### OUR JUDICIAL DISTRICT.

The extraordinary gain made by Judge WATTS in Cumberland county was not sustain ed in Perry and Juniata counties, and JAMES H. GRAHAM, Esq. is consequently elected President Judge of this Judicial district. If no other appeal can move her, the appeal of par ty is something which little Perry can not get over, and she has enough of that poor kind of "glory" in the present campaign certainly.-In the defeat of Judge Watts the Judiciary loses one of its brightest ornaments. We can only hope for his successor an administration of Justice as successful and satisfactory. The official vote of the several counties is give

# FROM CALIFORNIA.

The arrival of another steamer brings ad ditional intelligence from California. The gubernatorial election there is close, but the chances are in favor of the success of Major Reading the Whig candidate. We are indebt al to our old friend Goo. Fleming, Esq., for papers. We observe inquiries in the Califor nia papers of the whereabouts of Joseph M Kneedler, formerly of Carlisle.

nea Geo. M. Dallas has written a letter to Texas in which he states that the Compromise Measures have failed to perform what was de signed they should and that the subject of slavery should be settled, in his opinion, by some amendment of the Constitution. Is Dallas in the field?

### THE RESULT IN THIS COUNTY.

We give to day the official returns of the E-Rection for Comberland county. The majority for Wm. Bigler over Gov. Johnston it will be seen is 186. The majority against Goy. Johnted for the most part to the successful exertions of our opponents in getting out their number of Whig votes left at home. The vote of 1848 and 1851 is as follows:

1848 1851 stoh 2989 Johnston 2955 gstreth 3069 Bigler 8141 Johnston Longstreth The Whig vote of 1851 it will be seen is 8 less, while the locofoco vote is increased 72 .-A part of Gov. Johnston's loss was sustained in Carlisle, where Johnston had a majority of 8 in 1848 and Bigler has now a majority of 27. This result however was expected by the friends of Gov. Johnston here and agrees with their calculations made before the election. It arises from no change of opinion against Gov. Johnston (except in three or four individual cases) but in the loss of Whig votes by removal from the town, absence on the day of election, &c. The only other district in hearty cheers!" So have the indomitaas a rock against a mountain wave of locofocoism. We sent quite a pile of campaign papers into that township and are glad to see an increase of nearly that many votes for Johnston. We regret this result, but we suspect Mr. Bonham will not be so ready again to vote for State Debt and new improvements. With these results to encourage them the Whigs of old Mother Cumberland will "FIGHT ON! FIGHT

#### EVER!" in the good Whig cause! POCKET AND PRINCIPLE

The Philadelphia Sun says, one cause of Gov. Johnston's defeat is to be found in the fact that Pocket is stronger than Principle !-The merchants of Philadelphia thought, or the South as a verdict against their peculiar interests. They slandered the South by supposing that the majority of slave holders were so ignorant as not to distinguish between their and Dixon's Line? Massachusetts, Connecticut and Ohio, Democrats form alliances with Free Soilers; Senators Chase and Hale, the great guns of Abolition, are professed Democrats, while Clay and Webster are for the Union and the ompromise. But the merchants of Philadelphia were frightened at shadows! They feared to lose their Southern custom, and therefore voted against all their former principles. We shall see what they will gain by it. We Standard, has already remarked upon the rethe election of Bigler." It has not !- nor has it lost. Both Johnston and Bigler are patriots, and with either our nationality is secure; but Democracy knows how to work its game more cunningly than its opponents.

# FRAUD NUMBER TWO.

The North American says, "considering the unjust clamor which was raised against Gov. Johnston, the secret and suicidal hostility which he had to encounter from professing Whigs, and the almost unprecedented activity and combinations of the Locofocos, the result in this State, although largely contrary to our expectations and information is by no means surprising, The great issues of policy con nected with the administration of our local affairs were entirely avoided by our opponents, that they might raise a cry calculated to excite alarm in regard to the Union, and to misrepresent the opinions and position of Gov Johnston. Thousands of honest men were deceived by this artifice, and they will awaker to the full reality of the fraud which was per petrated upon them, when they witness the

#### results that must inevitably follow. RUNNING FREE.

Mr. Kennedy of Mifflin has come as near running "free" of votes as he well could. He has 244 votes all told, 117 of which he received in the Newville district. We hear it rumored that most of these were cast by Anti-Wood burn Locos, who, in return for the small favor received "a lift" to about that amount for their Old Hunker ticket.

CAMPBELL DEFEATED. The returns as far as received give 115.889 votes for James Campbell for Supreme Judge, and 128,053 for Judge Coulter, his highest competitor. Campbell is accordingly defeated. This is practical nativeism on the part of the Locos. The remainder of the locofoco Judicial ticket is successful.

