RE-ELECT GOV. JOHNSTON IF OUR FRIENDS WILL TURN OUT IN THEIR FULL FORCE ON TUESDAY NEXT! Let this great fact be impressed upon the heart of every true Whig and et him remember that to achieve Victory he has two duties to perform. The first is to vote himself and the next is to induce his neighbors to come out and votes. When this is faithfully done the Whigs are always victorious!

The "facts and figures" abundantly prothis, and are enough to incite every Whig exertion. Let us look back a moment at past elections. We shall take the elections of 1844, 1817 and 1848. In the first and last of these years we had the excitement of a Presidential election, while in 1847 there was but little extioned one onuse of this defeat. In 1847, three years later, the contest for Governor was between Shank and Irvin, with the following re-COMMITTEES AT THE POLLS, a falling off in the popular rote as compared to distribute tickets to our friends and watch with 1644 of 14,845 locofocos, and 28,364 the doings of our opponents. All the Whigs with 1644 of 14,845 locofocos, and 28,364 Whig votes, being almost two to one! The next sake fair play, and our opponents must be Shunk, an election for Governor was again held, and a Presidential election a month later. Notwithstanding Gen. Irvin's tremendous defeat, our noble leader, Gov. Jounston was not deterred from taking the field as the Whig candidate. He showed himself at once a worthy standard-bearer of our glorious cause, by presenting himself before the people within an

hour after his nomination. He boldly defined his position and announced his intention of speaking to the people in person in every couny in the State. He declared as his opinion that the Whigs were in a clear majority in the State, if their energies could be roused to a manly effort for success. Gov. Johnston then left Harrisburg on his triumphant errand. He visited almost every county-his voice was heard in clarion tones of stirring eloquence in every section, and the response from the popular heart was not to be mistaken. By his cfforts mainly the full Whig, vote was brought out. Jounston increased the Whig vote from 128,138, in 1847, to 168,523, in 1848—being a lear increase of 40,385,—and carried the State by a majority of 302! The locofoco vote was

also increased 22,107, and Longstreth, their

candidate, had over 8,000 votes more than was

ever before received by a Locofoco candidater but still Johnston beat him !! But even in this increase of 40,000 over their vote of 1847 the Whigs did not slow all they were capable of doing. At the Presidential election, a month later, the result was still more astonishing. Gen. Taylor received 186,ly paid over half a million of our State 644 votes, while Geo. Cass received 172,186, Johnston's vote, of 17,121, while the Locofoco vote was increased 8,965. Here were 17,000 Whigs, or friends of the Whig cause, who cither had not energy or spirit enough to come out at the Governor's election a month before, and who probably would not have come out at the Presidential election had not Gov. Johnston's triumphant victory shown them clearly that the Whigs had the strength to achieve victory if they would but boldly make the effort! Bear these facts in mind next Tuesday Whigs, and work with your might to secure to Gov. Joungton the one hundred and eightyfive thousand Whig votes which were cast for

All accounts inform us the that Whigs of the County are united on the Independent Judicial Ticket. In the Carlisle District the Whigs are united upon it to a man. Such being the case, it be booves each and every whig carefully to examne his ticket before he votes it.

## What We can Do.

In 1848 Cumberland county gave Longstreth majority of eighty votes for Governor. One month later, at the Presidential election, Cumberland county gave Gen. ZACHARY TAYLOR D majority of SIXTY FOUR! This shows us that we can do if we try, Whige! We hear of many changes in favor of Johnston. With these and the full Whig vote we can give John ston a majority next Tuesday of over a hundred! Work! #### STAND BY YOUR CANDIDATES.

Our excellent County Ticket has not been assailed by our opponents, and therefore we have not have had to defend it or make it the subject of any special culogy. We have but little more to say of it now than to ask every Whig to stand faithfully by it on next Tuesday DON'T SCRATCH A SINGLE NAME! We never had a ticket which we could more cordially support. Our candidates for Assembly Messrs. Henderson and Carncarr are both men of-talents, business knowledge and energetic character-qualities which especially fit them for useful Representatives. There will he no danger of increased State Debt and Taxes if they are elected. Our candidates for county offices, Messrs, Zinn, Mossen and Sponsten are men to whom the duties of those offices can be most safely entrusted. Their integrity is unquestioned, and they are all men of courteous and obliging dispositions. Our candidate man for the place to which he is nominated .-As Cashier of the old Carlisle Bank, and for some time of the present Bank, he acquired a high character, and is deservedly esteemed by all who know him. Messrs. Cressler, Line and SNYDER, our candidates for Commissioner, Director and Auditor, are all men of the highest character and qualified by experience and

business habits for those places. The information we hear from all parts of the county warrants us in believing that our whole ticket will be elected. Let our friends come out in their full force and stand shoulder to shoulder in support of the Ticket, and the success of every candidate will be complete! A gain we repeat Don't schatch a single name They are all worthy! Vote for them all!