### GOV. JOHNSTON'S DEFEAT.

The Harrisburg American and Philadelphia North American unite in charging the defeat of Gov. Johnston to the underhand and treach rous influence which Senator Cooper brought ston in 1848 was 80 -there has consequently to bear upon his friends in certain places, while been a gain for the Locofogo candidate in this the former paper boldly charges the Hon. Danelection of 106 votes. This is to be attributiel Webster with having contributed in no small degree to Gov. Johnston's injury, by the influence he brought to bear through the New vote, while as usual there were a considerable York Union Safety Committee—a committee of extra pure patriots who seem to have assumed for the last year or two that the Union of the States was in their special keeping and cannot be preserved without their nursing care! In Schuylkill county, where Mr. Cooper resides, the vote shows a total revolution of opinion, as Bigler has a majority of 674 where Gov. Johnston had in 1848°a majority of 726! That this is the result of some special influence against Gov. Johnston, must bei clear to the most indifferent observer. And what that special influence was seems to be very clearly indicated in the following extract from a letter dated Pottsville, October 10th, published in the Philadelphia Ledger of Wednesday the 15th, which says that, "at a Democratic meeting held on Thursday last, MR. COOPER received three understood. No one will pretend to say that

#### OHIO ELECTION.

Reuben Wood, (Locofoco,) has been elected Governor of Ohio by a majority approaching 20,000. Mr. Wood is an anti-slavery, anticompromise, anti-fugitive slave law Locofoco Here the Locofocos are rejoicing over Bigler election as a pro-slavery triumph, and there they are rejoicing over Wood's election which is an anti-slavery triumph. Honest Locofo feared, that his election would be construed by cos! How much honesty have Locofoco lead ers?

The next Legislature of Ohio will stand as follows:-Senate, 24 Democrats, 8 Whigs, and true friends and those who protend friendship which will most probably elect a Democrat two districts yet to be heard from, one of only to accomplish political results. What does and the other a Free Soiler. The House as the Northern Domocracy caye for the rights of far as ascertained, stands 59 Democrats, 24 slaveholders, more than others north of Mason Whigs, and 2 Free Soilers, with 11 districts yet to be heard from. .

> Georgia Election. A Telegraphic despatch dated Charlestown Oct. 15, says-The net majority for Howell Cobb, for Governor, in ninety-three counties in Georgia, is 17,696. The counties of Irwin and Telfair remain to be heard from.

South Carolina. An election for members of the Southern apprehend nothing. The Raleigh (N. C.) Congress, to discuss the question of Secession came off in the nation of South Carolina in sult in our State, "Wo do not see that the the beginning of the week. It seems from cause of the Union has gained anything in returns that fully two-thirds of the people have voted against secession. The Union will probably be spared to us a while longer.

The bill is surmounted with a mitre, and has below it the cross leys. Can political degredation sink lower?

Cal houn, in his last hours, made known to sever al. of his confidential friends his despair of preserving the Federal Government, as wel as his conviction that resistance to the ther pending measures of the North, if they should be carried out, would be the duty of the South and of each single State of the South, even if no more than one could be found willing to

Roemer, a miller near Chambersburg, Pa., 2959 3144 failed. His liabilities were estimated at thirty thousand dollars. He was subsequently arrested at the instigation of his creditors. On Wednesday night, Lewis Denig, Esq., of Chambersburg, one of his principal endor sers, and fellow loser, committed suicide on the receipt of the news. The Chambersburg Repository says that scarcely had the corpse o the unfortunate man been escorted to his, residence, ere a new excitement was created by on the threat and lungs, we should keep in the appearance of Roemer in the custody of mind that Ayer's Chefry Pectoral is the proper the Sheriff. He had been arrested and bro't to town, at the instigation of certain of his 535 creditors, to answer to the charge of having raudulently involved them. He was taken into a hotel nearly opposite the residence of Denig. The crowd immediately changed to 700 285 the opposite side of the street and surrounded the hotel. The feeling of grief and sorrow before manifested in every countenance, now gave way to sentimen's of indignation. The theriff, however, was permitted to discharge his duty without interruption, and Roemer was taken from the hotel to the office of Jus tice Armstrong, where his examination commenced. After several hours thus engaged he was committed to prison, to await a further hearing on the following day. No one appeared to go his bail. The man who but a few days ago might have commanded hundreds to his rescue-who but a few days before enjoyed the confidence of the community to an extent altogether unlimited-was now without a friend. 1438 648

On the following day he was again brought efore the Justice-but in the meantime the celing of indignation and resentment against him had softened down into one of commis seration, or at least of forgiveness, and his creditors withdrew the prosecution they had commenced. The unfortunate, deeply harrassed and sorrowing man, was permitted to go his way in peace.

ESTRE World's FAIR.—Last Saturday was intended to be the last, and we suppose it was the last day, of the great Industrial Exhibition at London. The result has been a very profitable one to the English people. It is gratifying, however, to know that, small, comparatively, as was the number of articles exhibited by the United States, more and higher premiums were awarded them, in pro portion, than fell to the lot of the exhibitor of any other country.
